Evaluation Criteria

Products/Pricing (30 Points)
Performance Capability (25 Points)
Qualifications and Experience (25 Points)
MWBE Status/Programs (10 Points)
Commitment to Members (10 Points)

Summary

Region 10 Education Service Center solicited RFP R10-1169 in accordance with Texas State procurement laws as outlined in TEC 44.031. As stated in the RFP, this solicitation was to result in one or more cooperative (commonly known as “piggybackable”) contacts for use by Equalis Group members in addition to Region 10 ESC. In reviewing responses, Region 10 ESC determined that a multiple award was justified to satisfy the needs of a diverse membership as outlined in the RFP.

Contract Features:

- There is no fee to public agencies for membership in Equalis Group or the usage of Equalis Group contracts.
- This procurement followed all the guidelines of 2 CFR 200 (commonly known as Uniform Guidance or “EDGAR” requirements in Texas), which explicitly encourages the use of cooperative purchasing to increase efficiencies (2 CFR 200.318e). Agencies using the contract should still conduct their own Cost/Price Analysis in compliance with 2 CFR 200.324a.
- In order to utilize the contract, agencies must reference the contract on their PO or other official purchase documentation to connect their individual purchase with Region 10’s public competitive solicitation process.

For any questions or concerns, please contact:

Clint Pechacek, Purchasing Consultant, clint.pechacek@region10.org, 972-348-1184

SECTION THREE: PART A – VENDOR CONTRACT AND GENERAL TERMS AND CONDITIONS

VENDOR CONTRACT AND SIGNATURE FORM

This Vendor Contract and Signature Form (“Contract”) is made as of November 1, 2024, by and between Dahill Office Technology Corporation dba Xerox Business Solutions (“Vendor”) and Region 10 Education Service Center (“Region 10 ESC”) for the purchase of Multi-Function Devices & Managed Print Services (“the products and services”).

RECITALS

WHEREAS, both parties agree and understand that the following pages will constitute the contract between the successful vendor(s) and Region 10 ESC, having its principal place of business at **Education Service Center, Region 10, 400 E Spring Valley Rd, Richardson, TX 75081**

WHEREAS, Vendor agrees to include, in writing, any required exceptions or deviations from these terms, conditions, and specifications; and it is further understood that if agreed to by Region 10 ESC, said exceptions or deviations will be incorporated into the final contract “Vendor Contract.”

WHEREAS, this contract consists of the provisions set forth below, including provisions of all attachments referenced herein. In the event of a conflict between the provisions set forth below and those contained in any attachment, the provisions set forth below shall control.

WHEREAS, the Vendor Contract will provide that any state, county, special district, local government, school district, private K-12 school, technical or vocational school, higher education institution (including community colleges, colleges and universities, both public and private), other government agencies or non-profit organization may purchase products and services at prices indicated in the Vendor Contract upon registering and becoming a Member with Region 10 ESC; and it being further understood that Region 10 ESC shall act as the Lead Public Agency with respect to all such purchase agreements. This process may be referred to as “piggybacking”, “cooperative purchasing”, “joint powers”, or other terminology depending on the specific state or agency location.

WHEREAS, Equalis Group has the administrative and legal capacity to administer purchases on behalf of Region 10 ESC under the Vendor Contract with participating public agencies and entities, as permitted by applicable law.

1. ARTICLE 1 – GENERAL TERMS AND CONDITIONS

- 1.1 Equalis Group shall be afforded all of the rights, privileges and indemnifications afforded to Region 10 ESC under the Vendor Contract, and such rights, privileges and indemnifications shall accrue and apply with equal effect to Equalis Group, including, without limitation, Vendor’s obligation to provide insurance and other indemnifications to Lead Public Agency.
- 1.2 Awarded vendor shall perform all duties, responsibilities and obligations, set forth in this agreement, and required under the Vendor Contract.
- 1.3 Equalis Group shall perform its duties, responsibilities and obligations as administrator of purchases, set forth in this agreement, and required under the Vendor Contract.

- 1.4 **Customer Support:** The vendor shall provide timely and accurate technical advice and sales support to Region 10 ESC staff, Equalis Group staff and participating agencies. The vendor shall respond to such requests within one (1) working day after receipt of the request.

2. ARTICLE 2 – ANTICIPATED TERM OF AGREEMENT

- 2.1 **Term:** The term of the Contract shall commence upon award and shall remain in effect for a period of three (3) years, unless terminated, canceled or extended as otherwise provided herein. The Contractor agrees that Region 10 ESC shall have the right, at its sole option, to renew the Contract for two (2) additional one-year periods or portions thereof. In the event that Region 10 ESC exercises such rights, all terms, conditions and provisions of the original Contract shall remain the same and apply during the renewal period with the possible exception of price and minor scope additions and/or deletions.
- 2.2 **Automatic Renewal:** Renewal will take place automatically for one (1) year unless Region 10 ESC gives written notice to the awarded supplier at least ninety (90) days prior to the expiration.

