# Created by Public Sector Organizations *for Public Sector Organizations*

## Who is Equalis Group/Sourcing Alliance?

The basic premise of any cooperative purchasing organization is to leverage its members' combined buying power to command better pricing and favorable contract terms from suppliers, and that is true of Equalis/Sourcing Alliance. We develop and administer a diverse portfolio of cooperative purchasing programs that cover a wide range of products and services and provide our members with a legal and compliant exemption to the bid/request for proposals (RFP) process.

Each program in our rapidly growing portfolio provides our members with contracting compliance and the ability to configure the solution that best meets your individual needs while achieving the lowest Total Cost of Ownership.

## Leverage Our Public Procurement Expertise

A typical bid/RFP process can easily cost you \$15,000, drain your resources, and consume months of your time. Equalis Group awards contracts to suppliers through a compliant public sector procurement process so that you don't have to invest the time and money conducting your own bid/RFP.
