#### Phase 2 Review - Scoring of Technical Proposal

The Proposal Review Team will only score the Technical Proposals of Bidders who meet the Initial Qualifying Criteria. For each of the evaluation criteria listed below, the PRT will determine whether the Technical Proposal exceeds, meets, partially meets, or does not meet the requirements defined in **Attachment A - Technical Proposal Requirements & Specifications** and assign the appropriate score as follows:

A Technical Proposal's total Phase II points will be calculated as the sum of the score for each evaluation criteria times the weighting for that criteria. Sourcing Alliance has established a total of 200 available points. Technical Proposals which do not meet or exceed a total point value of at least 100 points out of a maximum of 200 points will be disqualified from further consideration, and that Bidder's Cost Proposal will not be considered by Sourcing Alliance. Only those Bidders whose Technical Proposals receive a score that meets or exceeds the minimum required 100 Technical Proposal points will advance to Phase III of the evaluation process.
