"World Kinect Energy Services helped us develop a strategy where we started hedging and layering our energy prices over two to three years. That has made a huge difference for us being able to balance our budget."

**Kyle Miasek**  
**Finance Director**  
**City of Youngstown, OH**

"As a leading corporate citizen in our industry, we are inspired by projects that minimize environmental impacts and align with the interests of our customers and consumers around the world. The VPPA agreement World Kinect facilitated supports our company's environmental sustainability goals and is a testament to our commitment and support of renewable energy."
