

● A SEAMLESS CUSTOMER EXPERIENCE

NetZero USA® is a nationwide, end-to-end provider of commercial LED & GUV lighting solutions. We design, manufacture, install, finance, warranty and service our products.

Our unique approach combines state-of-the-art technology with innovative programs to deliver efficient lighting solutions in a seamless customer experience.

Our mission is to be a trusted partner, delivering the right amount of light with the most amount of life, while reducing energy waste, at a net-zero cost to our customers.

● REDEFINING THE LED INDUSTRY

NetZero USA® is the lighting industry's first – and only – vertically integrated energy reduction company. From product design and manufacturing, to installation and service, and everything in between, we exercise full control over our products and services.

We partner with global industry leaders to bring the latest technology to market and facilitate our best-in-class programs. Our national footprint of NetZero USA® locations gives us the ability to manage projects of any size; across multiple states, regions, and regulatory bodies.

NO CAPITAL REQUIRED

Our innovative Z.E.R.O. Funding Program® allows you to use the money from your energy savings to fund your LED upgrade. Combined with tax incentives and any potential utility rebates, this can mean little to no out-of-pocket expense to you.

AN A.C.E. UP OUR SLEEVES

One size does not fit all.

Our proprietary A.C.E. Energy Analysis® is a free, comprehensive assessment process that produces effective lighting and energy-reduction solutions – customized for the exact needs of your facility.

BUILT FOR MAX LIFE

Eliminate lighting maintenance expense and time. Our state-of-the-art NZLED® lighting products are American designed and engineered using premium components. Manufactured by us for maximum life, they're backed by our industry-leading, Non-Prorated Product Warranty.

YOU'RE PROTECTED³

Your lighting investment is protected.

Our exclusive Triple Protection Guarantee® combines our Non-Prorated Warranty, our Performance Guarantee, and our on-site warranty service to ensure that our solutions perform exactly as designed.
