4. Please provide a brief history of your company, including the year it was established.

Established in 1997, National Public Seating's mission has always been to provide high-quality furniture at fair value pricing on industry leading lead times. Our initial entry into the furniture market was in the category of folding furniture for the education sector. What allowed us to separate ourselves from the competition was our combination of institutional-grade specs and a previously unheard of 48-hour quick ship program.

As the markets evolved and demand for our products & services grew, we expanded our product line and service offering to match the market's needs. Today NPS is no longer simply a quick ship manufacturer, but rather a dedicated team of project solution specialists. While still maintaining our commitment to our core principles of quality, service and commitment to our dealer network, our line has grown to include full offerings of:

- | | |
|--|--|
| ➤ Folding Furniture (Tables, Chairs) | ➤ Presentation Furniture (Lecterns, Carts) |

| ➤ Performing Arts Furniture (Stages, Risers, Chairs, Stands) | ➤ STEM/STEAM Lab Furniture |
| ➤ Cafeteria Furniture (Mobile Tables, Booths, Café Tables) | ➤ Workstations |

We also offer in-house design services as well as publishing our catalog in popular design software (2020, KITS Collaborator, ProjectMatrix).

Products are sold through our global dealer network, which covers a broad range of markets including K-12 and Higher Ed as well as Government, Office and Hospitality.

Our company maintains three product brands: National Public Seating, Oklahoma Sound and Commercialine.

7. What are your overall public sector sales, excluding Federal Government, for last three (3) years?

██████████
██████████

2017: ~22,500,000

8. What is your strategy to increase market share in the public sector?

Our plan would be to leverage this contract and our experienced dealer network to continue to increase market share in the public sector. This would include marketing the contract on our website as well as during dealer training sessions and making dealers and schools who are in need of a contract vehicle aware of Equalis Group and this contract.

9. What differentiates your company from competitors specifically in the public sector?

- *Quick Ship* – NPS was founded with the goal of providing high-quality products on a 48-hour lead time, which was simply unheard of at the time. As time went on and our product line grew, we never lost sight of this founding principle. Today, most orders for stock items ship from our distribution centers in 24 hours and orders received before 12pm often ship same day.
- *Project Solution Specialists* – Though we've maintained our commitment to our Quick Ship program, we've evolved to meet the needs of today's market. We've expanded our product line to comprehensively cover more categories and environments, and our service offering includes space planning & design. Additionally, our product catalog can be found in popular design systems including 2020, KITS Collaborator, ProjectMatrix and Configura's CET.
- *Quality Products* – Our products are built with institutional-grade specs which have allowed them to be sought after on bids nationwide. National Public Seating stands behind this commitment to quality by backing our products with a comprehensive 10-year standard warranty.
- *NPS Signature Service* – We pride ourselves in our Signature Service initiative. This initiative encourages staff to continue providing the exceptional service which we've become known for in the industry. Some highlights of Signature Service include:
 - 1-hour response time for emails and voice messages
 - All customers treated as a VIP
 - Replacement parts stocked and ready to ship same day
 - In-house technician available to field-service products if needed
 - Replacement parts under \$25 ship for free
 - Online service portal
 - 24/7 order tracking online
- *Dealer Network* – Our nationwide dealer network gives us hundreds of reps on the ground promoting the NPS product line to their customers, many of which are in the public sector.
- *Complete Lines* – In addition to expanding into new product categories, one of the things which allows us to separate ourselves from our peers is our focus on offering complete, rounded out product categories. Whether it be 130 science tables, 450 cafeteria tables or any other category in our line, NPS has an option for every customer.

10. Please provide your company's environmental policy and/or sustainability initiative.

At NPS, the quality of our products and the protection of the environment go hand in hand. As a consumer of raw material, we are committed to the use of pre and post-consumer waste (recycled material), while preserving the high quality standards of our products. Examples of this include:

MAS Certified Green - The entire NPS Product Line is MAS Certified Green™, a nationally recognized registered trademark delineating low VOC emitting products in the marketplace so that purchasers and specifiers of those

products know that they can earn credits in sustainability programs like LEED, BIFMA's Level, and California CHP program.

