Principle contract officer	Mr. Clint Pechecek Purchasing Consultant
Public opening location	Region 10 ESC 400 East Spring Valley Rd Richardson, TX 75081

Education Service Center, Region 10 (“Region 10 ESC”) is seeking proposals for the procurement of Academic and Competitive Esports Gaming Solutions. Responses will be accepted until Thursday, March 4th at 2:00 PM. All times are Central Standard Time.

The public bid opening will be held via Zoom meeting. Interested parties who wish to attend the bid opening should email Clint Pechecek at [clint.pechacek@region10.org](mailto:clint.pechacek@region10.org) by 4:00 pm on March 3rd, 2021 to receive an invitation. Requests for an invitation after that time will not be accepted. The bid opening will begin at 2 pm Central Time on March 4th, 2021 after all submissions have been received.

In general, Coop members will reference this RFP when purchasing from the vendor. Region 10 ESC will not charge a fee to public agencies for participation in the purchasing coop.

Faxed responses will not be considered. By submitting a response, responder certifies to the best of his/her knowledge that all information is true and correct. All proposals must be submitted electronically as directed in the Bonfire procurement application. Scanned submissions are acceptable where PDF files are requested.

Responses should be submitted on the forms provided. Only responses received by the date and time specified will be considered. PRICE, QUALITY, AND SUITABILITY: It is not the policy of Region 10 ESC to purchase services solely on the basis of low price alone; quality and suitability to purpose are taken into consideration. Term discount, if any, must be indicated on Deviation Statement & Signature Page and will be considered.

The Region 10 ESC Board of Directors may approve awarding of this proposal to one or more vendors. Region 10 reserves the right to reject all proposals if it determines in its sole discretion that a reasonable basis exists for doing so. Consideration for an exclusive award to a single national supplier will be given for vendors who respond with value that separates the vendor from other respondents within the competitive range.

## MASTER AGREEMENT

The purpose of Region 10 ESC soliciting this Request for Proposal is to create a Master Agreement for Academic and Competitive Esports Gaming Solutions for use by public agencies supported under this contract. Region 10 ESC, as the Lead Agency, as defined in Attachment A, has come together with the Equalis Group to make the resultant contract (also known as the “Master Agreement”) from this Request for Proposal available to other public agencies not only locally, but also nationally, including county, city, state, special district, local government, school district, private K-12 school, higher education institution, other government agency or non-profit organization (“Public Agencies”), for the public benefit through the Equalis Group’s cooperative purchasing program. Region 10 ESC will serve as the contracting agency for any other Public Agency that elects to access the resulting Master Agreement.

Access to the Master Agreement by any Public Agency must be preceded by its registration with Equalis Group as a Participating Public Agency in Equalis Group’s cooperative purchasing program. Attachment A contains additional information on Equalis Group and the cooperative purchasing program. Equalis Group provides marketing and administrative support for the awarded vendor (“Supplier”) that promotes the successful vendors’ products and services to the Participating Public Agencies nationwide.

Participating Public Agencies benefit from pricing based on aggregate spending and the convenience of a contract that has already been advertised and competitively awarded. The Supplier benefits from a contract that allows Participating Public Agencies to directly purchase goods and services without the Supplier’s need to respond to multiple competitive solicitations. As such, the Supplier must be able to accommodate a nationwide demand for services and to fulfill obligations as a nationwide Supplier and respond to the Equalis Group documents (Attachment A).

**OPEN RECORDS POLICY ACKNOWLEDGMENT AND ACCEPTANCE**

Be advised that all information and documents submitted will be subject to the Public Information Act requirements governed by Chapter 552 of the Texas Government Code.

Because contracts are awarded by a Texas governmental entity, all responses submitted are subject to release as public information after contracts are executed. If a Respondent believes that its response, or parts of its response, may be exempted from disclosure to the public, the Respondent must specify page-by-page and line-by-line the parts of the response, which it believes, are exempted from disclosure. In addition, the Respondent must specify which exception(s) are applicable and provide detailed reasons to substantiate the exception(s). Respondent must provide this information on the "Acknowledgement and Acceptance to Region 10 ESC's Public Information Act Policy" form found on the next page of this solicitation. Any information that is unmarked will be considered public information and released, if requested under the Public Information Act.

The determination of whether information is confidential and not subject to disclosure is the duty of the Office of Attorney General (OAG). Region 10 ESC must provide the OAG with the information requested in order for the OAG to render an opinion. In such circumstances, Respondent will be notified in writing that the material has been requested and delivered to the OAG. Respondent will have an opportunity to make arguments to the OAG in writing regarding the exception(s) to the TPIA that permit the information to be withheld from public disclosure. Respondents are advised that such arguments to the OAG must be specific and well-reasoned--vague and general claims to confidentiality by the Respondent are generally not acceptable to the OAG. Once the OAG opinion is received by Region 10 ESC, Region 10 ESC must comply with the opinions of the OAG. Region 10 ESC assumes no responsibility for asserting legal arguments on behalf of any Respondent. Respondents are advised to consult with their legal counsel concerning disclosure issues resulting from this procurement process and to take precautions to safeguard trade secrets and other proprietary information.

After completion of award, these documents will be available for public inspection.

