To Whom It May Concern,

StudentNest has been contracted with Fresno Unified School District (FUSD) to provide Tutoring services in support of credit recovery and graduation for students with disabilities to meet their unique needs. They collaborate with our administrators, teachers and families as "Special Education Experts," as the lead for tutoring, providing in-person and virtual services to meet the needs of differently-abled students. In support of this effort, StudentNest has established relationships with the families of our students and our students to determine their present level in accessing our credit recovery and alternative education environments.

StudentNest is now involved with FUSD in a comprehensive intervention program for students with disabilities. In collaboration with our Education Specialists and school sites SN supports students by following the Individualized Education Program (IEP), provides present levels in support of IEP development and progress monitoring to ensure credit recovery so students can graduate on time or put them on a path for graduation. StudentNest collaborates with my department and staff with regular reports and meetings to ensure everyone is aligned with the ultimate goal of needed services for the students.

SN approaches students with differentiated needs through a two-pronged approach with in-person facilitators and proficient online tutors. Through this collaborative "tag-team" method, we can reach the students on an academic and social/emotional level, providing them structure and accountability to maximize their success. This allows FUSD to creatively customize our instructional and support programs to meet the expected academic level of all students. StudentNest has kept the department staff, principals, teachers, counselors, parents and students updated on student progress to ensure seamless support. Certain adjustments need to be made on a regular basis depending on the individual needs of students related to their academic, social-emotional, behavioral and health-related progress. StudentNest staff coordinate those adjustments within their own team and FUSD staff to ensure a smooth transition on a day by day basis.

The students assigned to StudentNest have been scheduled in a timely manner and the staff has been extraordinary in communicating with our agency. They have been timely and efficient in sending the schedules and programs. I highly recommend StudentNest as a tutoring partner for any organization in support students' individual needs.

Sincerely,

Tangee Pinheiro, Ed. D.

Instructional Superintendent, Special Education Programs and Services

Support of Past Performance for Studentnest

The contractor, Studentnest, has provided services for Foster Youth; Group Homes; Students in Juvenile Justice or continuation schools. Programs include: Tutoring; Coding; Robotics; STEM; College and Career Readiness; Counseling.

They have displayed exceptional performance in the areas of Quality of Service/Work and Customer Satisfaction. Evidence for this indicator is provided by the most recent survey data in which teachers and staff indicate that show improvement in completion of work, positive behavior, grades, attendance, and provider engagement.

In addition, Studentnest has displayed exceptional performance in Timeliness of Performance and Business Relations. They have no delays and they are highly responsive to all inquiries and technical issues.

Thank you,

Rami Christophi

RE: StudentNest

To Whom It May Concern,

StudentNest has been contracted with our **LACOE GAIN Division** to provide tutoring services, for kindergarten through 12th grade, on multiple subjects such as Math, Language Arts, Social Studies, and Science, since March 2020. Our division serves the families who receive public assistance (Welfare-to-Work program). We have learned that **StudentNest** is a valuable platform for online instruction, a delivery system that was increasingly important as educational institutions were forced to shut down during the COVID-19 outbreaks.

In the months of preparation and now starting services, **StudentNest** has been an active partner in collaborating on the program elements, paperwork and planning for Virtual Tutoring, and eventually transitioning to in-person tutoring.

The students assigned to **StudentNest** have been scheduled in a timely manner and the staff have been extraordinary in communicating with our agency. They have been prompt and efficient in sending the tutoring schedules, SLP, pretest scores and tutor assignments. I highly recommend **StudentNest** as a tutoring partner.

Sincerely,

Dao Hua Gordon
Career Development Program Specialist/CalWORKs Tutoring Project Liaison
