8. What is your strategy to increase market share in the public sector?

Response: Sales Staff Support: Our national dealer network is an integral part of our service and support system. We are a closed-line of furniture and operate thru authorized dealers only. Unlike open-line brands, we select strong, reliable and financially stable dealers in each market, providing schools with assurance that they will get the service they expect on Artcobell products. Each state has an authorized and trained Artcobell dealer. Each dealer is trained on our products and has established long term relationships with Artcobell. Each dealer is financially sound and able to meet the demands of the contract.

Artcobell regularly holds training sessions with dealers, customers and designers. The sessions focus on the evolving education market, Artcobell strategy, and product positioning. Artcobell is qualified to give accredited CEU presentations to IDCEC and AIA members and will continually add courses to benefit our customers.

Selling Tools: Artcobell's industry leading website (www.artcobell.com) provides extensive information on our products, distribution, history, case studies, philanthropy, and design methodology for progressive learning spaces. Our brochures, catalog and animations further help customers visualize and understand how to design progressive spaces using Artcobell products and continuously add new selling resources. Artcobell supports several 3D rendering platforms, including *KITS Collaborator*, *CET Designer* and *Project Matrix* which help us help customers visualize and design spaces real time. We have added a large inventory of images and provide technical specifications for all our products. The Artcobell web site has a dealer portal site that provides content directly to our dealer partners in a streamlined process in real time. The web portal offers product information, marketing resources, order management, communication center and design resources.

Trade Shows: Artcobell participates in several tradeshows every year, including EDspaces, LearningScapes and the National School Board Association annual conferences. We will continue promoting our products in multiple tradeshows directly or through our dealer partners to increase visibility and awareness of our products.

9. What differentiates your company from competitors specifically in the public sector?

Response: Artcobell offers one of the broadest product portfolios in the industry. Artcobell works with a North American distribution network of independent, authorized dealers, with representation in every state of the United States. Each dealer within our network is fully trained on our product line and can get product to destination when needed. In addition to our dealer network, we have two warehouses with more than 1,000,000 square feet of manufacturing and distribution space.

Artcobell has an experienced shipping/distribution team with dedicated partner carrier relationships to ensure safe and timely delivery of all products. We have approximately 540K square feet of dedicated warehouse and distribution space allowing for flexibility in loading and schedule distribution.

Artcobell generates invoices directly after product is shipped. Once product is scanned and verified as shipped, the bill of lading and packing slip confirm when product was shipped, who it shipped with and what specific products were shipped. The invoices are then generated and sent via email or physical mail depending on customer preference.

After delivery of product, the end user can work with the authorized dealer on any product that was received damaged. The authorized dealer will contact the Artcobell customer service team to evaluate what options are available and to ensure the end user's product is replaced in a timely manner.

Standard lead time for having your order ready to ship is 5 to 6 weeks after receipt of order. In an order requires expediting, the customer service team needs to be contacted. The customer service team will coordinate with manufacturing and advise what options are available to support the customer's needs.

10. Please provide your company's environmental policy and/or sustainability initiative.

Response: Artcobell is committed to our community by being environmentally conscious and striving to ensure the continued availability of natural resources for current and future generations. To carry out this commitment, we are committed to reducing waste, creating sustainability, and reducing the use of natural resources and harm to the environment. This applies to our offices as well as the plant processes. As part of this commitment, we monitor the following:

- Airborne VOC related emissions and reporting the results to the EPA as well as the amount of VOC solvents contained in miscellaneous solvents.
- Gallons of water used at each facility.
- Solid waste that is shipped out of each facility and determining what amount is recyclable and what is hazardous.
- Electricity that is used in the facility and what amount comes from renewable sources, the amount of natural gas or propane, the amount of fuel oil and the amount of diesel fuel used at each facility.
- Top commodities used in product (by weight) purchased.
- Raw commodities included in the solid waste stream; produced from recycled/renewable sources and raw commodities that get recycled at the end of their life-cycle.

Artcobell will continue to invest in research and development of durable sustainable new materials that are made of renewable and recyclable resources. Our manufacturing processes also reflect attention to minimizing waste, and recycling by products of production.

For additional information relating to warranty, please contact your Customer Service Representative.

Effective July 1, 2020

Artcobell warrants to the original purchaser that its products are free from defects in material and workmanship under normal classroom or commercial use for as long as the life of the product, except as set forth below.

During the warranty period, Artcobell will replace, or at its option, repair locally, repair at its factory, or return the purchase price of any Artcobell brand product manufactured after January 1, 2016 that, upon inspection by Artcobell, is determined to be defective in material or workmanship.

This warranty is subject to the following provisions:

Some natural variations occurring in polypropylene material or other natural materials are inherent to their character and are not considered defects. Artcobell does not warrant the colorfastness or matching of colors, grains, or textures of these materials. Customer's Own Material (COM) selected by and used at the request of an original purchaser is not warranted.

Our products are intended for interior use — exterior use of them will void the warranty.

