Education Service Center, Region 10 ("Region 10 ESC") is seeking proposals for the procurement of Furniture and Storage, related products and services. Responses will be accepted until 07/09/2020 at 2:00 PM. All times are Central Standard Time.

In general, Coop members will reference this RFP when purchasing from the vendor. Region 10 ESC will not charge a fee to public agencies for participation in the purchasing coop.

Faxed responses will not be considered. By submitting a response, responder certifies to the best of his/her knowledge that all information is true and correct. All proposals must be submitted electronically as directed in the Bonfire procurement application. Scanned submissions are acceptable where PDF files are requested.

Responses should be submitted on the forms provided. Only responses received by the date and time specified will be considered. PRICE, QUALITY, AND SUITABILITY: It is not the policy of Region 10 ESC to purchase services solely based on low price alone; quality and suitability to purpose are taken into consideration. Term discount, if any, must be indicated on Deviation Statement & Signature Page and will be considered.

The public bid opening will be held via Zoom meeting. Interested parties who wish to attend the bid opening should email Clint Pechacek at clint.pechacek@region10.org by 12:00 pm on July 9, 2020 to receive an invitation.

The Region 10 ESC Board of Directors anticipates awarding this category to more than one vendor. The Board of Directors also reserves the right to reject all proposals if it determines in its sole discretion that a reasonable basis exists for doing so.

LEAD AGENCY AGREEMENT

The purpose of Region 10 ESC soliciting this Request for Proposal is to create a Lead Agency Agreement for **Furniture and Storage, related products and services** for use by public agencies supported under this contract. Region 10 ESC, as the Lead Agency, as defined in Attachment A, has come together with the Equalis Group to make the resultant contract (also known as the "Lead Agency Agreement") from this Request for Proposal available to other public agencies not only locally, but also nationally, including county, city, state, special district, local government, school district, private K-12 school, higher education institution, other government agency or non-profit organization ("Public Agencies"), for the public benefit through the Equalis Group's cooperative purchasing program. Region 10 ESC will serve as the contracting agency for any other Public Agency that elects to access the resulting Lead Agency Agreement.

Access to the Lead Agency Agreement by any Public Agency must be preceded by its registration with Equalis Group as a Participating Public Agency in Equalis Group's cooperative purchasing program. Attachment A contains additional information on Equalis Group and the cooperative purchasing program. Equalis Group provides marketing and administrative support for the awarded vendor ("Supplier") that promotes the successful vendors' products and services to the Participating Public Agencies nationwide.

Participating Public Agencies benefit from pricing based on aggregate spending and the convenience of a contract that has already been advertised and competitively awarded. The Supplier benefits from a contract that allows Participating Public Agencies to directly purchase goods and services without the Supplier's need to respond to multiple competitive solicitations. As such, the Supplier must be able to accommodate a nationwide demand for services and to fulfill obligations as a nationwide Supplier and respond to the Equalis Group documents (Attachment A).

OPEN RECORDS POLICY ACKNOWLEDGMENT AND ACCEPTANCE

Be advised that all information and documents submitted will be subject to the Public Information Act requirements governed by Chapter 552 of the Texas Government Code.

Because contracts are awarded by a Texas governmental entity, all responses submitted are subject to release as public information after contracts are executed. If a Respondent believes that its response, or parts of its response, may be exempted from disclosure to the public, the Respondent must specify page-by-page and line-by-line the parts of the response, which it believes, are exempted from disclosure. In addition, the Respondent must specify which exception(s) are applicable and provide detailed reasons to substantiate the exception(s). Respondent must provide this information on the "Acknowledgement and Acceptance to Region 10 ESC's Public Information Act Policy" form found on the next page of this solicitation. Any information that is unmarked will be considered public information and released, if requested under the Public Information Act.