## COMPANY PROFILE

**1. Please provide your company's official registered name, Dun & Bradstreet (D&B) number, and primary corporate office location.**

Pacific One Source Inc. dba STS Education  
D&B# 831820308  
130 W Cochran Street, Simi Valley CA 93065

**2. Please provide a brief history of your company, including the year it was established.**

The roots of STS began in 2001 when the company, originally named EduTech, began providing schools with reconditioned computers in response to a California state initiative that granted technology funding to high schools. In 2010 EduTech was re-formed under Pacific OneSource, Inc. to achieve the specific goal of providing cost-effective technology solutions to classrooms nationwide. Today, STS Education is an Ed-tech company that has a curated set of purpose-built for education products, services and solutions that revolve around four areas, Operational Sustainability, Collaboration and Engagement, STEAM and Software.

**3. Who is your competition in the marketplace?**

Our competition will be any value-added reseller (VAR) or ed tech company focused on delivering an enhanced educational experience through the integration of technology and other complementary products.

**4. What are your overall annual sales for last three (3) years?**

\$142,690,030.19 (2018 - \$34,502,987.12, 2019 - \$43,528,361.94, 2020 -\$64,658,681.13)

**5. What are your overall public sector sales, excluding Federal Government, for last three (3) years?**

\$142,690,030.19 (2018 - \$34,502,987.12, 2019 - \$43,528,361.94, 2020 -\$64,658,681.13)

**6. What differentiates your company from competitors in the public sector?**

At STS, we have a unique point-of-view, focusing on solutions that are custom-built for education. While many education VARs focus on devices, we focus on solutions, acting as an education company first and a device company second. We prioritize with an end-to-end turn key approach that includes professional development, device setup, maintenance, and ongoing support. The key for STS is how technology will help improve student outcomes.

**7. Please provide your company’s environmental policy and/or sustainability initiative.**

Today, sustainable practices in business have become an intrinsic part of overall performance. As these practices evolve, so does the definition of sustainability. We believe sustainability is achieved through an appropriate balance of environmental stewardship, financial stability, and community involvement.

STS has developed a unique AVR (asset value recovery) program which involves purchasing used computer equipment, which would normally be disposed of, and refurbishing/re-purposing that equipment as low-cost alternatives for schools facing tight budgets for technology purchasing.

By keeping this equipment out of landfills, STS is able to be both sustainably environmentally friendly, and economically helpful to schools aiming to maximize tech on a strict budget.

## PRICING/PRODUCTS/SERVICES OFFERED:

**10. Please outline your products being offered, including the features and benefits and how they address the scope being requested herein. Please be specific; your answer to this question, along with products/services provided in your pricing file will be used to evaluate your offering.**

STS has curated a list of products and partners specifically designed to address the requests and potential growth of eSports programs throughout the entirety of the United States, which is fully scalable and open to customization based on the requests and needs of each project.

Laptop and desktop options provided will allow players to effectively and efficiently compete in any currently popular or upcoming eSports gaming option, and can be upgraded or customized based on the needs and system requirements of each unique project, as needed.

For the RFP we have designed a “typical” academic eSports learning space that will be used for our basis of design to determine pricing in Appendix B - Tab ‘Products - Services Price List’. The design includes areas for gaming, strategy and communication, as well as spectators and will include all of the necessary products and services necessary to design and implement an esports space. In addition to the base designs, we have included numerous other products that allow for flexibility within the design and implementation based on individual district requirements and budgets.

Items are priced utilizing the spreadsheet provided by Equalis. In addition, value added furniture discounts by manufacturer include all items within the below manufacturer’s catalogs (outside of appendix B):

- Alumni - 60% off of list price
  - To verify list price for Alumni, see attached list pricer
- Arozzi - 12% off of list price
  - To verify list price for Arozzi, see attached list pricer
- Media Technologies - 47% off of list price
  - Orders over \$75,000 list will be 49% off of list
  - To verify list price for Media Technologies, see attached list pricer
- Mien - 46% off of list price
  - To verify list price for Mien, please contact Kevin Ecarius @ 616.818.1970
- Mooreco - 42% off of list price

## Academic eSports Machines and Equipment

STS education has creatively designed multiple hardware options to achieve the multiple goals inherent with an eSports portfolio, including partnering with major computer manufacturers and designing our own custom line of affordable refurbished gaming PCs available through our 'Phoenix Computers' line.

Our entry-level gaming platform is designed and configured specifically to exceed the requirements of today's top academic eSports games using eSports-optimized components to deliver a complete gaming experience.

STS Education is the exclusive provider of refurbished gaming PCs for the North American Scholastic eSports Federation (NASEF) and was recently awarded a contract for Region 10 to cover our Phoenix line of PCs.

## Broadcast and production assistance, Live-Streaming services, & Live event operations management.

STS has partnered with HighSchool.GG to provide top-tier production, live streaming, and live event management. The companies have successfully completed events together in Seattle, WA, and Bay County FL, and Los Angeles, CA.

HighSchool.GG has been contracted with school districts that have produced the largest live-streamed esports events in High School. In 2018 we set the record in Downey, California for a live event attended by 600 individuals in live audience, with 2500 live views. In 2019 we produced live-streamed events attended by 500 live audience in Compton, CA, 3000 views, and 850 live audience with 5500 views in Downey CA. For these events HighSchool.GG produced 100% of the event, including booking of the venues (theatrical venues), installation and project of 60 foot screens, hiring of casters, observers, commentators, and other production staff. We can broadcast to private websites, OTT providers, and common streaming platforms such as Twitch, Youtube, and Facebook. HighSchool.GG are partners with Twitch.