3. ARTICLE 3 – REPRESENTATIONS AND COVENANTS

- 3.1 **Scope:** This contract is based on the need to provide the economic benefits of volume purchasing and reduction in administrative costs through cooperative purchasing to schools and other Members.
- 3.2 **Compliance:** Cooperative Purchasing Agreements between Equalis Group and its Members have been established under state procurement law.
- 3.3 **Vendor's promise:** Vendor agrees all prices, terms, warranties, and benefits granted by Vendor to Members through this contract are comparable to or better than the equivalent terms offered by Vendor to any present customer meeting the same qualifications or requirements.

4. ARTICLE 4 – FORMATION OF CONTRACT

- 4.1 **Vendor contract documents:** Region 10 ESC will review proposed Vendor contract documents. Vendor's contract document shall not become part of Region 10 ESC's contract with vendor unless and until an authorized representative of Region 10 ESC reviews and approves it.
- 4.2 **Form of contract:** The form of contract for this solicitation shall be the Request for Proposal, the awarded proposal(s) to the lowest responsible respondent(s), and properly issued and reviewed purchase orders referencing the requirements of the Request for Proposal. If a vendor submitting a proposal requires Region 10 ESC and/or Member to sign an additional agreement, a copy of the proposed agreement must be included with the proposal.
- 4.3 **Entire Agreement (Parol evidence):** The contract, as specified above, represents the final written expression of agreement. All agreements are contained herein and no other agreements or representations that materially alter it are acceptable.
- 4.4 **Assignment of Contract:** No assignment of contract may be made without the prior written approval of Region 10 ESC. Purchase orders and payment can only be made to awarded vendor unless otherwise approved by Region 10 ESC. Awarded vendor is required to notify Region 10 ESC when any material change in operations is made that may adversely affect Members (i.e. awarded vendor bankruptcy, change of ownership, merger, etc.).
- 4.5 **Contract Alterations:** No alterations to the terms of this contract shall be valid or binding unless authorized and signed with a "wet signature" by a Region 10 ESC staff member.
- 4.6 **Order of precedence:** In the event of a conflict in the provisions of the contract as accepted by Region 10 ESC, the following order of precedence shall prevail:

- General terms and conditions
- Specifications and scope of work
- Attachments and exhibits
- Documents referenced or included in the solicitation

4.7 **Supplemental Agreements:** The entity participating in the Region 10 ESC contract and awarded vendor may enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in this contract i.e. invoice requirements, ordering requirements, specialized delivery, etc. Any supplemental agreement developed as a result of this contract is exclusively between the participating entity and awarded vendor. Neither Region 10 ESC, Equalis Group, its agents, Members and employees shall be made party to any claim for breach of such agreement.

5. ARTICLE 5 – TERMINATION OF CONTRACT

5.1 **Cancellation for cause:** If, for any reason, the Vendor fails to fulfill its obligation in a timely manner, or if the vendor violates any of the covenants, agreements, or stipulations of this contract, Region 10 ESC reserves the right to terminate the contract immediately and pursue all other applicable remedies afforded by law. Such termination shall be effective by delivery of notice, to the vendor, specifying the effective date of termination. If such event does occur, then vendor will be entitled to receive just and equitable compensation for the satisfactory work completed.

5.2 **Delivery/Service failures:** Region 10 ESC may issue a written deficiency notice to contractor for acting or failing to act in any of the following:

- i. Providing material that does not meet the specifications of the contract;
- ii. Providing work and/or material that was not awarded under the contract;
- iii. Failing to adequately perform the services set forth in the scope of work and specifications;
- iv. Failing to complete required work or furnish required materials within a reasonable amount of time;
- v. Failing to make progress in performance of the contract and/or giving Region 10 ESC reason to believe that contractor will not or cannot perform the requirements of the contract; and/or
- vi. Performing work or providing services under the contract prior to receiving a purchase order for such work.

Upon receipt of a written deficiency notice, contractor shall have ten (10) days to provide a satisfactory response to Region 10 ESC. Failure to adequately address all issues of concern may result in contract cancellation. Failure to deliver goods or services within the time specified or within a reasonable time period as interpreted by the purchasing agent, or failure to make replacements or corrections of rejected articles/services when so requested shall constitute grounds for the contract to be terminated.

5.3 **Force Majeure:** If by reason of Force Majeure, either party hereto shall be rendered unable wholly or in part to carry out its obligations under this Agreement then such party shall give notice and full particulars of Force Majeure in writing to the other party within a reasonable time after occurrence of the event or cause relied upon, and the obligation of the party giving such notice, so far as it is affected by such Force Majeure, shall be suspended during the continuance of the inability then claimed, except as hereinafter provided, but for no longer period, and such party shall endeavor to remove or overcome such inability with all reasonable dispatch.