The determination of whether information is confidential and not subject to disclosure is the duty of the Office of Attorney General (OAG). Region 10 ESC must provide the OAG with the information requested in order for the OAG to render an opinion. In such circumstances, Respondent will be notified in writing that the material has been requested and delivered to the OAG. Respondent will have an opportunity to make arguments to the OAG in writing regarding the exception(s) to the TPIA that permit the information to be withheld from public disclosure. Respondents are advised that such arguments to the OAG must be specific and well-reasoned--vague and general claims to confidentiality by the Respondent are generally not acceptable to the OAG. Once the OAG opinion is received by Region 10 ESC, Region 10 ESC must comply with the opinions of the OAG. Region 10 ESC assumes no responsibility for asserting legal arguments on behalf of any Respondent. Respondents are advised to consult with their legal counsel concerning disclosure issues resulting from this procurement process and to take precautions to safeguard trade secrets and other proprietary information.

After completion of award, these documents will be available for public inspection.

Signature below certifies complete acceptance of Region 10 ESC's Open Records Policy, except as noted below (additional pages may be attached, if necessary). Check one of the following responses to the Acknowledgment and Acceptance of Region 10 ESC's Open Records Policy below:

☑ We acknowledge Region 10 ESC's Public Information Act policy and declare that no information submitted with this proposal, or any part of our proposal, is exempt from disclosure under the Public Information Act.

(Note: All information believed to be a trade secret or proprietary must be listed below. It is further understood that failure to identify such information, in strict accordance with the instructions below, will result in that information being considered public information and released, if requested under the Public Information Act.)

I. **Response Submission:** All responses must be submitted electronically as directed in the Bonfire procurement application. Scanned submissions are acceptable where PDF files are requested. Responses received outside the Bonfire procurement application will not be accepted.

Sealed responses may be submitted on any or all items, unless stated otherwise. Responses may be rejected for failure to comply with the requirements set forth in this invitation. Region 10 ESC reserves the right to cancel solicitation, reject any or all proposals, to accept any proposal deemed most advantageous to the participants in Region 10 ESC and to waive any informality in the proposal process. Participating agency or entity also reserves the right to cancel solicitation and reject any or all proposals if it is advantageous to the school district.

Deviations from any terms, conditions and/or specifications must be conspicuously noted in writing by the Respondent and shall be included with the response. (See Appendix F, Doc #17).

II. **Proposal Format:** The electronic narrative portion and the materials presented in response to this Request for Proposal should be submitted in the same order as requested. Responses should be consolidated into one PDF

file for the RFP response, one PDF file for the Attachment A (Equalis Group Exhibits) response and one Excel file for the Attachment B (pricing) response.

IV. **Inquiries and/or discrepancies:** Questions regarding this solicitation must be submitted in the Bonfire procurement application. All questions and answers will be posted to **the Bonfire procurement application**. Respondents are responsible for viewing the Bonfire procurement application to review all questions and answers prior to submitting proposals. Please note that oral communications concerning this RFP shall not be binding and shall in no way excuse the responsive Respondent of the obligations set forth in this invitation.

V. **Restricted and Prohibited Communications with Region 10 ESC and Equalis Group:** During the period between the date Region 10 ESC issues this RFP and the selection of the vendor who is awarded a contract by Region 10 ESC, if any, Respondents shall restrict all contact with Region 10 ESC and Equalis Group, and direct all questions regarding this RFP, including questions regarding terms and conditions, only to the Bonfire procurement application in the specified manner. **Do not contact members of the Board of Directors, other employees of Region 10 ESC, any of Region 10 ESC's agents or administrators or Equalis Group employees. Contact with any of these prohibited individuals after issuance of this RFP and before selection is made, may result in disqualification of the Respondent.**

The communications prohibition shall terminate when the contract is recommended by the administration, considered by the Board of Directors at a noticed public meeting, and a contract has been awarded. In the event the Board of Directors refers the recommendation back to staff for reconsideration, the communications prohibition shall be re-imposed. Additionally, during the time period between the award by the Board of Directors and the execution of the contract, Respondents shall not engage in any prohibited communications as described in this section.