In addition to a completely managed streaming solutions, we also provide options where students are involved in both the planning and execution of the live streamed events, and ongoing weekly broadcasts of their matches. We also offer a blended model where industry professional mentor students during the events themselves. We've defined 12 roles that students can take during the live event, and this maps to 7 different CTE Career Clusters (our CTE program explain below in the "other services" section).

### **Proactive monitoring of technology and systems.**

The STS partnership with Radix has allowed us to assist schools in increasing their MTBF (Mean Time Between Failures) by being proactive in their device management, and setting thresholds for our metrics so that we get notified when something is out of balance, but before the usability of the system is affected. )For example memory usage is increasing much faster than usual. Or memory usage is above X%.)

Utilization is usually the easiest to measure, we can easily measure CPU, memory, network and storage/IO utilization in %. Saturation in disk/IO can for example be to measure CPU IOWAIT or Linux load averages. Swapping can be a sign of saturation in memory. Dropped packets can be a sign of saturation on the network interface. Errors are usually not available as a metric, but shows up in logs as unstructured text.

### **Professional Development & Training**

STS has partnered with NASEF to offer a multitude of professional development and training options to address each aspect of creating, running, and maintaining an eSports program, in addition to integrating curriculum into an eSports platform, to best engage their student population and attendees.

In addition to start-up training, ongoing professional development is available, including free membership within NASEF affiliate and related communities and Discord channels after award of bid.

(All training is conducted by credentialed teachers who helped design and write NASEF's state dept of ed approved curriculum)

### **Any other product or services related to a successful eSports program not already defined herein.**

STS and NASEF are able to provide multiple options for consultants and advisors to address all aspects of running and maintaining a successful eSports program, including (but not limited to) Curriculum Advisors, Project Managers, Event Organizers, etc. based on the needs, requirements, and expectations of the program and events (see Attachment B for more information)

### **CERTIFICATIONS - Our Partnership with CompTIA**

STS and HighSchool.GG have partnered with CompTIA to provide access to both curriculum and testing for certifications by using the above mentioned Career Development Events. Students can work towards and obtain valuable industry certifications including CompTIA A+, Network +, Security +, Cloud+, Linux+, Server+, CASP+, PenTest+, Project+, CTT+, Cloud Essentials.

### **Arena, computer lab or other esports space design.**

STS offers a multitude of design options and layouts for eSports labs and arenas based on the scale and size of the room and the scope of the deployment project.

A full slate of customizable furniture is available, including gaming chairs, desks, viewer seating, wall decals, cable management, lighting, interactive flat panels for controlled viewing, and other options to meet any customization or layout needs.

The team at STS will work closely with its manufacturer partners to design the space and offer interior design selections based on the vision and direction of all stakeholders involved.

**Content development, including a code of conduct, curriculum and any other relevant content for managing an esports program.**

NASEF has partnered with multiple universities and colleges geographically, including University of California, Irvine, University of St. Thomas, and Harrisburg University disbursed to provide a broad array of coaching support services, modeled after 3 years of coaching thru Univ of Cal, Irvine's esports program. These include foundational components such as background check of potential coaches for screening, to virtual coaching sessions on multiple topics, ranging from technical aspects on title/game play to peer mentorship support.

STS and NASEF offer options to advise and train on NASEF operational and NASEF developed state-approved curriculum adoption and integration. Coaching on how to integrate existing curricula with esports learning content. Ideation / Collaboration around bespoke curriculum development Attention to US DoE and other pertinent standards, per grade level assessed

The STS partnership with Healthy Player One provides a secure method for capturing player conduct and proactively managing access time to help academic esports programs address bullying and game-related injuries that exist in most schools. The first SaaS solution designed to proactively monitor and report on health and safety in esports, Healthy Player ONE is broken down into two primary components using client-based software and our cloud dashboard.

STS and Healthy Player One offer Harassment/Bullying Protection which allows users to capture game play and audio with the touch of a key, storing potential incidents on our dashboard to be reviewed by school officials with a clear chain of custody over all evidence. The information is captured on the PC and uploaded to the cloud after the game automatically where it is logged and accessible for investigation.

Healthy Player One also provides injury protection by allowing school officials to establish time limits for play, logging off students to take mandatory rest breaks and requiring the self-reporting of any symptoms that may require further review by school and health officials. The administrator can set a mandatory log out time for rest (i.e. 15-minute break every 90 minutes) so the student cannot log into another PC during that time.

STS and HighSchool.GG provide customized programs for each school district, and supports all major esports titles including SMITE, Rocket League, Super Smash Brothers, Samurai Showdown, Street Fighter, Tekken 7, Magic The Gathering, FIFA, Pro Evolution Soccer, NBA 2k, NHL, FORZA, MADDEN, Overwatch, CSGO, League of Legends, Halo, Call of Duty, Unreal Tournament, Rainbow Six, Valorant, Apex Legends, Rouge Company, Fortnite, and PUBG.

