Hello, Can you please provide clarity on the following questions? Can you please provide details regarding the information you are looking for in regards to Tab 8 - Supplementary Catalogs and Consumer Information (Appendix J)? Attachment A Equalis Exhibit 1 says to submit only the first page. However, section 3 of Exhibit A states "Supplier must supply the following information in order for the Lead Agency to determine Supplier's qualifications to extend the resulting Lead Agency Agreement to Participating Public Agencies through Equalis Group." Are we expected to provide a response for this Supplier Qualifications section? Thank you

1. Tab 8 - Supplementary Catalogs and Consumer Information is for vendors to put any additional catalogs, information, or additional marketing materials they may wish to provide. No information is required in this tab. 2. This information is requested in Appendix F: Company Profile, therefore there is no need to answer any questions in the Equalis Agreement.