The term Force Majeure as employed herein, shall mean acts of God, strikes, lockouts, or other industrial disturbances, act of public enemy, orders of any kind of government of the United States or the State of Texas or any civil or military authority; insurrections; riots; epidemics; landslides; lighting; earthquake; fires; hurricanes; storms; floods; washouts; droughts; arrests; restraint of government and people; civil disturbances; explosions, breakage or accidents to machinery, pipelines or canals, or other causes not reasonably within the control of the party claiming such inability. It is understood and agreed that the settlement of strikes and lockouts shall be entirely within the discretion of the party having the difficulty, and that the above requirement that any Force Majeure shall be remedied with all reasonable dispatch shall not require the settlement of strikes and lockouts by acceding to the demands of the opposing party or parties when such settlement is unfavorable in the judgment of the party having the difficulty

- 5.4 **Cancellation for convenience**: Either party may cancel this contract in whole or in part by providing written notice. The cancellation will take effect 90 business days after the other party receives the notice of cancellation. After the 90th business day all work will cease following completion of final purchase order. Region 10 ESC reserves the right to request additional items not already on contract at any time.

6. ARTICLE 6 – LICENSES

- 6.1 **Duty to keep current license**: Vendor shall maintain in current status all federal, state and local licenses, bonds and permits required for the operation of the business conducted by vendor. Vendor shall remain fully informed of and in compliance with all ordinances and regulations pertaining to the lawful provision of services under the contract. Region 10 ESC reserves the right to stop work and/or cancel the contract of any vendor whose license(s) expire, lapse, are suspended or terminated.
- 6.2 **Suspension or Debarment**: Vendor shall provide a letter in the proposal notifying Region 10 ESC of any debarment, suspension or other lawful action taken against them by any federal, state, or local government within the last five (5) years that precludes Vendor or its employees from participating in any public procurement activity. The letter shall state the duration of the suspension or action taken, the relevant circumstances and the name of the agency imposing the suspension. Failure to supply or disclose this information may be grounds for cancellation of contract.
- 6.3 **Survival Clause**: All applicable software license agreements, warranties or service agreements that were entered into between Vendor and Customer/participating Member under the terms and conditions of the Contract shall survive the expiration or termination of the Contract. All Purchase Orders issued and accepted by Order Fulfiler shall survive expiration or termination of the Contract.

7. ARTICLE 7 – DELIVERY PROVISIONS

- 7.1 **Delivery**: Vendor shall deliver physical materials purchased on this contract to the participating Member issuing a Purchase Order. Conforming product shall be shipped within the timeframe agreed upon by the participating Member. If delivery is not or cannot be made within the time specified by the Purchase Order the vendor must receive authorization from the participating Member for the delayed delivery, at which time the participating Member may cancel the order if estimated shipping time is not acceptable.
- 7.2 **Inspection & Acceptance**: If defective or incorrect material is delivered, participating Member may make the determination to return the material to the vendor at no cost to the participating Member. The vendor agrees to pay all shipping costs for the return shipment. Vendor shall be responsible for arranging the return of the defective or incorrect material.

- 7.3 **Responsibility for supplies tendered:** Vendor shall be responsible for the materials or supplies covered by this contract until they are delivered to the designated delivery point.
- 7.4 **Shipping Instructions:** Each case, crate, barrel, package, etc, delivered under this contract must be plainly labeled, securely tagged, and delivered in the place and time designated by the participating Member in their Purchase Order or by other mutual agreement.
- 7.5 **Additional charges:** Unless bought on F.O.B. "shipping point" and Vendor prepays transportation, no delivery charges shall be added to invoices except when express delivery is authorized and substituted on orders for the method specified in the contract. In such cases, the difference between freight or mail and express charges may be added to the invoice.
- 7.6 **Buyer's delays:** Region 10 ESC will not be responsible for any late fees due the prime contractor by the participating Member. The prime contractor will negotiate with the participating Member for the recovery of damages related to expenses incurred by the vendor for a delay for which the Member is responsible, which is unreasonable, and which was not within the contemplation of the parties to the contract between the two parties.

8. ARTICLE 8 – BILLING AND REPORTING

- 8.1 **Payments:** The participating entity using the contract will make payments directly to the awarded vendor. Payment shall be made after satisfactory performance, in accordance with all provisions thereof, and upon receipt of a properly completed invoice.
- 8.2 **Tax Exempt Status:** Since this is a national contract, knowing the tax laws in each state is the sole responsibility of the Vendor.