STS and HighSchool.GG create a custom tournament for your school district, at either the middle or high school level. Teams compete internally to determine the best team in a given game in a season, and then HighSchool.GG creates a district-wide championship pitting rival schools against each other. All programs include a student leadership component, which satisfies the Career Technical Education Student Leadership requirements and serves as a Career Technical Student Organization. Students have the opportunity to produce streamed matches and create a championship production that teaches them skills mapping to many different career clusters, including business, marketing, finance, STEM, IT, hospitality & tourism.

STS and HighSchool.GG work with the district to customize the esports program based on the duration (typical programs last from 6-12 weeks on the short side, to quarterly and semester-long programs). We provide on-demand support throughout the regular season and championships, including pre-season training for teachers and team captains.

## MULTIPLE HARDWARE OPTIONS

Educators may see the benefits of academic esports, but their budgets may pose a challenge, and STS has designed solutions to any and all eSports needs and goals for hardware, curriculum, player health, mentorships, training, performance, presentation, and beyond.

Our dedicated support team will ensure that eSports deployment moves forward smoothly, and that everyone involved, from students and teachers, to parents and viewers, obtain the maximum impact and effect of the benefits unique to eSports programs in schools, all while having fun and keeping safe!

## eSports Trailer

STS is ready to deploy our Mobile Learning Lab in the region, an eSports trailer designed for mobile student competitions that doubles as a professional development lab which offers training to district administrators in areas such as eSports, virtual reality, security, and interactive touch technology!

Operating as a mobile classroom, our trailer is equipped with interior and exterior Interactive Flat Panels to provide ample viewing opportunities inside and outside of the enclosure.

Our Mobile Learning Lab is equipped as a demonstration space for remote events, showcasing technologies such as security and networking as well as accessories from furniture to virtual reality headsets.

## Player Health and Anti-Bullying

STS Education is additionally offering Healthy Player ONE software as a supplemental solution to improve engagement in academic esports. Despite the growing interest in scholastic esports, institutions still struggle with two underlying issues. If ignored, they can hurt or alienate the very students you once helped to nurture. Our software for your gaming PCs can prevent that from happening.

# 65%

of all players reported experiencing “severe harassment” such as physical threats, stalking and sustained harassment \*

# 56%

of college esports players reported suffering from eye fatigue and eye strain\*\*

# 42%

of college esports players reported back and/or neck pain from excessive play\*\*

# 36%

of college esports players reported wrist and/or hand pain from excessive play\*\*

Education publications have warned that esports “can be hostile” as well as “misogynistic and hurtful.” Studies have shown that more than half of college esports players experience one or more health-related issues.

Cameras on campus helped deter bad behavior, so introducing a passive method for monitoring behavior in gaming can help your institution’s esports programs remain free of controversy. The software is constantly capturing video and audio feeds, so when a student flags an incident, it actually can show up to 5 minutes of audio and video before that moment. Now, school officials have a full accounting of what transpired to help resolve matters quickly and accurately.

Title IX of the Education Amendments of 1972 requires educational institutions to protect individuals being subjected to discrimination, including harassment. Healthy Player ONE not only empowers academic institutions to demonstrate compliance with Title IX for esports, the software also helps prevent future tort litigation stemming from esports-related injury claims from students.

Esports “codes of conduct” are a great first step but implementing Healthy Player ONE helps your esports efforts become more inclusive and safer for all students. Contact us today to arrange a demonstration and become part of the Healthy Player ONE community.

Healthy Player One provides a secure method for capturing player conduct and managing access time to help academic esports programs address bullying and game-related injuries. The first SaaS solution designed to proactively monitor and report on health and safety in esports, Healthy Player ONE is broken down into two primary components:

### Harassment/Bullying Prevention

Allows users to flag game play and audio with the touch of a key, storing potential incidents on our dashboard to be reviewed by school officials with a clear chain of custody over all evidence.

### Injury Prevention

Allowing school officials to establish time limits for play, logging off students to take mandatory rest breaks and requiring the self-reporting of any symptoms that may require further review by school and health officials.

Healthy Player ONE is sold as a SaaS solution on an annual subscription. Schools may choose to purchase either per-gaming PC or as a flat site license rate per school building.

### Consulting

STS and our partners understand that eSports programs, can easily become large scales of work for all districts, and we provide multiple opportunities to speak with specialists and representatives from the field to assist in these processes from the ground up.

Whether putting together a small eSports lab and running academic curriculum, or arranging for a large district-wide tournament series with events, our highly-experienced team is ready to step in with mentorship and consultations to ensure that everyone has tons of fun, while learning and refining their skill along the way!

## **DOC #6 IMPLEMENTATION OF HOUSE BILL 1295**

### **Certificate of Interested Parties (Form 1295):**

In 2015, the Texas Legislature adopted House Bill 1295, which added section 2252.908 of the Government Code. The law states that a governmental entity or state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties to the governmental entity or state agency at the time the business entity submits the signed contract to the governmental entity or state agency. The law applies only to a contract of a governmental entity or state agency that either (1) requires an action or vote by the governing body of the entity or agency before the contract may be signed or (2) has a value of at least \$1 million. The disclosure requirement applies to a contract entered into on or after January 1, 2016.

