- World's only skid steer with a telescoping boom, providing increased height, reach, and dig depth.
- Range of electric machines including telehandlers and mini excavators.
- Personalized service with the expertise and support of a global company.

About JCB

In 1945, Joseph Cyril Bamford (Mr. JCB) launched the equipment manufacturing company that bears his initials with the manufacture of an agricultural tipping trailer. Fast forward 76 years, and the company is still privately held and operated by the Bamford family and is in fact the largest privately held equipment manufacturer in the world. The company now manufactures more than 300 equipment models through 23 manufacturing facilities on 5 continents and is the industry leader for backhoe loader and telescopic handler products.

Rooted in Innovation

Innovation is our lifeblood at JCB – in fact, Mr. JCB invented the backhoe loader in 1953 and as a company JCB hasn't looked back since, continually changing the face of the construction and agricultural equipment industries one product at a time. From the world's safest skid steer loader, the only skid steer with a side door entry, to the industry's only compact track loader with a telescopic boom, JCB designs products with our customers and their jobs in mind. And we continually adapt them by listening to the feedback from our dealers and customers, all of whom are part of the JCB family.

Created by Public Sector Organizations for Public Sector Organizations

Who is Equalis Group?

Equalis Group is a Member-Driven, Supplier-Centric organization that embodies the power of partnership. Equalis Group operates with the guiding principle that when the objectives of buyers and sellers are aligned, sustainable value is created, transcending that of the typical short-term transactional relationship. With this differentiated approach, Equalis Group is not just a cooperative purchasing organization; we are a family.

We leverage Equalis Group members' combined buying power to command better pricing and favorable contract

terms from suppliers. We develop and administer a diverse portfolio of cooperative purchasing programs that cover a wide range of products and services and provide our members with a legal and compliant exemption to the bid/request for proposals (**RFP**) process.

Each program in our rapidly growing portfolio provides our members with contracting compliance and the ability to configure the solution that best meets their individual needs while achieving the lowest Total Cost of Ownership.

Time Saved through Equalis Group = More Resources for You to Invest

How many hours and over how many weeks or months does your team invest in a typical solicitation process? How many solicitations does your organization publish each year? How much time and effort can your organization save by leveraging Equalis Group's already-procured portfolio of programs? In what ways can you re-invest that saved time and energy to fulfill your organization's purpose?