The materials and components listed below are covered from the date of sale according to the following:

- Seating controls, glides, pneumatic cylinders, casters, chroming and polymer-based components and foam – 3 years
- User-adjustable worksurface mechanisms, tablet arm mechanisms, lounge products, occasional tables, seating upholstery fabrics and vinyls and other covering materials – 3 years

Soft seating products manufactured by artcobell are warranted to be free of defects in material and workmanship under normal use for the lifetime of the product. Product must be properly cared for, maintained and in use by its original owner. Under the warranty, the obligation of artcobell is limited to the repair or replacement of such furniture. Damage in transit or by negligence, abuse, abnormal usage, misuse, accidents or alterations nullifies the warranty.

As Buyer's sole remedy under this warranty, artcobell, at its option, will repair or replace damaged parts at no charge to the original owner of record provided the replacement or return has previously been authorized by artcobell under

terms of this warranty. Normal aging and wear of fabrics, filling materials, and finishes are excepted from this warranty. It is expressly agreed that this remedy of repair, replacement or credit, at artcobell's option, is Buyer's exclusive remedy under this warranty. In no event shall Seller be liable for consequential damages.

This warranty does not apply to:

- Normal wear and tear
- Damage from environmental factors
- Damage from sharp objects (e.g., writing utensils, heeled shoes, scissors, jewelry, and keys)
- Damage from accident, alteration, misuse, or improper installation or maintenance
- Modifications or attachments to the product not approved by Artcobell
- Products used for rental purposes
- Damage caused by the carrier in-transit, which is handled under separate terms
- Third-party products – Artcobell, to the extent possible, will pass through to the original purchaser (and process claims under) any warranty provided by third-party products supplied to Artcobell.
- All warranty claims are to be made in writing by the original purchaser. The original purchaser may be required to produce the invoice or other evidence to establish that a claim is within the warranty period.

Damage to flooring (dimpling, indentation or similar) is not covered. Warranty as to the suitability of flooring used with school furniture glides and caster rests solely with the flooring manufacturer.

To the extent allowed by law, Artcobell makes no other warranty, either express or implied, including any warranty or merchantability or fitness for a particular purpose. Artcobell is not liable for any indirect consequential or incidental damages. This warranty contains the original purchaser's exclusive remedy.

WHEREAS, Vendor agrees to include, in writing, any required exceptions or deviations from these terms, conditions, and specifications; and it is further understood that if agreed to by Region 10 ESC, said exceptions or deviations will be incorporated into the final contract "Vendor Contract."

WHEREAS, this contract consists of the provisions set forth below, including provisions of all attachments referenced herein. In the event of a conflict between the provisions set forth below and those contained in any attachment, the provisions set forth below shall control.

WHEREAS, Equalis Group has the administrative and legal capacity to administer purchases on behalf of Region 10 ESC under the Vendor Contract with participating public agencies and entities, as permitted by applicable law.

ARTICLE 1- GENERAL TERMS AND CONDITIONS

1.1 Equalis Group shall be afforded all of the rights, privileges and indemnifications afforded to Region 10 ESC under the Vendor Contract, and such rights, privileges and indemnifications shall accrue and apply with equal effect to Equalis Group, including, without limitation, Vendor's obligation to provide insurance and other indemnifications to Lead Agency.

1.2 Awarded vendor shall perform all duties, responsibilities and obligations, set forth in this agreement, and required under the Vendor Contract.

1.3 Equalis Group shall perform its duties, responsibilities and obligations as administrator of purchases, set forth in this agreement, and required under the Vendor Contract.

ARTICLE 2- ANTICIPATED TERM OF AGREEMENT

- Term:** The term of the Contract shall commence upon award and shall remain in effect for a period of three (3) years, unless terminated, canceled or extended as otherwise provided herein. The Contractor agrees that Region 10 ESC shall have the right, at its sole option, to renew the Contract for four (4) additional one-year periods or portions thereof. In the event that Region 10 ESC exercises such rights, all terms, conditions and provisions of the original Contract shall remain the same and apply during the renewal period with the possible exception of price and minor scope additions and/or deletions.
- Automatic Renewal:** Renewal will take place automatically for one (1) year unless Region 10 ESC gives written notice to the awarded supplier at least ninety (90) days prior to the expiration.

ARTICLE 3- REPRESENTATIONS AND COVENANTS

Scope: This contract is based on the need to provide the economic benefits of volume purchasing and reduction in administrative costs through cooperative purchasing to schools and other members.

Compliance: Cooperative Purchasing Agreements between Equalis Group and its Members have been established under state procurement law.

Respondent's promise: Respondent agrees all prices, terms, warranties, and benefits granted by Respondent to Members through this contract are comparable to or better than the equivalent terms offered by Respondent to any present customer meeting the same qualifications or requirements.

ARTICLE 4- FORMATION OF CONTRACT

4.1. **Respondent contract documents:** Region 10 ESC will review proposed Respondent contract documents. Vendor's contract document shall not become part of Region 10 ESC's contract with vendor unless and until an authorized representative of Region 10 ESC reviews and approves it.

4.2. **Form of contract:** The form of contract for this solicitation shall be the Request for Proposal, the awarded proposal(s) to the lowest responsible Respondent(s), and properly issued and reviewed purchase orders referencing the requirements of the Request for Proposal. If a firm submitting a proposal requires Region 10 ESC and/or Member to sign an additional agreement, a copy of the proposed agreement must be included with the proposal.