Prohibited communications include direct contact, discussion, or promotion of any Respondent's response with any member of Region 10 ESC's Board of Directors or employees except for communications with Region 10 ESC's designated representative as set forth in this RFP and only in the course of inquiries, briefings, interviews, or presentations. This prohibition is intended to create a level playing field for all potential Respondents, to assure that decisions are made in public, and to protect the integrity of the RFP process. Except as provided in the above stated exceptions, the following communications regarding a particular invitation for bids, requests for proposal, requests for qualifications, or other solicitation are prohibited:

CONDITIONS OF SUBMITTING PROPOSALS

VIII. **Amendment of Proposal:** A proposal may be amended up to the time of opening by amending the proposal submitted in the Bonfire procurement application.

IX. **Withdrawal of proposals:** Withdrawal of proposals prior to the opening date will be permitted. Withdrawal of proposal will not be allowed for a period of 120 days following the opening. Pricing will remain firm for 120 days from submittal. However, consideration may be given in cases where Respondent advises that it made a clerical error that is substantially lower than it intended. In such case, Respondent must provide written notice of their desire to withdraw, along with supporting documents, within three (3) business days of receiving the acceptance letter. Any contracts entered into prior to Region 10 ESC receiving notice must be honored.

No Respondent should assume that their withdrawal request has been accepted unless, and until, they receive written acknowledgment and acceptance of their proposal withdrawal.

X. **Clarifications:** Region 10 ESC may, by written request, ask a Respondent for additional information or clarification after review of the proposals received for the sole purpose of eliminating minor irregularities, informalities, or apparent clerical mistakes in the proposal. Clarification does not give Respondent an opportunity to revise or modify its proposal, except to the extent that correction of apparent clerical mistakes results in a revision. Region 10 ESC will not assist Respondent in bringing its proposal up to the level of other proposals through discussions. Region 10 ESC will not indicate to Respondent a cost or price that it must meet to either obtain further consideration nor will it provide any information about other Respondents' proposals or prices.

XI. **Best and Final Offer**: Region 10 ESC, in its sole discretion, may request all Offerors in the competitive range to submit a Best and Final Offer. Offerors must submit their Best and Final Offers in writing. If an Offeror does not respond to the request for a Best and Final Offer, that Offeror's most recent prior offer will be considered to be its Best and Final Offer.

XII. **Specifications:** When a solicitation contains a specification that states no substitutions, no deviation from this requirement will be permitted. Respondent must comply with the true intent of the specifications and drawings and not take advantage of any unintentional error or omission. In cases where no type and kind of product is specified, Region 10 ESC specifications have been developed to indicate minimal standards as to the usage, materials, and contents based on the needs of the members.

References to manufacturer's specifications (Design Guides), when used by Region 10 ESC, are to be considered informative to give the Respondent information as to the general style, type and kind requested. Responses proposing goods, materials or equipment regularly produced by a reputable manufacturer shall be evaluated by Region 10 ESC which will, in its sole discretion, determine whether such proposed goods, materials or equipment are substantially equivalent to the Design Guides, considering quality, workmanship, economy of operation, and suitability for the purpose intended. Respondents should include all documentation required to evaluate whether or not their proposed goods, materials or equipment are substantially equivalent to the Design Guides.

XIII. **Quality of Materials or Services:** Respondent shall state the brand name and number of the materials being provided. If none is indicated, then it is understood that the Respondent is quoting on the exact brand name and number specified or mentioned in the solicitation.

However, unless specifically stated otherwise and in accordance with purchasing laws and regulations, comparable substitutions will be permitted in cases where the material is equal to that specified, considering quality, workmanship, economy of operation and suitability for the purpose intended.

