

CCOG PROPOSAL EVALUATION SUMMARY

RFP # & NAME

COG-2152 - Furniture Solutions with Related Products & Services

Process Summary

A Technical Proposal's total Phase 1 points will be calculated as the total of the three technical proposal evaluation criteria categories. CCOG has established a total of **65 available points**. Technical Proposals which do not meet or exceed a total point value of at least **45 points out of a maximum of 65 points** will be disqualified from further consideration, and that Respondent's Cost Proposal will not be considered by CCOG. Only those Respondents whose Technical Proposals receive a score that meets or exceeds the **minimum required 45 Technical Proposal points** will advance to Phase 2 of the evaluation process. All other Respondents will receive a Did Not Qualify ("DNQ") under the Cost Proposal's Score and will be treated at zero (0) points when calculating the total score.

Final Score

Respondent's total score is calculated by adding the total score for the Technical and Cost Proposals.

Awards

Under applicable procurement guidelines of the Ohio Revised Code, the Proposal Review Team will select the responsible Respondent(s) whose proposal is most advantageous to CCOG, with price and other factors considered.