Steel - All of the steel for our products contain 30-40% of post-consumer waste (recycled).

Corrugated containers - Are made of recycled fiber. 100% total recycled content and 90% post-consumer content minimum.

Plastic - Our plastic products contain up to 35% of pre-consumer waste.

Wood - 100% of wood used for our products comes from non-boreal forests.

Powder Coating vs. Liquid Finishes - Our products are powder coated and are highly protective to our environment. While liquid finishes contain solvents, which have pollutants known as volatile organic compounds (VOCs), powder coating contains no solvents and releases negligible amounts, if any, of VOCs into the atmosphere. In addition, most powder coating overspray that does not adhere to the part is retrieved and reused, virtually eliminating the waste commonly found in liquid finishing processes.

Energy - In November 2008, National Public Seating, completed a retrofit of our lighting (over 800 fixtures) to eco-friendly units, saving 135,586 kWh annually. This reduction in energy consumption has an environmental impact equivalent to removing 20 cars from the road, 84 tons of greenhouse gas (CO₂) and saving 198 barrels of oil annually.

Air Emissions - Our Folding Chairs are manufactured within ANSI BIFMA X7.1 2007 VOC Air Emission guidelines; Criteria #1 – TVOC, Formaldehyde, All Aldehydes & 4-Phenylcyclohexene.

Solar Energy - As the industry leader in institutional-grade furniture, NPS continues to set the standard for environmental stewardship. In addition to minimizing our eco footprint in the areas of raw material sourcing, energy consumption & air emissions, NPS is proud to have installed a major solar panel on the roof of our 200,000 square foot corporate headquarters in Summer 2011. Via the installation of a 240kw solar PV system, we have offset most of the local utility's need to burn oil and gas for electrical production in the public grid and therefore reduced greenhouse gas emissions into the atmosphere. Since we generate 80% of the electricity that we use with this system, we have cut our carbon footprint significantly.

PROCUREMENT, PROFESSIONAL AND SERVICE CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. The contractor will take affirmative action to ensure that such applicants are recruited and employed, and that employees are treated during employment, without regard to their age, race, creed, color,

national origin, ancestry, marital status, sex, affectional or sexual orientation. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this non-discrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisement for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation.

The contractor or subcontractor, where applicable, will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer pursuant to P.L. 1975, c. 127, as amended and supplemented from time to time and the Americans with Disabilities Act.

The contractor or subcontractor agrees to attempt in good faith to employ minority and female workers trade consistent with the applicable county employment goal prescribed by N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time or in accordance with a binding determination of the applicable county employment goals determined by the Affirmative Action Office pursuant to N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time.

The contractor or subcontractor agrees to inform in writing appropriate recruitment agencies in the area, including employment agencies, placement bureaus, colleges, universities, labor unions, that it does not discriminate on the basis of age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and that it will discontinue the use of any recruitment agency which engages in direct or indirect discriminatory practices.

The contractor or subcontractor agrees to revise any of its testing procedures, if necessary, to assure that all personnel testing conforms with the principles of job-related testing, as established by the statutes and court decisions of the state of New Jersey and as established by applicable Federal law and applicable Federal court decisions.

The contractor or subcontractor agrees to review all procedures relating to transfer, upgrading, downgrading and lay-off to ensure that all such actions are taken without regard to age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and conform with the applicable employment goals, consistent with the statutes and court decisions of the State of New Jersey, and applicable Federal law and applicable Federal court decisions.

The contractor and its subcontractors shall furnish such reports or other documents to the Affirmative Action Office as may be requested by the office from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Affirmative Action Office for conducting a compliance investigation pursuant to Subchapter 10 of the Administrative Code (NJAC 17:27).
