HVAC equipment and parts

Lynn Hovenden, Aug 03, 2020 10:32 AM CDT

Does this Opportunity include HVAC equipment or parts? I do not see a list of products to bid on and the Project Description and it references Roofing material.

Clint Pechacek, Aug 25, 2020 8:05 AM CDT

Yes this RFP is for HVAC equipment, service, parts and job order contracting. There is not a defined list of products. Vendors are encouraged to respond with their entire offering as long as it fits within the scope. All files for this RFP reference HVAC; if you are seeing references to roofing, you are looking at files for the Roofing RFP.

What is the estimated construction cost?

Clint Pechacek, Aug 25, 2020 8:01 AM CDT

This is an Indefinite Delivery/Indefinite Quantity RFP for national services. Cost for individual jobs therefore cannot be estimated.
