

McKESSON

Government Healthcare, Simplified

McKesson Medical-Surgical Government Solutions

Government expertise

As a government medical provider, you need efficient and affordable options for care. With a track-record of supporting facilities like yours, McKesson provides services to fit your unique needs:

- Account Managers experienced in completing and fulfilling government contracts with customized details
- Technology and solutions that make procurement easy and accurate

More products, more choice

Find the items your facility needs with our portfolio of more than 45,000 products. From leading national brands to our own McKesson Brands products, you get quality medical supplies and selection from a single source.

Equipment
Full range of
medical
equipment

Rx
Pharmaceutical
products
and vaccines

Laboratory
From CLIA
waived to highly
complex

Point-of-care testing

Get the results you need in as little as 15 minutes that support improved clinical outcomes, patient satisfaction and financial results.

- Faster results for quicker delivery of care
- Peace of mind for patients, residents, caregivers and referral sources
- Keep lab costs down by diagnosing and treating in one location

Clinical resources to support care

Nothing is more important than the health of your patients and residents. That's why we have a strong commitment to supporting your facility with a wide range of clinical resources. From live clinical consultation to on-demand training and education, McKesson Clinical Connection™ can help you manage and improve clinical outcomes.