The Texas Ethics Commission was required to adopt rules necessary to implement that law, prescribe the disclosure of interested parties form, and post a copy of the form on the commission's website. The commission adopted the Certificate of Interested Parties form (Form 1295) on October 5, 2015. The commission also adopted new rules (Chapter 46) on November 30, 2015, to implement the law. The commission does not have any additional authority to enforce or interpret House Bill 1295.

### **Filing Process:**

Starting on January 1, 2016, the commission will make available on its website a new filing application that must be used to file Form 1295. A business entity must use the application to enter the required information on Form 1295 and print a copy of the completed form, which will include a certification of filing that will contain a unique certification number. An authorized agent of the business entity must sign the printed copy of the form and have the form notarized. The completed Form 1295 with the certification of filing must be filed with the governmental body or state agency with which the business entity is entering into the contract.

The governmental entity or state agency must notify the commission, using the commission's filing application, of the receipt of the filed Form 1295 with the certification of filing not later than the 30th day after the date the contract binds all parties to the contract. The commission will post the completed Form 1295 to its website within seven business days after receiving notice from the governmental entity or state agency.

Information regarding how to use the filing application will be available on this site starting on January 1, 2016. [https://www.ethics.state.tx.us/whatsnew/elf\\_info\\_form1295.htm](https://www.ethics.state.tx.us/whatsnew/elf_info_form1295.htm)

**DOC #7 BOYCOTT CERTIFICATION**

Respondents must certify that during the term of any Agreement, it does not boycott Israel and will not boycott Israel. "Boycott" means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes.

**DOC #8 TERRORIST STATE CERTIFICATION**

In accordance with Texas Government Code, Chapter 2252, Subchapter F, REGION 10 ESC is prohibited from entering into a contract with a company that is identified on a list prepared and maintained by the Texas Comptroller or the State Pension Review Board under Texas Government Code Sections 806.051, 807.051, or 2252.153. By execution of any agreement, the respondent certifies to REGION 10 ESC that it is not a listed company under any of those Texas Government Code provisions. Responders must voluntarily and knowingly acknowledge and agree that any agreement shall be null and void should facts arise leading the REGION 10 ESC to believe that the respondent was a listed company at the time of this procurement.

**DOC #9 RESIDENT CERTIFICATION:**

This Certification Section must be completed and submitted before a proposal can be awarded to your company. This information may be placed in an envelope labeled "Proprietary" and is not subject to public view. In order for a proposal to be considered, the following information must be provided. Failure to complete may result in rejection of the proposal:

As defined by Texas House Bill 602, a "nonresident Bidder" means a Bidder whose principal place of business is not in Texas, but excludes a contractor whose ultimate parent company or majority owner has its principal place of business in Texas.

**DOC #10 FEDERAL FUNDS CERTIFICATION FORM**

When a participating agency seeks to procure goods and services using funds under a federal grant or contract, specific federal laws, regulations, and requirements may apply in addition to those under state law. This includes, but is not limited to, the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 CFR 200 (sometimes referred to as the "Uniform Guidance" or "EDGAR" requirements). All Vendors submitting proposals must complete this Federal Funds Certification Form regarding Vendor's willingness and ability to comply with certain requirements which may be applicable to specific participating agency purchases using federal grant funds. This completed form will be made available to participating agencies for their use while considering their purchasing options when using federal grant funds. Participating agencies may also require Vendors to enter into ancillary agreements, in addition to the contract's general terms and conditions, to address the member's specific contractual needs, including contract requirements for a procurement using federal grants or contracts.

**For each of the items below, Vendor should certify Vendor's agreement and ability to comply, where applicable, by having Vendor's authorized representative complete and initial the applicable lines after each section and sign the acknowledgment at the end of this form.** If a vendor fails to complete any item in this form, Region 10 ESC will consider the Vendor's response to be that they are unable or unwilling to comply. A negative response to any of the items may, if applicable, impact the ability of a participating agency to purchase from the Vendor using federal funds.

**1. Vendor Violation or Breach of Contract Terms:**

Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 USC 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

Any Contract award will be subject to Region 10 ESC General Terms and Conditions, as well as any additional terms and conditions in any Purchase Order, participating agency ancillary contract, or Member Construction Contract agreed upon by Vendor and the participating agency which must be consistent with and protect the participating agency at least to the same extent as the Region 10 ESC Terms and Conditions.

The remedies under the Contract are in addition to any other remedies that may be available under law or in equity. By submitting a Proposal, you agree to these Vendor violation and breach of contract terms.

Does vendor agree? MA  
(Initials of Authorized Representative)

**2. Termination for Cause or Convenience:**

When a participating agency expends federal funds, the participating agency reserves the right to immediately terminate any agreement in excess of \$10,000 resulting from this procurement process in the event of a breach or default of the agreement by Offeror in the event Offeror fails to: (1) meet schedules, deadlines, and/or delivery dates within the time specified in the procurement solicitation, contract, and/or a purchase order; (2) make any payments owed; or (3) otherwise perform in accordance with the contract and/or the procurement solicitation. participating agency also reserves the right to terminate the contract immediately, with written notice to offeror, for convenience, if participating agency believes, in its sole discretion that it is in the best interest of participating agency to do so. Offeror will be compensated for work performed and accepted and goods accepted by participating agency as of the termination date if the contract is terminated for convenience of participating agency. Any award under this procurement process is not exclusive and participating agency reserves the right to purchase goods and services from other offerors when it is in participating agency's best interest.