4.3. **Entire Agreement (Parol evidence):** The contract, as specified above, represents the final written expression of agreement. All agreements are contained herein and no other agreements or representations that materially alter it are acceptable.

4.4. **Assignment of Contract:** No assignment of contract may be made without the prior written approval of Region 10 ESC. Purchase orders and payment can only be made to awarded vendor unless otherwise approved by Region 10 ESC. Awarded vendor is required to notify Region 10 ESC when any material change in operations is made that may adversely affect members (i.e. awarded vendor bankruptcy, change of ownership, merger, etc.).

4.5. **Contract Alterations:** No alterations to the terms of this contract shall be valid or binding unless authorized and signed with a “wet signature” by a Region 10 ESC staff member.

4.6. **Order of precedence:** In the event of a conflict in the provisions of the contract as accepted by Region 10 ESC, the following order of precedence shall prevail:

- Special terms and conditions
- General terms and conditions
- Specifications and scope of work
- Attachments and exhibits
- Documents referenced or included in the solicitation

4.8 **Supplemental Agreements:** The entity participating in the Region 10 ESC contract and awarded vendor may enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in this contract i.e. invoice requirements, ordering requirements, specialized delivery, etc. Any supplemental agreement developed as a result of this contract is exclusively between the participating entity and awarded vendor. Neither Region 10 ESC, Equalis Group, its agents, members and employees shall be made party to any claim for breach of such agreement.

ARTICLE 5- TERMINATION OF CONTRACT

5.1. **Cancellation for non-performance or contractor deficiency:** Region 10 ESC may terminate any contract if Members have not used the contract, or if purchase volume is determined to be low volume in any 12-month period. Region 10 ESC reserves the right to cancel the whole or any part of this contract due to failure by contractor to carry out any obligation, term or condition of the contract. Region 10 ESC may issue a written deficiency notice to contractor for acting or failing to act in any of the following:

- i. Providing material that does not meet the specifications of the contract;
- ii. Providing work and/or material that was not awarded under the contract;
- iii. Failing to adequately perform the services set forth in the scope of work and specifications;
- iv. Failing to complete required work or furnish required materials within a reasonable amount of time;
- v. Failing to make progress in performance of the contract and/or giving Region 10 ESC reason to believe that contractor will not or cannot perform the requirements of the contract; and/or
- vi. Performing work or providing services under the contract prior to receiving a Region 10 ESC reviewed purchase order for such work.

Upon receipt of a written deficiency notice, contractor shall have ten (10) days to provide a satisfactory response to Region 10 ESC. Failure to adequately address all issues of concern may result in contract cancellation. Upon cancellation under this paragraph, all goods, materials, work, documents, data and reports prepared by contractor under the contract shall become the property of the Member on demand.

5.2 **Termination for cause:** If, for any reason, the Vendor fails to fulfill its obligation in a timely manner, or if the vendor violates any of the covenants, agreements, or stipulations of this contract, Region 10 ESC reserves the right to terminate the contract immediately and pursue all other applicable remedies afforded by law. Such termination shall be effective by delivery of notice, to the vendor, specifying the effective date of termination. In such event, all documents, data, studies, surveys, drawings, maps, models and reports prepared by vendor for this solicitation may become the property of the participating agency or entity. If such event does occur then vendor will be entitled to receive just and equitable compensation for the satisfactory work completed on such documents.

5.3 **Delivery/Service failures:** Failure to deliver goods or services within the time specified or within a reasonable time period as interpreted by the purchasing agent, or failure to make replacements or corrections of rejected articles/services when so requested shall constitute grounds for the contract to be terminated. In the event that the participating agency or entity must purchase in an open market, contractor agrees to reimburse the participating agency or entity, within a reasonable time period, for all expenses incurred.

5.4 **Force Majeure:** If by reason of Force Majeure, either party hereto shall be rendered unable wholly or in part to carry out its obligations under this Agreement then such party shall give notice and full particulars of Force Majeure in writing to the other party within a reasonable time after occurrence of the event or cause relied upon, and the obligation of the party giving such notice, so far as it is affected by such Force Majeure, shall be suspended during the continuance of the inability then claimed, except as hereinafter provided, but for no longer period, and such party shall endeavor to remove or overcome such inability with all reasonable dispatch.

The term Force Majeure as employed herein, shall mean acts of God, strikes, lockouts, or other industrial disturbances, act of public enemy, orders of any kind of government of the United States or the State of Texas or any civil or military authority; insurrections; riots; epidemics; landslides; lighting; earthquake; fires; hurricanes; storms; floods; washouts; droughts; arrests; restraint of government and people; civil disturbances; explosions, breakage or accidents to machinery, pipelines or canals, or other causes not reasonably within the control of the party claiming such inability. It is understood and agreed that the settlement of strikes and lockouts shall be entirely within the discretion of the party having the difficulty, and that the above requirement that any Force Majeure shall be remedied with all reasonable dispatch shall not require the settlement of strikes and lockouts by acceding to the demands of the opposing party or parties when such settlement is unfavorable in the judgment of the party having the difficulty

5.5 **Standard Cancellation:** Either party may cancel this contract in whole or in part by providing written notice. The cancellation will take effect 90 business days after the other party receives the notice of cancellation. After the 90th business day all work will cease following completion of final purchase order. Region 10 ESC reserves the right to request additional items not already on contract at any time.