9. ARTICLE 9 – PRICING

- 9.1 **Market competitive guarantee:** Vendor agrees to provide market competitive pricing, based on the value offered upon award, to Region 10 ESC and its participating public agencies throughout the duration of the contract.
- 9.2 **Price increase:** Should it become necessary or proper during the term of this contract to make any change in design or any alterations that will increase expense, Region 10 ESC must be notified immediately. Price increases must be approved by Region 10 ESC and no payment for additional materials or services, beyond the amount stipulated in the contract, shall be paid without prior approval. All price increases must be supported by manufacture documentation, or a formal cost justification letter.
Vendor must honor previous prices for thirty (30) days after approval and written notification from Region 10 ESC if requested.

It is Vendor's responsibility to keep all pricing up to date and on file with Region 10 ESC. All price changes must be provided to Region 10 ESC, using the same format as was accepted in the original contract.

- 9.3 **Additional Charges:** All deliveries shall be freight prepaid, F.O.B. destination and shall be included in all pricing offered unless otherwise clearly stated in writing.
- 9.4 **Price reduction and adjustment:** Price reduction may be offered at any time during contract. Special, time-limited reductions are permissible under the following conditions: 1) reduction is available to all Members equally; 2) reduction is for a specific time period, normally not less than thirty (30) days; and 3) original price is not exceeded after the time-limit. Vendor shall offer Region 10 ESC any published price reduction during the contract period.
- 9.5 **Prevailing Wage:** It shall be the responsibility of the Vendor to comply, when applicable, with the prevailing wage legislation in effect in the jurisdiction of the purchaser (Region 10 ESC or its

Participating Members). It shall further be the responsibility of the Vendor to monitor the prevailing wage rates as established by the appropriate Department of Labor for any increase in rates during the term of this contract and adjust wage rates accordingly.

- 9.6 **Administrative Fees:** The Vendor agrees to pay administrative fees to Equalis Group based on the terms set in the Equalis Group Administration Agreement. All pricing submitted to Region 10 shall include the administrative fee to be remitted to Equalis Group by the awarded vendor.
- 9.7 **Price Calculation:** Cost plus a percentage as a primary mechanism to calculate pricing is not allowed. Pricing may either be in the form of line item pricing, defined as a specific individual price on a product or service, or a percentage discount from a verifiable catalog or price list. Other discounts or incentives may be offered.

10. ARTICLE 10 – PRICING AUDIT

- 10.1 **Audit rights:** Vendor shall, at Vendor's sole expense, maintain appropriate due diligence of all purchases made by Region 10 ESC and any participating entity that accesses this Agreement. Equalis Group and Region 10 ESC each reserve the right to audit the accounting for a period of three (3) years from the time such purchases are made. This audit right shall survive termination of this Agreement for a period of one (1) year from the effective date of termination. In the State of New Jersey, this audit right shall survive termination of this Agreement for a period of five (5) years from the date of final payment. Such records shall be made available to the New Jersey Office of the State Comptroller upon request. Region 10 ESC shall have the authority to conduct random audits of Vendor's pricing that is offered to eligible entities at Region 10 ESC's sole cost and expense. Notwithstanding the foregoing, in the event that Region 10 ESC is made aware of any pricing being offered to eligible agencies that is materially inconsistent with the pricing under this agreement, Region 10 ESC shall have the ability to conduct an extensive audit of Vendor's pricing at Vendor's sole cost and expense. Region 10 ESC may conduct the audit internally or may engage a third-party auditing firm. In the event of an audit, the requested materials shall be provided in the format and at the location designated by Region 10 ESC or Equalis Group.

11. ARTICLE 11 – PROPOSER PRODUCT LINE REQUIREMENTS

- 11.1 **Current products:** Proposals shall be for products and services in current production and marketed to the general public and education/government agencies at the time the proposal is submitted.
- 11.2 **Discontinued products:** If a product or model is discontinued, Vendor may substitute a new product or model if the replacement product meets or exceeds the specifications and performance of the discontinued model and if the discount is the same or greater than the discontinued model.
- 11.3 **New products/Services:** New products and/or services that meet the scope of work may be added to the contract. Pricing shall be equivalent to the percentage discount for other products. Vendor may replace or add product lines to an existing contract if the line is replacing or supplementing products on contract, is equal or superior to the original products offered, is discounted in a similar or to a greater degree, and if the products meet the requirements of the solicitation. No products and/or services may be added to avoid competitive procurement requirements. Region 10 ESC may require additions to be submitted with documentation from Participating Members demonstrating an interest in, or a potential requirement for, the new product or service. Region 10 ESC may reject any additions without cause.
- 11.4 **Options:** Optional equipment for products under contract may be added to the contract at the time they become available under the following conditions: 1) the option is priced at a discount similar to other options; 2) the option is an enhancement to the unit that improves performance or reliability.