Does vendor agree? MA  
(Initials of Authorized Representative)

**3. Equal Employment Opportunity:**

Except as otherwise provided under 41 CFR Part 60, all participating agency purchases or contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60 -1.3 shall be deemed to include the equal opportunity clause provided under 41 CFR 60- 1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment O pportunity," and implementing regulations at 41 CFR Part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

The equal opportunity clause provided under 41 CFR 60-1.4(b) is hereby incorporated by reference. Vendor agrees that such provision applies to any participating agency purchase or contract that meets the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 and Vendor agrees that it shall comply with such provision.

**4. Davis-Bacon Act:**

When required by Federal program legislation, Vendor agrees that, for all participating agency prime construction contracts/purchases in excess of \$2,000, Vendor shall comply with the Davis-Bacon Act (40 USC 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted C onstruction"). In accordance with the statute, Vendor is required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determinate made by the Secretary of Labor. In addition, Vendor shall pay wages not less than once a week.

Current prevailing wage determinations issued by the Department of Labor are available at [www.wdol.gov](http://www.wdol.gov). Vendor agrees that, for any purchase to which this requirement applies, the award of the purchase to the Vendor is conditioned upon Vendor's acceptance of the wage determination.

Vendor further agrees that it shall also comply with the Copeland "Anti-Kickback" Act (40 USC 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled.

**5. Contract Work Hours and Safety Standards Act:**

Where applicable, for all participating agency contracts or purchases in excess of \$100,000 that involve the employment of mechanics or laborers, Vendor agrees to comply with 40 USC 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 USC 3702 of the Act, Vendor is required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 USC 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

**6. Right to Inventions Made Under a Contract or Agreement:**

If the participating agency's Federal award meets the definition of "funding agreement" under 37 CFR 401.2(a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the

substitution of parties, assignment or performance or experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

Vendor agrees to comply with the above requirements when applicable.

**7. Clean Air Act and Federal Water Pollution Control Act:**

Clean Air Act (42 USC 7401-7671q.) and the Federal Water Pollution Control Act (33 USC 1251-1387), as amended Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 USC 7401-7671q.) and the Federal Water Pollution Control Act, as amended (33 USC 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

When required, Vendor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act and the Federal Water Pollution Control Act.

**8. Debarment and Suspension:**

Debarment and Suspension (Executive Orders 12549 and 12689) A contract award (see 2 CFR 180.220) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR Part 1966 Comp. p. 189) and 12689 (3CFR Part 1989 Comp. p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Vendor certifies that Vendor is not currently listed on the government-wide exclusions in SAM, is not debarred, suspended, or otherwise excluded by agencies or declared ineligible under statutory or regulatory authority other than Executive Order 12549. Vendor further agrees to immediately notify the Cooperative and all participating agencies with pending purchases or seeking to purchase from Vendor if Vendor is later listed on the government-wide exclusions in SAM, or is debarred, suspended, or otherwise excluded by agencies or declared ineligible under statutory or regulatory authority other than Executive Order 12549.

**9. Byrd Anti-Lobbying Amendment:**

Byrd Anti-Lobbying Amendment (31 USC 1352) -- Vendors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 USC 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award. As applicable, Vendor agrees to file all certifications and disclosures required by, and otherwise comply with, the Byrd Anti-Lobbying Amendment (31 USC 1352).

**10. Procurement of Recovered Materials:**

For participating agency purchases utilizing Federal funds, Vendor agrees to comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act where applicable and provide such information and certifications as a participating agency may require to confirm estimates and otherwise comply. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery, and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

**11. Profit as a Separate Element of Price:**

For purchases using federal funds in excess of \$150,000, a participating agency may be required to negotiate profit as a separate element of the price. See, 2 CFR 200.323(b). When required by a participating agency, Vendor agrees to provide information and negotiate with the participating agency regarding profit as a separate element of the price for a particular purchase. However, Vendor agrees that the total price, including profit, charged by Vendor to the participating agency shall not exceed the awarded pricing, including any applicable discount, under Vendor’s Cooperative Contract.

**AZ Compliance with Federal and state requirements:** Contractor agrees when working on any federally assisted projects with more than \$2,000.00 in labor costs, to comply with all federal and state requirements, as well as Equal Opportunity Employment requirements and all other federal and state laws, statutes, etc. Contractor agrees to post wage rates at the work site and submit a copy of their payroll to the member for their files. Contractor must retain records for three years to allow the federal grantor agency access to these records, upon demand. Contractor also agrees to comply with the Arizona Executive Order 75-5, as amended by Executive Order 99-4.

When working on contracts funded with Federal Grant monies, contractor additionally agrees to comply with the administrative requirements for grants, and cooperative agreements to state, local and federally recognized Indian Tribal Governments.

**AZ Compliance with workforce requirements:** Pursuant to ARS 41-4401, Contractor and subcontractor(s) warrant their compliance with all federal and state immigration laws and regulations that relate to their employees, and compliance with ARS 23-214 subsection A, which states, ..."every employer, after hiring an employee, shall verify the employment eligibility of the employee through the E-Verify program" Region 10 ESC reserves the right to cancel or suspend the use of any contract for violations of immigration laws and regulations. Region 10 ESC and its members reserve the right to inspect the papers of any contractor or subcontract employee who works under this contract to ensure compliance with the warranty above.