ARTICLE 6- LICENSES

6.1 **Duty to keep current license:** Vendor shall maintain in current status all federal, state and local licenses, bonds and permits required for the operation of the business conducted by vendor. Vendor shall remain fully informed of and in compliance with all ordinances and regulations pertaining to the lawful provision of services under the contract. Region 10 ESC reserves the right to stop work and/or cancel the contract of any vendor whose license(s) expire, lapse, are suspended or terminated.

6.2 **Suspension or Debarment:** Respondent shall provide a letter in the proposal notifying Region 10 ESC of any debarment, suspension or other lawful action taken against them by any federal, state, or local government within the last five (5) years that precludes Respondent or its employees from participating in any public procurement activity. The letter shall state the duration of the suspension or action taken, the relevant circumstances and the name of the agency imposing the suspension. Failure to supply or disclose this information may be grounds for cancellation of contract.

6.3 **Survival Clause:** All applicable software license agreements, warranties or service agreements that were entered into between Vendor and Customer/participating member under the terms and conditions of the Contract shall survive the expiration or termination of the Contract. All Purchase Orders issued and accepted by Order Fulfiller shall survive expiration or termination of the Contract.

ARTICLE 7- DELIVERY PROVISIONS

7.1 **Delivery:** Vendor shall deliver said materials purchased on this contract to the participating member issuing a Purchase Order. Conforming product shall be shipped within 7 days of receipt of Purchase Order. If delivery is not or cannot be made within this time period the vendor must receive authorization from the purchasing agency for the delayed delivery. At this point the participating entity may cancel the order if estimated shipping time is not acceptable.

7.2 **Inspection & Acceptance:** If defective or incorrect material is delivered, purchasing agency may make the determination to return the material to the vendor at no cost to the purchasing agency. The vendor agrees to pay all shipping costs for the return shipment. Vendor shall be responsible for arranging the return of the defective or incorrect material.

7.3 **Responsibility for supplies tendered:** Vendor shall be responsible for the materials or supplies covered by this contract until they are delivered to the designated delivery point.

7.4 **Shipping Instructions:** Unless otherwise specified, each case, crate, barrel, package, etc, delivered under this contract must be plainly labeled, securely tagged, stating Vendor's name, purchase order number, quantity contained therein, and delivery address as indicated in the order. Deliveries must be made within the hours of 8:00 am – 4:00 pm. Deliveries at any other time (including Saturdays, Sundays and holidays) will not be accepted unless arrangements have been made in advance with the receiver at the delivery point. Vendor understands that it is their responsibility to ensure compliance with the delivery instructions outlined in this agreement.

7.5 **Additional charges:** Unless bought on F.O.B. "shipping point" and Vendor prepays transportation, no delivery charges shall be added to invoices except when express delivery is authorized and substituted on orders for the method specified in the contract. In such cases, the difference between freight or mail and express charges may be added to the invoice.

7.6 **Buyer's delays:** Region 10 ESC will not be responsible for any late fees due the prime contractor by the participating member. The prime contractor will negotiate with the participating agency for the recovery of damages related to expenses incurred by the vendor for a delay for which the Region 10 ESC member is responsible, which is unreasonable, and which was not within the contemplation of the parties to the contract between the two parties.

ARTICLE 8- BILLING AND REPORTING

8.1 **Payments:** The participating entity using the contract will make payments directly to the awarded vendor.

Payment shall be made after satisfactory performance, in accordance with all provisions thereof, and upon receipt of a properly completed invoice.

8.2 **Tax Exempt Status:** Since this is a national contract, knowing the tax laws in each state is the sole responsibility of the Vendor.

8.3 **Reporting:** Vendor shall electronically provide Equalis Group with a detailed line item monthly report showing the dollar volume of all member product sales under the contract for the previous month. Reports shall be sent via e-mail to Equalis Group offices at info@equalisgroup.org. Reports are due on the **fifteenth (15th)** day after the close of the previous month. It is the responsibility of the awarded vendor to collect and compile all sales under the contract from participating members and submit one (1) report. ARTICLE 9- PRICING

9.1 **Market competitive guarantee:** Vendor agrees to provide market competitive pricing, based on the value offered upon award, to Region 10 ESC and its participating public agencies throughout the duration of the contract.

9.2 **Price increase:** Should it become necessary or proper during the term of this contract to make any change in design or any alterations that will increase expense, Region 10 ESC must be notified immediately. Price increases must be approved by Lead Agency and no payment for additional materials or services, beyond the amount stipulated in the contract, shall be paid without prior approval. All price increases must be supported by manufacture documentation, or a formal cost justification letter.

Vendor must honor previous prices for thirty (30) days after approval and written notification from Region 10 ESC if requested.

