

Remain in Compliance with Equalis Group

The Public Sector procurement process is riddled with nuances and regulatory considerations established to safeguard how taxpayer dollars are spent. It is often overwhelming and confusing as purchasers navigate strict guidelines and a combination of local, state, and federal statutory requirements, but it doesn't have to be.

There are three compliant avenues for Public Sector entities to spend taxpayer dollars: 1) conducting stand-alone bids/RFPs/RFOs; 2) purchasing through State Term contracts; and, 3) buying through the types of competitively solicited cooperative agreements Equalis Group offers.

We leverage our extensive Public Sector procurement acumen and decades of experience to ensure our members remain compliant when utilizing our publicly procured cooperative agreements to save time and money.

Equalis Group partners with Lead Agencies, Region 10 Educational Service Center (**Region 10 ESC**) in Texas and The Cooperative Council of Governments (**CCOG**) in Ohio, to conduct rigorous and transparent competitive public sector procurement processes for critical products and services. Winning suppliers, distributors, and manufacturers are selected based on both qualitative criteria and pricing. We then establish compliant already-procured Master Agreements with these winning vendors that are available to public agencies nationwide.

Created by Public Sector Organizations for Public Sector Organizations

Who is Equalis Group?

Equalis Group is a Member-Driven, Supplier-Centric organization that embodies the power of partnership. Equalis Group operates with the guiding principle that when the objectives of buyers and sellers are aligned, sustainable value is created, transcending that of the typical short-term transactional relationship. With this differentiated approach, Equalis Group is not just a cooperative purchasing organization; we are a family.

We leverage Equalis Group members' combined buying power to command better pricing and favorable contract

terms from suppliers. We develop and administer a diverse portfolio of cooperative purchasing programs that cover a wide range of products and services and provide our members with a legal and compliant exemption to the bid/request for proposals (**RFP**) process.

Each program in our rapidly growing portfolio provides our members with contracting compliance and the ability to configure the solution that best meets their individual needs while achieving the lowest Total Cost of Ownership.

Time Saved through Equalis Group = More Resources for You to Invest

How many hours and over how many weeks or months does your team invest in a typical solicitation process? How many solicitations does your organization publish each year? How much time and effort can your organization save by leveraging Equalis Group's already-procured portfolio of programs? In what ways can you re-invest that saved time and energy to fulfill your organization's purpose?

Cummins & Equalis Group

Publicly Procured Contract Vehicle

Cummins Contract Highlights

- A robust portfolio of generators and related products designed and manufactured by Cummins, including: stationary and mobile diesel, natural gas, and propane generators with a range of KW output; transfer switches ranging from 40 Amps to 4,000 Amps; and 24/7 emergency service and planned maintenance contracts.
- Exclusive benefits and solutions provided to Equalis Group members with freight and shipping to the first U.S. destination included. Members also receive discounts for Service & Engineer to Order (ETO) options & service plans.
- Nationwide coverage is powered by 3500 authorized service locations. Equalis Group Members always work directly with Cummins, not a third party dealer.

Who is Cummins?

Founded in 1919, Cummins is a vertically integrated global provider of power generation equipment, including standby and prime power generator sets, transfer switches, alternators, and switchgear with multiple fuel type options for application in residential standby, commercial industrial, mining, marine, rail, oil and gas, defense, data centers, telecom, and healthcare applications and industries.

Cummins continues to reduce emissions from its diesel and natural gas products while developing low- and no-carbon technologies and setting comprehensive greenhouse gas reduction targets as a part of its PLANET 2050 strategy.