XIV. **Deviations and Exceptions:** Deviations or exceptions stipulated in response may result in disqualification. It is the intent of Region 10 ESC to award a manufacturer's complete line of products, when possible.

XV. **Change Orders:** The awarded vendor shall follow the requirements of all specifications and drawings as closely as construction will permit. Should existing conditions or limitations require a major change or rearrangement, the change shall be allowed only upon issuance by Region 10 ESC of a written change order. Participating agency and awarded vendor shall establish a procedure for identifying and approving changes to the work. Procedure shall include provisions for field change orders. Change orders shall be properly documented in writing.

XVI. **Manufacturer's Representative:** Respondents submitting proposals as a manufacturer's representative shall be able to supplement offer with a letter from the manufacturer certifying that Respondent is an actual dealer for that manufacturer and that the Respondent is authorized to submit a proposal for that product, and which guarantees that if the Respondent should fail to satisfactorily fulfill any obligations established as a result of the award of contract, the manufacturer will either assume the Respondent's obligations or arrange for fulfillment through another competent dealer to complete the balance of the project.

XVII. **Formation of Contract:** A response to this solicitation is an offer to contract with Region 10 ESC based upon the terms, conditions, scope of work, and specifications contained in this request. A solicitation does not become a contract until it is awarded by Region 10 ESC. A contract is formed when Region 10 ESC's board or designee signs the Vendor Contract Signature Form. The prospective vendor must submit a signed Vendor Signature Form with the response, thus eliminating the need for a formal signing process.

XVIII. **Estimated Quantities:** Region 10 ESC anticipates that a substantial number of participating members will enter into contracts resulting from this solicitation; however, Region 10 ESC makes no guarantee or commitment of any kind concerning quantities or usage of contracts resulting from this solicitation. The annual volume for this contract is estimated to be over $150 million annually by year three (3) of the contract. This information is

provided solely as an aid to contract vendors in preparing proposals only, and performance will be determined by other factors such as awarded supplier's competitiveness, and overall performance and support of the contract. The successful Vendor(s) discount and pricing schedule shall apply regardless of the volume of business under the contract.

XIX. **Multiple Awards:** It is the preference of Region 10 ESC to limit the number of awarded suppliers. Due to the broad and diverse nature of this RFP, combined with the large number of potential entities which may utilize this contract throughout the nation, it is anticipated that multiple awards will be needed to provide adequate coverage. Region 10 ESC reserves the right to award contract(s) to multiple vendors. The decision to award multiple contracts, award only one contract, or to make no awards rests solely with Region 10 ESC.

XX. **Non-Exclusive:** Any contract resulting from this solicitation shall be awarded with the understanding and agreement that it is for the sole convenience and benefit of participating members. Region 10 ESC and participating entities reserve the right to obtain like goods and services from other sources.

AWARD PROCESS

XXI. **Award or rejection of proposals:** In accordance with applicable laws, rules, and regulations for public purchasing, award(s) will be made to the responsive and responsible Respondent(s) whose proposal(s) is/are determined to be the lowest cost and most responsible to participating agencies, price and other factors considered. Region 10 ESC reserves the right to use a "Market Basket Survey" method, based on randomly selected criteria to determine the most responsible response. To qualify for evaluation, response must have been submitted on time, and satisfy all mandatory requirements identified in this document. Proposals that are materially non-responsive will be rejected and Region 10 ESC will provide notice of rejection to the Respondent.

The commission does not have any additional authority to enforce or interpret House Bill 1295.

A business entity must use the application to enter the required information on Form 1295 and print a copy of the completed form, which will include a certification of filing that will contain a unique certification number. An authorized agent of the business entity must sign the printed copy of the form and have the form notarized. The completed Form 1295 with the certification of filing must be filed with the governmental body or state agency with which the business entity is entering into the contract.

