

## ADDENDUM 1: QUESTION & ANSWERS SUMMARY

### RFP# COG-2138 Sports Construction Services

<b>Question 1</b>
Is there a list that includes the items that are classified under UNSPSC 49 Sports and Recreational Equipment and Supplies and Accessories?
<b>Answer 1</b>
There is no master list of products or items that fall under the UNSPSC 49 code. Any product that is identified under that category would be able to be submitted as a part or portion of a supplier proposal. It's important to note, that any company supplying these products should also be able to provide the installation or service of those products as well.
<b>Question 2</b>
I have tried to follow the link to the registration for the preproposal meeting on Nov. 1 and it continues to take me to the Project details page. Can you please assist in any further action I need to take so that our team can attend the meeting?
