## The Design Process

The HiTouch design team is made up of knowledgeable, professional designers with years of contract furniture experience. They are all highly skilled at space assessment & maximization, concept development, furniture selections and complete furniture project specifications and solutions.

The design team is fully engaged in projects from inception to completion. The projects' dedicated designer will help guide and support our clients every step of the way.

Designers provide furniture plans, beautiful 3D color renderings, select all fabrics and finishes and create the detailed furniture specifications.

# Key Manufacturer Partners

## Plus 250 Manufacturers

Our contract furniture offerings are bolstered by key partnerships with 250 manufacturers, including industry leaders like Kimball, Global, HON, and many others. We hold our manufacturers and service providers accountable on your behalf. As a national account dealer for these providers, we are positioned to drive adherence to our expectations. Their distinguished craftsmanship and design expertise enable us to deliver high-quality, aesthetically pleasing furniture solutions that meet diverse client needs, underscoring our dedication to excellence and functional design.