**AZ Contractor Employee Work Eligibility:** By entering into this contract, contractor agrees and warrants compliance with A.R.S. 41-4401, A.R.S. 23-214, the Federal Immigration and Nationality Act (FINA), and all other Federal immigration laws and regulations. Region 10 ESC and/or Region 10 ESC members may request verification of compliance from any contractor or sub contractor performing work under this contract. Region 10 ESC and Region 10 ESC members reserve the right to confirm compliance. In the event that Region 10 ESC or Region 10 ESC members suspect or find that any contractor or subcontractor is not in compliance, Region 10 ESC may pursue any and all remedies allowed by law, including but not limited to suspension of work, termination of contract, suspension and/or debarment of the contractor. All cost associated with any legal action will be the responsibility of the contractor.

**AZ Non-Compliance:** All federally assisted contracts to members that exceed \$10,000.00 may be terminated by the federal grantee for noncompliance by contractor. In projects that are not federally funded, Respondent must agree to meet any federal, state or local requirements as necessary. In addition, if compliance with the federal regulations increases the contract costs beyond the agreed on costs in this solicitation, the additional costs may only apply to the portion of the work paid by the federal grantee.

**Registered Sex Offender Restrictions (Arizona):** For work to be performed at an Arizona school, contractor agrees that no employee or employee of a subcontractor who has been adjudicated to be a registered sex offender will perform work at any time when students are present, or reasonably expected to be present. Contractor agrees that a violation of this condition shall be considered a material breach and may result in the cancellation of the purchase order at the Region 10 ESC member's discretion. Contractor must identify any additional costs associated with compliance to this term. If no costs are specified, compliance with this term will be provided at no additional charge.

**Offshore Performance of Work Prohibited:** Due to security and identity protection concerns, direct services under this contract shall be performed within the borders of the United States.

**Terrorism Country Divestments:** In accordance with A.R.S. 35-392, Region 10 ESC and Region 10 ESC members are prohibited from purchasing from a company that is in violation of the Export Administration Act. By entering into the contract, contractor warrants compliance with the Export Administration Act.

The undersigned hereby accepts and agrees to comply with all statutory compliance and notice requirements listed in this document.

**PROCUREMENT, PROFESSIONAL AND SERVICE CONTRACTS**

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. The contractor will take affirmative action to ensure that such applicants are recruited and employed, and that employees are treated during employment, without regard to their age, race, creed, color,

national origin, ancestry, marital status, sex, affectional or sexual orientation. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this non-discrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisement for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation.

The contractor or subcontractor, where applicable, will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer pursuant to P.L. 1975, c. 127, as amended and supplemented from time to time and the Americans with Disabilities Act.

The contractor or subcontractor agrees to attempt in good faith to employ minority and female workers trade consistent with the applicable county employment goal prescribed by N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time or in accordance with a binding determination of the applicable county employment goals determined by the Affirmative Action Office pursuant to N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time.

The contractor or subcontractor agrees to inform in writing appropriate recruitment agencies in the area, including employment agencies, placement bureaus, colleges, universities, labor unions, that it does not discriminate on the basis of age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and that it will discontinue the use of any recruitment agency which engages in direct or indirect discriminatory practices.

The contractor or subcontractor agrees to revise any of its testing procedures, if necessary, to assure that all personnel testing conforms with the principles of job-related testing, as established by the statutes and court decisions of the state of New Jersey and as established by applicable Federal law and applicable Federal court decisions.

The contractor or subcontractor agrees to review all procedures relating to transfer, upgrading, downgrading and lay-off to ensure that all such actions are taken without regard to age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and conform with the applicable employment goals, consistent with the statutes and court decisions of the State of New Jersey, and applicable Federal law and applicable Federal court decisions.

The contractor and its subcontractors shall furnish such reports or other documents to the Affirmative Action Office as may be requested by the office from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Affirmative Action Office for conducting a compliance investigation pursuant to Subchapter 10 of the Administrative Code (NJAC 17:27).

**Public Agency Instructions**

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.**

What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information is available in Local Finance Notice 2006-1 ([https://www.nj.gov/dca/divisions/dlgs/resources/lfns\\_2006.html](https://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html)).

1. The disclosure is required for all contracts in excess of \$17,500 that are **not awarded** pursuant to a “fair and open” process (N.J.S.A. 19:44A-20.7).
2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.
3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.
4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.
  - a) The Division has prepared model disclosure forms for each county. They can be downloaded from the “County PCD Forms” link on the Pay-to-Play web site at [https://www.state.nj.us/dca/divisions/dlgs/programs/pay\\_2\\_play.html](https://www.state.nj.us/dca/divisions/dlgs/programs/pay_2_play.html) They will be updated from time-to-time as necessary.
  - b) A public agency using these forms **should edit them to properly reflect the correct legislative district(s)**. As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
  - c) Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
  - d) The form may be used “as-is”, subject to edits as described herein.
  - e) The “Contractor Instructions” sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
  - f) The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.
5. It is recommended that the contractor also complete a “Stockholder Disclosure Certification.” This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract. (See Local Finance Notice 2006-7 for additional information on this obligation) A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. **NOTE: This section is not applicable to Boards of Education.**

## C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

### Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

4. any State, county, or municipal committee of a political party
5. any legislative leadership committee\*
6. any continuing political committee (a.k.a., political action committee)
7. any candidate committee of a candidate for, or holder of, an elective office:
  1. of the public entity awarding the contract
  2. of that county in which that public entity is located
  3. of another public entity within that county
  4. or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county. The disclosure must list reportable contributions to any of the committees that exceed \$300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

8. individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
9. all principals, partners, officers, or directors of the business entity or their spouses
10. any subsidiaries directly or indirectly controlled by the business entity
11. IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs). When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure. Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report. The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement. The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act. The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law.