- 11.5 **Product line:** Vendors with a published catalog may submit the entire catalog. Region 10 ESC reserves the right to select products within the catalog for award without having to award all contents. Region 10 ESC may reject any addition of equipment options without cause.
- 11.6 **Warranty conditions:** All supplies, equipment and services shall include manufacturer's minimum standard warranty and one (1) year labor warranty unless otherwise agreed to in writing.
- 11.7 **Buy American requirement:** Vendors may only use unmanufactured construction material mined or produced in the United States, as required by the Buy American Act. Where trade agreements apply, to the extent permitted by applicable law, then unmanufactured construction material mined or produced in a designated country may also be used. Vendors are required to check state specific requirements to ensure compliance with this requirement.
- 11.8 **Domestic preference:** Region 10 ESC prefers the purchase, acquisition, or use of goods, products, or materials produced in the United States.

12. ARTICLE 12 – SITE REQUIREMENTS

- 12.1 **Cleanup:** Vendor shall clean up and remove all debris and rubbish resulting from their work as required or directed by Member. Upon completion of the work, the premises shall be left in good repair and an orderly, neat, clean and unobstructed condition conducive to the Member's business purpose.
- 12.2 **Site Preparation:** Vendor shall not begin a project for which Participating Member has not prepared the site, unless Vendor does the preparation work at no cost, or until Participating Member includes the cost of site preparation in a purchase order to the contractor. Site preparation includes, but is not limited to moving furniture, moving equipment or obstructions to the work area, installation of wiring for networks or any other necessary pre-installation requirements.
- 12.3 **Registered sex offender restrictions:** For work to be performed at schools, Vendor agrees that no employee or employee of a subcontractor who has been adjudicated to be a registered sex offender will perform work at any time when students are or are reasonably expected to be present. Vendor agrees that a violation of this condition shall be considered a material breach and may result in the cancellation of the purchase order at the Participating Member's discretion. Vendor must identify any additional costs associated with compliance of this term. If no costs are specified, compliance with this term will be provided at no additional charge. Vendor is also responsible for ensuring that their employees or contractors who have direct contact with students are properly fingerprinted and background checked in accordance with local state law, if applicable.
- 12.4 **Safety measures:** Vendor shall take all reasonable precautions for the safety of employees on the worksite and shall erect and properly maintain all necessary safeguards for protection of workers and the public. Vendor shall post warning signs against all hazards created by its operation and work in progress. Proper precautions shall be taken pursuant to state law and standard practices to protect workers, general public and existing structures from injury or damage.
- 12.5 **Smoking/Tobacco:** Persons working under the contract shall adhere to local tobacco and smoking (including e-cigarettes/vaping) policies. Smoking will only be permitted in posted areas or off premises.
- 12.6 **Stored materials:** Upon prior written agreement between the vendor and Member, payment may be made for materials not incorporated in the work but delivered and suitably stored at the site or some other location, for installation at a later date. An inventory of the stored materials must be provided to Participating Member with the application for payment seeking compensation for stored materials. Such materials must be stored and protected in a secure location and be insured for their full value by the vendor against loss and damage. Vendor agrees to provide proof of coverage and/or addition of Participating Member as an additional insured upon Participating Member's

request. Additionally, if stored offsite, the materials must also be clearly identified as property of buying Participating Member and be separated from other materials. Participating Member must be allowed reasonable opportunity to inspect and take inventory of stored materials, on or offsite, as necessary.

Until final acceptance by the Participating Member, it shall be the Vendor's responsibility to protect all materials and equipment. Vendor warrants and guarantees that title for all work, materials and equipment shall pass to the Member upon final acceptance.

- 12.7 **Maintenance Facilities and Support:** It is preferred that each contractor should have maintenance facilities and a support system available for servicing and repair of product and/or equipment. If a third party is to be used to provide maintenance and support to the participating Member, Vendor must notify Region 10 ESC of that third party information. All technicians, applicators, installers shall be fully certified, trained and licensed to perform said duties.

13. ARTICLE 13 – INTELLECTUAL PROPERTY AND DATA REQUIREMENTS

- 13.1 **Intellectual Property Rights:** Vendor owns all rights to its intellectual property associated with the software and/or services made available through this Contract. Vendor represents that it has all intellectual property rights necessary to enter into and perform its obligations under this Contract. Vendor warrants that the Member will have use of any intellectual property contemplated by the Contract free and clear of claims of any nature by any third party including copyright or patent infringement, and that Vendor will indemnify the Member for any related infringement claims. All rights including all intellectual property rights in and to Member data will remain the sole and exclusive property of the Member.
- 13.2 **End-of-Service Transition:** When software service to a Member is discontinued, Vendor must ensure that all Member Data is securely returned, transferred, or destroyed as directed by the Member. Transfer of data must occur within a reasonable period of time, without significant interruption in service, and in the manner or format in which the data was provided. Vendor must use transfer methods that enable the Member to access and use Member's data and which are reasonably compatible with Member's systems. If data destruction is requested by the Member, Vendor must securely destroy all Member data in its possession and in the possession of any subcontractors or agents to which the Vendor might have transferred Member data.
- 13.3 **Data Security:** Vendor must implement and maintain reasonable security procedures and practices designed to protect Member data from unauthorized access, deletion, use, modification, or disclosure. Vendor must store and process Member data in accordance with standard commercial practices, including appropriate administrative, physical, and technical safeguards to secure it from unauthorized access, disclosure, alteration, and use. Security measures must be no less protective than those used to secure Vendor's own data of a similar type, and in no event less than reasonable measures in view of the type and nature of the data involved.
- 13.4 **Security Breach:** In the event of a security breach potentially involving the Member's data, Vendor must notify the Member and Region 10 ESC of the breach immediately and must fully investigate the incident and cooperate fully with the Member's investigation of and response to the security incident. Vendor will reimburse the Member for all costs incurred by the Member in investigation and remediation of any security breach caused by the Vendor or subcontractors, including providing notification to individuals whose Personally Identifiable Information (PII) was compromised and to regulatory agencies or other entities as required by law or contract, providing one year's credit monitoring to the affected individuals, and the payment of legal fees, audit costs, fines, and other fees imposed against the Member as a result of the security breach.