It is Vendor’s responsibility to keep all pricing up to date and on file with Region 10 ESC. All price changes must be provided to Region 10 ESC, using the same format as was accepted in the original contract.

9.3 **Additional Charges:** All deliveries shall be freight prepaid, F.O.B. destination and shall be included in all pricing offered unless otherwise clearly stated in writing.

9.4 **Price reduction and adjustment:** Price reduction may be offered at any time during contract and shall become effective upon notice of acceptance from Region 10 ESC. Special, time-limited reductions are permissible under the following conditions: 1) reduction is available to all Members equally; 2) reduction is for a specific time period, normally not less than thirty (30) days; 3) original price is not exceeded after the time-limit; and 4) Region 10 ESC has approved the new prices prior to any offer of the prices to a Member. Vendor shall offer Region 10 ESC any published price reduction during the contract period.

9.5 **Prevailing Wage:** It shall be the responsibility of the Vendor to comply, when applicable, with the prevailing wage legislation in effect in the jurisdiction of the purchaser (Region 10 ESC or its Participating Members). It shall further be the responsibility of the Vendor to monitor the prevailing wage rates as established by the appropriate Department of Labor for any increase in rates during the term of this contract and adjust wage rates accordingly.

9.6 **Administrative Fees:** The Vendor agrees to pay administrative fees to Equalis Group based on the terms set in Attachment A. All pricing submitted to Region 10 ESC shall include the administrative fee to be remitted to Equalis Group by the awarded vendor.

9.7 **Price Calculation:** Cost plus a percentage as a primary mechanism to calculate pricing is not allowed. Pricing may either be in the form of line item pricing, defined as a specific individual price on a product or service, or a percentage discount from a verifiable catalog or price list. Other discounts or incentives may be offered.

ARTICLE 10- PRICING AUDIT

10.1 **Audit rights:** Vendor shall, at Vendor's sole expense, maintain appropriate due diligence of all purchases made by Region 10 ESC and any participating entity that accesses this Agreement. Equalis Group and Region 10 ESC each reserve the right to audit the accounting for a period of three (3) years from the time such purchases are made. This audit right shall survive termination of this Agreement for a period of one (1) year from the effective date of termination. In the State of New Jersey, this audit right shall survive termination of this Agreement for a period of five (5) years from the date of final payment. Such records shall be made available to the New Jersey Office of the State Comptroller upon request. Region 10 ESC shall have the authority to conduct random audits of Vendor's pricing that is offered to eligible entities at Region 10 ESC's sole cost and expense. Notwithstanding the foregoing, in the event that Region 10 ESC is made aware of any pricing being offered to eligible agencies that is materially inconsistent with the pricing under this agreement, Region 10 ESC shall have the ability to conduct an extensive audit of Vendor's pricing at Vendor's sole cost and expense. Region 10 ESC may conduct the audit internally or may engage a third-party auditing firm. In the event of an audit, the requested materials shall be provided in the format and at the location designated by Region 10 ESC or Equalis Group.

ARTICLE 11- PROPOSER PRODUCT LINE REQUIREMENTS

11.1 **Current products:** Proposals shall be for materials and equipment in current production and marketed to the general public and education/government agencies at the time the proposal is submitted.

11.2 **Discontinued products:** If a product or model is discontinued by the manufacturer, Vendor may substitute a new product or model if the replacement product meets or exceeds the specifications and performance of the discontinued model and if the discount is the same or greater than the discontinued model.

11.3 **New products/Services:** New products and/or services that meet the scope of work may be added to the contract. Pricing shall be equivalent to the percentage discount for other products. Vendor may replace or add product lines to an existing contract if the line is replacing or supplementing products on contract, is equal or superior to the original products offered, is discounted in a similar or to a greater degree, and if the products meet the requirements of the solicitation. No products and/or services may be added to avoid competitive procurement requirements. Region 10 ESC may require additions to be submitted with documentation from Participating Members demonstrating an interest in, or a potential requirement for, the new product or service. Region 10 ESC may reject any additions without cause.

11.4 **Options:** Optional equipment for products under contract may be added to the contract at the time they become available under the following conditions: 1) the option is priced at a discount similar to other options; 2) the option is an enhancement to the unit that improves performance or reliability.

11.5 **Product line:** Vendors with a published catalog may submit the entire catalog. Region 10 ESC reserves the right to select products within the catalog for award without having to award all contents. Region 10 ESC may reject any addition of equipment options without cause.

11.6 **Warranty conditions:** All supplies, equipment and services shall include manufacturer's minimum standard warranty and one (1) year labor warranty unless otherwise agreed to in writing.

11.7 **Buy American requirement:** (for New Jersey and all other applicable States) Vendors may only use unmanufactured construction material mined or produced in the United States, as required by the Buy American Act. Where trade agreements apply, to the extent permitted by applicable law, then unmanufactured construction material mined or produced in a designated country may also be used. Vendors are required to check state specific requirements to ensure compliance with this requirement.

ARTICLE 12- SITE REQUIREMENTS

12.1 **Cleanup:** Vendor shall clean up and remove all debris and rubbish resulting from their work as required or directed by Member. Upon completion of the work, the premises shall be left in good repair and an orderly, neat, clean and unobstructed condition conducive to the Member's business purpose.

