

OHIO PAVING & CONSTRUCTION

Capability Statement

Ohio Paving & Construction Co., Inc. specializes in federal, public and commercial horizontal construction. We handle it all, from site preparation, site utilities, asphalt paving and maintenance to concrete demolition. Complete turnkey packages are available, from design to turnover, or we'll build to specification. Our top executives, project managers and site superintendents, foremen and laborers all focus on safety, quality control, attention to detail, open communication and careful process planning. *Let us work with you to provide a service and final product that exceeds expectations.*
