Pricing response

Randy Conrad, Feb 17, 2022 1:21 PM CST

On the worksheets is the "Verifiable list price location" is this the bidders website or do we put the Manufactures web site. How is the list priced verified and audited?

Clint Pechacek, Feb 18, 2022 8:01 AM CST

Verifiable list price location is wherever the the list price can be seen by customers to verify that a quote they received contains the contract price/discount. Pricing provided to members will be verified by comparing their quotes to the contract pricing and verifying that they are receiving the correct price/discount off list.