12.2 **Site Preparation:** Vendor shall not begin a project for which Participating Member has not prepared the site, unless Vendor does the preparation work at no cost, or until Participating Member includes the cost of site preparation in a purchase order to the contractor. Site preparation includes, but is not limited to moving furniture, moving equipment or obstructions to the work area, installation of wiring for networks or any other necessary pre-installation requirements.

12.3 **Registered sex offender restrictions:** For work to be performed at schools, Vendor agrees that no employee or employee of a subcontractor who has been adjudicated to be a registered sex offender will perform work at any time when students are or are reasonably expected to be present. Vendor agrees that a violation of this condition shall be considered a material breach and may result in the cancellation of the purchase order at the Participating Member's discretion. Vendor must identify any additional costs associated with compliance of this term. If no costs are specified, compliance with this term will be provided at no additional charge. Vendor is also responsible for ensuring that their employees or contractors who have direct contact with students are properly fingerprinted and background checked in accordance with local state law, if applicable.

12.4 **Safety measures:** Vendor shall take all reasonable precautions for the safety of employees on the worksite, and shall erect and properly maintain all necessary safeguards for protection of workers and the public. Vendor shall post warning signs against all hazards created by its operation and work in progress. Proper precautions shall be taken pursuant to state law and standard practices to protect workers, general public and existing structures from injury or damage.

DOC #6 IMPLEMENTATION OF HOUSE BILL 1295

Certificate of Interested Parties (Form 1295):

In 2015, the Texas Legislature adopted House Bill 1295, which added section 2252.908 of the Government Code. The law states that a governmental entity or state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties to the governmental entity or state agency at the time the business entity submits the signed contract to the governmental entity or state agency. The law applies only to a contract of a governmental entity or state agency that either (1) requires an action or vote by the governing body of the entity or agency before the contract may be signed or (2) has a value of at least \$1 million. The disclosure requirement applies to a contract entered into on or after January 1, 2016.

The Texas Ethics Commission was required to adopt rules necessary to implement that law, prescribe the disclosure of interested parties form, and post a copy of the form on the commission's website. The commission adopted the Certificate of Interested Parties form (Form 1295) on October 5, 2015. The commission also adopted new rules (Chapter 46) on November 30, 2015, to implement the law. The commission does not have any additional authority to enforce or interpret House Bill 1295.

Filing Process:

Starting on January 1, 2016, the commission will make available on its website a new filing application that must be used to file Form 1295. A business entity must use the application to enter the required information on Form 1295 and print a copy of the completed form, which will include a certification of filing that will contain a unique certification number. An authorized agent of the business entity must sign the printed copy of the form and have the form notarized. The completed Form 1295 with the certification of filing must be filed with the governmental body or state agency with which the business entity is entering into the contract.

The governmental entity or state agency must notify the commission, using the commission's filing application, of the receipt of the filed Form 1295 with the certification of filing not later than the 30th day after the date the contract binds all parties to the contract. The commission will post the completed Form 1295 to its website within seven business days after receiving notice from the governmental entity or state agency.

Information regarding how to use the filing application will be available on this site starting on January 1, 2016. https://www.ethics.state.tx.us/whatsnew/elf_info_form1295.htm

Any services not indicated on the discount from manufacturer's list price page, will need to be coordinated and costed with the Artcobell authorized dealer.

Authorized Dealers:

The Artcobell Corporation is bidding this contract direct but will operate thru authorized dealers. Authorized dealers can accept purchase orders, invoice purchase orders, and invoice public agencies directly. Artcobell is responsible for remitting sales reports and administrative fee payments to the Equalis Group.

A list of authorized dealers is attached.

Product/Price Updates:

Artcobell is continuously developing new products to enhance our offering. We will ensure to advise Region 10 of new product releases as well as all obsolete and discontinued products in writing and in a timely manner. Artcobell has included the 2020 Price List. Artcobell does a yearly price increase, which will be provided to Region 10 once completed and in a timely manner. The discount from manufacturer's price list is taken from the price list that is in effect at the time the order is placed.

Returns:

Due to the number of options, such as fabrics, finishes, etc. our products are made-to order and therefore not typically stocked. With the custom nature of our product, it is not a viable option for us to sell the returned product to another customer; therefore, the restocking fee will be 25% of the value of the item.

Product will not be returned for refund, credit or replacement, except on written approval by Artcobell. Returned product is subject to a restocking fee and any associated freight charges. No restocking fee may be charged if an item is returned due to the incorrect product shipped or vendor order entry error.

Authorized Dealers: Only dealers (“Dealer”) that have been approved by Artcobell Corporation (“ABC”), and are in good standing with ABC are authorized to market, provide pricing, and submit orders for ABC products. By engaging in business transactions with ABC, Dealers agree to the current ABC terms and conditions.

Pricing: All pricing provided by ABC to Dealers is based on the current list price and excludes taxes, freight, delivery, and installation. Except as stated in a quote number issued by ABC, any discount ABC offers a Dealer will be from current list price at the standard dealer discount. In order to obtain the discount in an issued quote number, Dealer must provide the quote number, discount and pricing at the time it submits a purchase order. If the correct quote number and pricing are not provided, the Dealer will receive its standard dealer discount.

