

National Car Charging.

Get EV Ready.

10 years & growing.

Founded 10 years ago and grown to be the largest independent EV distributor and installer in the country.

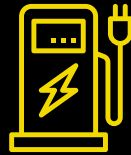

750+ Customers.

In ten short years, NCC's team has acquired over 750 customers from coast to coast.

Reps from coast-to-coast.

We believe customer service is the key to success and invaluable to our customers, so we know it's important to be close by. We support our sales team with a nationwide network of installers.

6000+ installed EV charging ports.

National Car Charging manages 6000 charging ports in 43 states across the United States with more being added weekly.

It pays to be choosy.

We partner only with manufacturers best positioned to succeed and go the distance.

We carry several distinct product lines, giving our customers a range of features and price options.

- Products must be UL/ Intertek listed.
- Be financially healthy & growing.
- Reliable track record & established industry history.
- Innovation leaders.

We have charging solutions for every application and business channel - Level 1, Level 2 & DC Fast Charging.

Over one million charging sessions.

In 2019 alone, our customers' stations registered more than a million charging sessions.

Since 2011, our customers' stations have saved greater than 9 million kg in greenhouse gases.

Completed projects in every business sector.

- State & local Governments
- Universities & colleges
- Retail & shopping centers
- Hospitality
- Convenience stores
- Fleets
- Parking facilities
- Apartments & condos
- Utility partnerships

Experts in our field.

We've navigated every situation and always find creative, efficient solutions to solve even the toughest challenges.

Advanced planning, combined with our extensive experience, has made for some very happy customers.