**NOTE: This section does not apply to Board of Education contracts.**

\* N.J.S.A. 19:44A-3(s): "The term "legislative leadership committee" means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures."

**C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM**

Required Pursuant To N.J.S.A. 19:44A-20.26

**This form or its permitted facsimile must be submitted to the local unit no later than 10 days prior to the award of the contract.**

## **NASEF STAFFING**

Gerald R. Solomon served as the Executive Director of the Samueli Foundation for nearly 13 years until

September 2020 where he oversaw the family's global philanthropic activities, providing grants to innovative entrepreneurial programs

focused on

STEM education and youth development, in excess of \$510 Mil. Mr. Solomon left the Foundation to spin off and lead their innovative STEM-based esports program (NASEF). During his tenure, he designed and co-managed the STEM Ecosystems Initiative in 89 cities across the globe

[www.stemecosystems.org](http://www.stemecosystems.org)), which served as the foundation for the creation of NASEF.

In 2018, Mr. Solomon founded, designed and launched the North America Scholastic Esports Federation (NASEF), the nation's first ever academic approach to esports, whose mission is to provide opportunities for ALL students to use esports as a platform to acquire the skills needed in the workforce of tomorrow, as well as critical communication, collaboration, and problem-solving attributes needed to thrive in life. NASEF is based upon a fully credentialed State of California approved 4-year high school, CTE and middle school curricula. In 24 short months, NASEF is now in 48 states with over 13,000 students in over 1,350 clubs as well as having established affiliates in Japan, Mexico, Israel, the UK, France, Nigeria and South Africa with expansion continuing globally.

Mr. Solomon serves as Chair of the University of California, Irvine Esports Advisory Board, and on the boards of the Consortium of Florida Ed Foundations, the Calif Dept of Ed Foundation, and chair emeritus of the STEM Funders Network and the STEM Ecosystems Initiative, to name a few.

Kevin Brown is a Career Technical Education instructor (hospitality management), curriculum writer, accomplished linguist and life-long gamer based at the Orange County Department of Education, serving 450,000+ students in 27 districts in Orange County, CA. A passionate advocate for reaching all kids through the inclusion of esports into mainstream curricula, Kevin was initially attracted to the concept of esports as a vehicle for education as part of a multi-disciplinary exercise to create state- approved courses for CA high schools. He sees his job as the perfect linkage between parents, educators and administrators, helping them cross the seemingly impossible divide between videogame play and all of its inherent scholastic and social emotional merits. Kevin oversaw the writing and approval process for NASEF's state approved scholastic esports curriculum, and serves as NASEF's Director of Education and Training.

Jorrel holds a BA in Human Development and a CTE Credential. He grew his roots as an instructor for various non-profits, taught English in South Korea, volunteered as a virtual educator for students in India, and designed a statewide STEM enrichment program for expanded learning centers in California. Jorrel now leads NASEF's Scholastic Fellow Program as the Esports Scholastic Instructional Coach with the role of building educator capacity and supporting their instructional practices as integrated with Scholastic Esports. When not at work, he loves gaming with the wife, designing and playing in the future: spending his time UAV tinkering, 3D printing, and exploring virtual reality. Jorrel manages the NASEF Scholars program and is a lead trainer.

Todd Harris is the founder and CEO of Skillshot Media, a top tier global esports infrastructure provider and multi-media organization. Skillshot powers the NACE college esports platforms and events supporting 200+ collegiate esports programs.

Previously, Todd was co-founder of Hi-Rez Studios, a leading publisher of esports games, including such notable titles as Smyte and Palladin.

Todd serves as Board Chair of NASEF, and furthers his passion for youth development as an adjunct professor at Georgia State, Chairs as well the Atlanta Esports Alliance, is an Advisor to NFHS, and on the board of Make A Wish Georgia.

Claire LaBeaux, as Director of Marketing and Communication, has been leading marketing and content development for NASEF, working to raise visibility of the organization and the impact of scholastic esports since its founding as a pilot program in southern California to its current role as a worldwide leader in scholastic esports. She is a consultant who focuses on STEM education and youth impact, working with other notable organizations like the Connected Learning Lab, Chief Science Officers, and SciStarter. LaBeaux has more than 20 years of experience in public relations and communications, and she excels at raising awareness by leveraging a variety of tools, such as a strong web presence, digital marketing, earned media, partner relationships, and more.

Carolyn currently serves as an administrative assistant at North American Scholastic Esports Federation (NASEF). Her role includes overall management of NASEF's committee structure, NASEF's discord servers and channels, and website management. A graduate from San Jose State University with a B.S in Recreation Management where she was a competitive esports gamer and streamer. She is a team player, outgoing and detail oriented.