Payment Terms: ABC will invoice Dealer for product upon shipment. Dealer agrees to pay each invoice according to terms. Dealer terms will be determined by Artcobell through credit analysis. Certain Dealers may qualify for 1% 10 Net 30 days from the invoice date. Payment must be received by bank within 10 days of invoice date to receive the 1% discount. Credit card payment terms are net 30. No payment may be withheld because of partial delivery. Dealer will pay interest on any unpaid amount due at the lower of 1.5% per month or the highest rate allowed by law. If ABC takes any action to collect any amount due, Dealer will pay all costs and expenses, including court costs and reasonable attorney fees, incurred by ABC in collecting such amount.

Order Placement and Acknowledgments: Dealers will submit all orders with complete model number (i.e., color, frame, material, finish), and for product that must be shipped in cartons, carton quantity. ABC will not process or put into production an order without complete information. Lead time will be calculated based on the time the order is processed. After an order is processed, ABC will acknowledge the order via email or fax. Acknowledgments provided by ABC represent estimated completion dates and are not contractually binding. Any expenses incurred as a result of longer lead times will be the responsibility of the dealer. Dealer is responsible for checking the acknowledgment and immediately notifying ABC of any discrepancies.

Changes and Cancellations: Changes requested by Dealer after ABC has acknowledged the order must be sent in writing and are subject to written approval by ABC and additional charges. If ABC approves in writing any request by Dealer to cancel all or any part of an order after 48 hours from time of acknowledgment, dealer agrees to pay 25% cancellation fee.

Returns: Product will not be returned for refund, credit, or replacement, except on written approval by ABC. If approved by ABC, dealer agrees to pay a restocking fee determined by ABC and any associated freight charges.

Delays: ABC will not be liable for any delay or interruption in its performance caused by circumstances beyond its reasonable control, including, without limitation, strikes, lockouts, work stoppages, accidents, terrorism, and availability of materials, acts of nature or God, inability to obtain transportation, or acts of the enemy. Delays so caused will not release Dealer from its obligation to accept and pay for the product.

Storage: Products that are complete and ready must be shipped within 30 days of original request date otherwise subject to storage fees.

Delivery and Installation: All shipments are F.O.B. ABC’s factory or distribution center. Delivery is always quoted to take place during ABC’s regular working hours on ABC’s regularly scheduled business days (holidays excluded). Dealer will pay additional labor costs resulting from overtime work performed at Dealer’s request. Dealer is responsible for providing: a clean, debris-free space with electricity, heat, hoisting/elevator service, and adequate facilities for off-loading, staging, uncartoning, and moving product; insurance and permits required at the site; and disposal containers. Delivery does not include the following additional expenses, which are the responsibility of Dealer: providing a licensed electrician, as required by national or local codes, to connect products to building power. If the space is under construction or other trades are working in the same space during the product installation, Dealer will immediately inspect the product on delivery for defects. If Dealer or Dealer’s customer is not available to inspect product on delivery, then Dealer and Dealer’s customer accept that all product was delivered in satisfactory condition and Dealer accepts all responsibility for any damages found later.

Loss and Damages: After delivery of product to Dealer’s shipper or, if ABC is arranging freight, after delivery to shipping address, all risk of loss or damage shall pass to Dealer, including, without limitation, any loss or damage caused by weather, other trades (such as painting or plastering, electrical or telephone installation), fire or other elements, and Dealer agrees to hold ABC harmless from any such loss or damage.

Warranties: Dealer’s remedies are limited exclusively to those set forth in ABC’s standard limited warranty as published at www.artcobell.com at the time of delivery of the product to carrier. ABC MAKES NO WARRANTY, EXPRESS OR IMPLIED, WITH RESPECT TO ANY PRODUCT OR SERVICE FURNISHED TO DEALER, AND ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ARE EXPRESSLY DISCLAIMED BY ABC. No agent or outside party has any authority to make

any warranty or representation to Dealer on behalf of ABC with respect to any product or service provided to Dealer by ABC. In no event will Artcobell be liable for any consequential, indirect, incidental, or punitive damages. Modifications to the product or use other than the intended purpose voids the warranty.

Shipment Terms: All orders shall be shipped prepaid and, unless specified, by ABC's carrier of choice. "Best way" shipping will be used. Pricing on shipments is an estimate and may vary by special charges incurred due to the consignee. These are estimates and additional charges are the responsibility of the Dealer.

LTL shipments are dock-to-dock at Dealer's expense. Any special delivery considerations are the responsibility of the consignee. This includes any accessorial charges billed by the carrier. LTL shipments may also be subject to a packaging surcharge.

Delivery dates are the responsibility of the carrier unless otherwise agreed to between Artcobell Corporation and the consignee. No expenses will be incurred by Artcobell Corporation for missed delivery appointments. Delivery scheduling is to be handled between the dealer and the carrier. All expenses incurred due to detention or other factors, caused by the consignee, shall be the responsibility of the dealer. If the delivery location is not ready for receipt of a shipment, all charges incurred by the freight company will be passed on to the dealer. If the shipment returns to Artcobell Corporation, the costs for handling and restocking will be billed back to the dealer, along with an administrative fee of 5% of the order total.