The governmental entity or state agency must notify the commission, using the commission's filing application, of the receipt of the filed Form 1295 with the certification of filing not later than the 30th day after the date the contract binds all parties to the contract. DOC #15 **C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM**

Public Agency Instructions

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (www.nj.gov/dca/lgs/lfns/lfnmenu.shtml).

1. The disclosure is required for all contracts in excess of $17,500 that are **not awarded** pursuant to a "fair and open" process (N.J.S.A. 19:44A-20.7).
2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.
3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.
4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.
   a) The Division has prepared model disclosure forms for each county. They can be downloaded from the "County PCD Forms" link on the Pay-to-Play web site at www.nj.gov/dca/lgs/p2p. They will be updated from time-to-time as necessary.
   b) A public agency using these forms **should edit them to properly reflect the correct legislative district**(s). As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
   c) Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
   d) The form may be used "as-is", subject to edits as described herein.
   e) The "Contractor Instructions" sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
   f) The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.
5. It is recommended that the contractor also complete a "Stockholder Disclosure Certification." This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract. (See Local Finance Notice 2006-7 for additional information on this obligation) A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. **NOTE: This section is not applicable to Boards of Education.**

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM
Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

2. any State, county, or municipal committee of a political party
3. any legislative leadership committee*
4. any continuing political committee (a.k.a., political action committee)
5. any candidate committee of a candidate for, or holder of, an elective office:
    1. of the public entity awarding the contract
    2. of that county in which that public entity is located
    3. of another public entity within that county
    4. or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county. The disclosure must list reportable contributions to any of the committees that exceed $300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

6. individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
7. all principals, partners, officers, or directors of the business entity or their spouses
8. any subsidiaries directly or indirectly controlled by the business entity
9. IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs). When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure. Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report. The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement. The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act. The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law.

NOTE: This section does not apply to Board of Education contracts.

* N.J.S.A. 19:44A-3(s): "The term "legislative leadership committee" means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures."

Each of the authorized dealers along with the Alumni ESM's will assist the members with any questions, pricing, design information etc. and see an order through from beginning to end. All orders from the dealers are entered into a computer system which allows us to check status, update contact or ship to information if needed. A MSRP with Region 10 discount information will be available to the members to verify pricing.

22.
Office hours 8am-4:30pm EST Customer Success Team are available for questions within these hours. The Educational Solutions Manager (ESM) may be available by cell for emergency requests after hours. 23.
All installations would be coordinated through the authorized dealers who work in the state that the product is being delivered to.

24.
If awarded the contract, Alumni will ask our authorized dealers to submit purchase orders and indicate the contract number on each of those orders so we can track the sales in our system. This will ensure we have accurate information when reporting sales.

Alumni is in the early stages of being awarded national contracts that we could promote to our dealer base and Educational institutions. Alumni's authorized dealers have held contracts and named us as a supplier in the past. If we were awarded this contract, we could promote it to a larger number of authorized dealers who could utilize it as a selling tool nationally.

31.
All service/installations will be arranged by the authorized dealers who will comply with safety requirements for all employees who enter the customers grounds.

VALUE ADD

34.
Alumni Educational Solutions will do the following to market the Region 10 contract:
1. Educate our Sales Team and Customer Experience Team on the contract itself and how we need to approach our dealer base and the consumer. We will do this in two separate meetings. The first would be our external sales meeting and the second would be with our internal customer service team.
2. Plan to hold at least one annual sales meeting to review the contract with questions and updates.
3. Any new salesperson hired will have training on the contract.
4. Update specific pieces of literature and promotions with our dealer base to include the Region 10 name.
5. Get an announcement out to our dealer base from their regional Alumni Educational Solutions Manager informing our dealer base that we can help them with their customer base with purchasing off this contract.
6. Include in our Power Point presentations for dealer sales meetings a specific slide devoted to Region 10. As our dealer base sells off this contract, we will include another slide with some of the success stories in selling off this contract. (continual)
7. We will budget and attend product expos or national trade shows promoting Region 10.
