Clint and Eric,

28 April 2022

We are excited about the acquisition of Tru Lite, formerly the Commercial division and “dba” of AZ Insulation & Energy Solutions by Energy X, which was effective April 4th, 2022. Due to market conditions and our desire to expand products and services, this was a strategic choice. We believe our customers will greatly benefit from these changes.

Energy X has purchased all of the assets of Tru Lite. The legal agreement that memorializes the purchase of Tru Lite assigns possible work performed under Region 10 Contract number R10-1133B to Energy X.

Energy X will assume all terms and conditions, rights, and obligations, of the Region 10 Master Agreement Contract number R10-1133B, and the associated Equalis Group Administration Agreement that AZ Insulation & Energy Solutions dba Tru Lite signed with Equalis Group and Region 10 as their own. Energy X remains qualified to complete the project under the terms and conditions of that contract. There are no sales to report through January 2021. Moving forward, Energy X will assume the responsibility to report sales to reporting@equalisgroup.org as per the contract procedures. There are no other materials associated with this contract that need to be transferred.

Please let us know what other information you might be in need of to make this transaction as smooth as possible for you.

Respectfully

Robert Ellsworth
Partner