- 13.5 **Data Privacy:** Vendor may use Member data only for fulfilling its duties under the Contract. Vendor may not share Member data with or disclose it to any third party without the prior written consent of the Member, except as required by law. Vendor may not use or sell Member data for marketing, advertising, or commercial purposes. Vendor agrees to assist Member in maintaining the privacy of Member data as may be required by State and Federal law, including but not limited to FERPA, PRRRA, IDEA, and COPPA. Vendor may provide access to Member data only to its employees and subcontractors who need to access the data to fulfill Vendor’s obligations under the Contract. Vendor must ensure that employees and subcontractors who perform work under the Contract have read, understood, and received appropriate instruction as to how to comply with the data protection provisions included in the Contract.
- 13.6 **Use of Data:** Vendor may not use Member data for purposes of development, research, or product improvement without the express written consent of the Member. All Member data used for such purposes must be de-identified. This prohibition should be understood to include usage of Member data, behavior, or other input to train large language models and other machine-learning tools commonly referred to as “artificial intelligence” or “AI”.
- 13.7 **Confidentiality:** Nothing in the Contract should be construed as prohibiting the Member from disclosing any information related to the Contract or related products and services in accordance with applicable law, including court order, subpoena, and the Texas Public Information Act.

14. ARTICLE 14 – MISCELLANEOUS

- 14.1 **Funding Out Clause:** Any/all contracts exceeding one (1) year shall include a standard “funding out” clause. A contract for the acquisition, including lease, of real or personal property is a commitment of the entity’s current revenue only, provided the contract contains either or both of the following provisions:
“Retains to the entity the continuing right to terminate the contract at the expiration of each budget period during the term of the contract and is conditioned on a best efforts attempt by the entity to obtain appropriate funds for payment of the contract in the subsequent fiscal year.”
- 14.2 **Disclosures:** Vendor affirms that he/she has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor or service to a public servant in connection with this contract.
- 14.2.1 Vendor has a continuing duty to disclose a complete description of any and all relationships that might be considered a conflict of interest in doing business with Members in Equalis Group.
- 14.2.2 Vendor affirms that, to the best of his/her knowledge, the offer was arrived at independently, and was submitted without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other vendors in the award of this contract.
- 14.3 **Indemnity:** Vendor shall protect, indemnify, and hold harmless both Region 10 ESC and Equalis Group and its Members, administrators, employees and agents against all claims, damages, losses and expenses arising out of or resulting from the actions of Vendor, Vendor employees or Vendor subcontractors in the preparation of the solicitation and the later execution of the contract, including any supplemental agreements with Members. Any litigation involving either Region 10 ESC or Equalis Group, its administrators and employees and agents shall be in a court of competent jurisdiction in Dallas County, Texas. Texas law shall apply to any such suit, without giving effect to its choice of laws provisions. Any litigation involving Equalis Group participating Members shall be in the jurisdiction of the participating Member.

