Question

Gregg Prettyman, Mar 01, 2023 2:44 PM CST

In reference to the line "compliance with current state education regulations" within the scope, will all vendors providing services to the student population be required to follow the regulations as outlined by the Department of Education?

Clint Pechacek, Mar 01, 2023 4:19 PM CST

All vendors will be responsible for knowing and following the regulations that pertain to their services in the states in which they do business.

In order to assist bidders in offering competitive pricing, can Region 10 ESC provide the following information if applicable? - Current and/or previous vendor(s) - Current vendor rates - Sample invoices from previous and/or current vendor(s) Per the RFP, "Respondents may elect to limit their proposals to a single product or service line within any category, or multiple products and services within any and all categories. However, respondents are encouraged to propose their complete catalog, products and services where available." Would Region 10 ESC be interested in receiving a second proposal if a bidder offers two different services included in this RFP?

Clint Pechacek, Mar 02, 2023 8:38 AM CST

1. The requested documentation is not available, as there are no past or current vendors for this category. 2. No. Region 10 ESC has a strong preference that a vendor provide one proposal for

any services they offer. Multiple responses from the same vendor for different services will not be considered.