Dealer arranged van shipments will be assessed a service fee of \$150.

If a "live load" appointment is missed by more than 2 hours or the driver arrives after 2:00pm, a missed appointment fee of \$250 will be assessed to the Dealer. The carrier will not be guaranteed immediate attention if a live load appointment is missed, and the load may need to be rescheduled. Shipments outside of the continental U.S. are to be pre-arranged by the dealer.

Shipment Damages: Artcobell will not be responsible for freight damage on prepaid shipments when items are shipped via small parcel (USPS, UPS, Fed Ex, etc.).

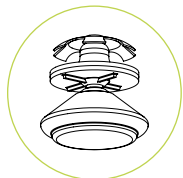

Any freight damage, truckload or LTL, MUST be notated on the POD (proof of delivery) or reported within 5 days of delivery in order to qualify for a no cost replacement from Artcobell. All shipments should be carefully inspected at the time of delivery by the consignee. Any damages are to be noted on the bill of lading at the time of delivery. Concealed damage must be reported within 15 days of receipt of shipment. Damaged freight must be held at the point of delivery, along with original packaging to be considered for a claim. Digital photos are required and will speed up the claims process. Shipments left unopened for a period of more than 15 days will not be considered for claim or replacement. Shipment liability ceases after 15 days of delivery.

Shipment Shortages: Shortages not reported within 15 days of shipment receipt will not be honored for a claim. Shortages must be noted on the bill of lading at the time of delivery and reported to Artcobell within 15 days for consideration. NOTE ON GLIDES & FLOOR MAINTENANCE

Our research shows that no single solution can provide optimum performance across all floor types and conditions. Overall performance is based upon the type of flooring, preventative floor maintenance program and glide design & material selection. To maximize the performance of your furniture glides, floors must be properly prepared, and maintained. Soil, grit and the wrong polish can make a floor susceptible to damage regardless of the glides used on your furniture. Your flooring installer and/or manufacturer can provide specific guidelines on floor maintenance.

The warranty information below is effective on all Artcobell products for orders manufactured after January 1, 2017. For warranty information concerning orders placed prior to January 1, 2017, please refer to the warranty information contained in the published price list of the corresponding year. For additional information relating to warranty, please contact your Customer Service Representative.

Effective July 1, 2020

Artcobell warrants to the original purchaser that its products are free from defects in material and workmanship under normal classroom or commercial use for as long as the life of the product, except as set forth below.

During the warranty period, Artcobell will replace, or at its option, repair locally, repair at its factory, or return the purchase price of any Artcobell brand product manufactured after January 1, 2016 that, upon inspection by Artcobell, is determined to be defective in material or workmanship.

This warranty is subject to the following provisions:

Some natural variations occurring in polypropylene material or other natural materials are inherent to their character and are not considered defects. Artcobell does not warrant the colorfastness or matching of colors, grains, or textures of these materials. Customer's Own Material (COM) selected by and used at the request of an original purchaser is not warranted.

Our products are intended for interior use — exterior use of them will void the warranty.

The materials and components listed below are covered from the date of sale according to the following:

- Seating controls, glides, pneumatic cylinders, casters, chroming and polymer-based components and foam – 3 years
- User-adjustable worksurface mechanisms, tablet arm mechanisms, lounge products, occasional tables, seating upholstery fabrics and vinyls and other covering materials – 3 years

Soft seating products manufactured by artcobell are warranted to be free of defects in material and workmanship under normal use for the lifetime of the product. Product must be properly cared for, maintained and in use by its original owner. Under the warranty, the obligation of artcobell is limited to the repair or replacement of such furniture. Damage in transit or by negligence, abuse, abnormal usage, misuse, accidents or alterations nullifies the warranty.

As Buyer's sole remedy under this warranty, artcobell, at its option, will repair or replace damaged parts at no charge to the original owner of record provided the replacement or return has previously been authorized by artcobell under

terms of this warranty. Normal aging and wear of fabrics, filling materials, and finishes are excepted from this warranty. It is expressly agreed that this remedy of repair, replacement or credit, at artcobell's option, is Buyer's exclusive remedy under this warranty. In no event shall Seller be liable for consequential damages.

This warranty does not apply to:

- Normal wear and tear
- Damage from environmental factors
- Damage from sharp objects (e.g., writing utensils, heeled shoes, scissors, jewelry, and keys)
- Damage from accident, alteration, misuse, or improper installation or maintenance
- Modifications or attachments to the product not approved by Artcobell
- Products used for rental purposes
- Damage caused by the carrier in-transit, which is handled under separate terms
- Third-party products – Artcobell, to the extent possible, will pass through to the original purchaser (and process claims under) any warranty provided by third-party products supplied to Artcobell.
- All warranty claims are to be made in writing by the original purchaser. The original purchaser may be required to produce the invoice or other evidence to establish that a claim is within the warranty period.