- 14.4 **Franchise Tax:** Vendor hereby certifies that he/she is not currently delinquent in the payment of any required franchise taxes, and shall remain current on any such franchise taxes throughout the term of this contract.
- 14.5 **Marketing:** Vendor agrees to allow Region 10 ESC and Equalis Group to use their name and logo within website, marketing materials and advertisement. Any use of the Region 10 ESC or Equalis Group name and logo or any form of publicity, inclusive of press releases, regarding this contract by Vendor must have prior approval from Region 10 ESC.
- 14.6 **Insurance:** Unless otherwise modified elsewhere in this document, prior to commencing services under this contract for a participating Member, contractor shall procure, provide and maintain during the life of this agreement comprehensive public liability insurance to include course of construction insurance and automobile liability, providing limits of not less than \$1,000,000.00 per occurrence. The insurance form will be an "all risk" type of policy with standard exclusions. Coverage will include temporary structures, scaffolding, temporary office trailers, materials, and equipment. Contractor shall pay for the deductibles required by the insurance provided under this agreement.
- 14.6.1 Certificates of insurance shall be delivered to the Member prior to commencement of work. The insurance company shall be licensed to do business and write the appropriate lines of insurance in the applicable state in which work is being conducted. Vendor shall give the participating entity a minimum of ten (10) days' notice prior to any modifications or cancellation of policies. Vendor shall require all subcontractors performing any work to maintain coverage as specified.
- 14.6.2 Prior to commencing any work under this contract, any subcontractor shall also procure, provide, and maintain, at its own expense until final acceptance of the work performed, insurance coverage in a form acceptable to the prime contractor. All subcontractors shall provide worker's compensation insurance which waives all subrogation rights against the prime contractor and Member.
- 14.7 **Subcontracts/Sub Contractors:** If Vendor serves as prime contractor, it shall not enter into any subcontract subject to this solicitation without prior approval from participating Member. Any/all subcontractors shall abide by the terms and conditions of this contract and the solicitation.
- 14.7.1 No subcontract relationships shall be entered into with a party not licensed to do business in the jurisdiction in which the work will be performed. Contractor must use subcontractors openly, include such arrangements in the proposal, and certify upon request that such use complies with the rules associated with the procurement codes and statutes in the state in which the contractor is conducting business.
- 14.7.2 Contractor agrees to pay subcontractors in a timely manner. Failure to pay subcontractors for work faithfully performed and properly invoiced may result in suspension or termination of this contract. Prior to participating Member's release of final retained amounts, Contractor shall produce verified statements from all subcontractors and material suppliers that those entities have been paid in full amounts due and owing to them.
- 14.8 **Legal Obligations:** It is the Vendor's responsibility to be aware of and comply with all local, state, and federal laws governing the sale of products/services identified in this RFP and any awarded contract and shall comply with all while fulfilling the RFP. Applicable laws and regulations must be followed even if not specifically identified herein.

[Signatures follow on Signature Form]

PROPOSAL FORM 20: GENERAL TERMS AND CONDITIONS ACCEPTANCE FORM

Signature on the Vendor Contract Signature form certifies complete acceptance of the General Terms and Conditions in this solicitation, except as noted below (additional pages may be attached, if necessary).

Check one of the following responses to the General Terms and Conditions:

We take no exceptions/deviations to the general terms and conditions

(Note: If none are listed below, it is understood that no exceptions/deviations are taken.)

We take the following exceptions/deviations to the general terms and conditions. All exceptions/deviations must be clearly explained. Reference the corresponding general terms and conditions that you are taking exceptions/deviations to. Clearly state if you are adding additions terms and conditions to the general terms and conditions. Provide details on your exceptions/deviations below:

(Note: Unacceptable exceptions shall remove your proposal from consideration for award. Region 10 ESC shall be the sole judge on the acceptance of exceptions/deviations and the decision shall be final.)

PROPOSAL FORM 23: VENDOR CONTRACT AND SIGNATURE FORM

The undersigned hereby proposes and agrees to furnish goods and/or services in strict compliance with the terms, specifications and conditions at the prices proposed within response unless noted in writing. The undersigned further certifies that he/she is an officer of the company and has authority to negotiate and bind the company named below and has not prepared this proposal in collusion with any other Respondent and that the contents of this proposal as to prices, terms or conditions of said proposal have not been communicated by the undersigned nor by any employee or agent to any person engaged in this type of business prior to the official opening of this proposal.

VENDORS MUST SUBMIT THIS FORM COMPLETED AND SIGNED WITH THEIR RESPONSE TO BE CONSIDERED

Xerox Business Solutions Southwest
820 West Sandy Lake Road,
Suite #100
Coppell, Texas 75019

Thank you for your interest in our products and services. We are excited about our enclosed proposal for the RFP for REQUEST FOR PROPOSAL #R10-1169 FOR: Multi-Function Devices & Managed Print Services. We have thoroughly reviewed your requirements and are proposing a compliant solution that will ensure the provision of copiers as well as excellent service to you and your department end users.

We are responding under Xerox Business Solutions Southwest. As a wholly owned subsidiary of the Xerox Corporation, if awarded, the entities listed within our bid response would also be eligible to utilize this contract, as they are also wholly owned subsidiaries as well. ComDoc, one of our “sister cores” in the Ohio area has been a loyal partner with Equalis for a number of years and we are hopeful that this bid will allow all of our entities across the country to participate in this contract moving forward.

Our goal is to listen to you and respond with the elements you are looking for in a professional partnership, then leverage the latest technology to provide a turnkey solution that meets your needs at a competitive price. We feel the enclosed proposal demonstrates our commitment to implement standardized, cost-effective replacement devices that will provide long-term value, all backed by industry-leading customer service.

Our ability to continuously meet and exceed our customers’ expectations rests in our care in defining measurable objectives each step of the way. An incredible level of detail goes into dimensioning our approach. Factors such as:

- Holistic approach to assessing, architecting and implementing an intelligent work solution that aligns with your goals
- Ensuring that all locations receive the equipment that meets or exceeds their needs
- Ensuring that equipment placed in Region 10 ESC facilities receive high quality service, maintenance and support
- A vendor with a support team in place to facilitate on-site training, billing and administrative needs
- A flexible contract with scalability to align with your long term goals
- A partner invested in the success of Region 10 ESC and the community that it serves

Some key consideration points include:

- Benchmark Xerox technology that pioneered the industry and continues to be at the forefront of innovation
- Award-winning Xerox ConnectKey technology with industry leading user interface, security connectivity and built in cloud apps
- Stringent security on all devices, including Image Overwrite and data encryption
- Genuine OEM Parts and Supplies to maximize reliability
- DirectLink App allows walk-up users to place Service calls and Supply requests directly from the MFP panel
- Customized local billing with one simplified monthly invoice
- Vendor financial stability and good standing that ensures ability to fulfill requirements of the contract
- Local coverage with one point of contact for account management
- Comprehensive training plan for end users
- Online vendor portal for fleet management, invoices, meters and service date
- Factory trained and certified tenured technicians based locally
- Guaranteed service response times
- Environmentally conscience best practices for materials and recycling
- Quarterly Business Reviews to give stakeholders vision into fleet performance, technology utilization and service response time

We understand what’s at the heart of the work— and all of the forms it can take. We embrace the increasing complex world of paper and digital, office and mobile, cloud and local, personal and social. We automate, personalize, package, analyze and secure information to keep our customers moving at an accelerated pace. In the era of intelligent work, we’re not just thinking about the future, we’re making it. As a subsidiary of Xerox company, we are a technology leader focused on the intersection of digital and physical. We use automation and next-generation personalization to redefine productivity, drive growth and make the world more secure. Every day, our innovative technologies and intelligent work solutions—Powered by Xerox —help people communicate and work better.

We appreciate the opportunity to initiate a partnership. Thank you for your consideration of this proposal and we look forward to your comments.

Sincerely,

Jane Johnson
Director of Strategic Accounts

Company Information

At Xerox Business Solutions Southwest, we partner with our customers to provide a long-term strategy for document technology, services and software for graphic communicating and office printing environments of any size. Our experts will help you capture costs, analyze usage and review workflow processes leveraging today's technology to determine the most efficient and cost effective solution for your individual needs.

Faster. Smarter. Greener. We offer a comprehensive solution that includes MFP integration, Managed Print Services, Production Printing, Document Management, Business Process Automation and Professional Services. From design to implementation to after sales support, our innovative approach provides process improvements that will keep you aligned with your business strategies.

As a Xerox company, Xerox Business Solutions Southwest provides your business with the resources and credibility of the world's leading enterprise for business process and document management with the agility and leadership of a locally managed company. Whether your business is local or nationwide, Xerox Business Solutions Southwest can be your single-source provider for every facet of document workflow.

- **Nationwide Resources:** As a Xerox Company, Xerox Business Solutions Southwest can provide unsurpassed first-party nationwide service. We centrally manage fleet reporting, escalation procedures, coverage and guaranteed rates.
- **Local Accountability:** Our local management staff is empowered by our company President to make crucial decisions to better serve our customers' needs in a timely manner.
- **Local Inventory:** Each Xerox Business Solutions Southwest branch location is equipped with on-site parts and supplies providing faster access and greater resources to our service technicians.
- **Competency:** Because we are locally operated, our staff understands the regional dynamics that impact our customers differently. We have the ability to make decisions in the best interest of our customers.
- **Local Billing:** We provide local billing that customize invoices, answer questions and resolve issues to provide a better customer experience.
- **Experience:** As the largest Office Technology Company headquartered in Texas, we are the leader in the transition for new hardware and software trends. We deliver solutions addressing a broad range of document requirements to our customers. We are setting new standards for workflow solutions.
- **Consistency:** We treat our customers as long term business partners. Our Business Review meetings keep us in touch with our clients to ensure that we are performing at the highest possible level of support.

Xerox Business Solutions Southwest's proven leadership is your assurance of powerful results

- XBSSW provides service for all 50 states in the United States through Xerox service.
- Xerox Business Solutions Southwest provides service for over 1 Billion impressions/month
- Xerox Business Solutions Southwest Managed Print Services manages over 44 million prints per month

For over 30 years, XBS Southwest has provided superior document management hardware and software solutions to businesses throughout the region. Headquartered in San Antonio, XBS Southwest represents the industry's leading document imaging companies offering a range of products. Our product portfolio includes Xerox MFP's and printers, Brother MFP's and Printers, Riso duplicators and high speed ink jet printers, KIP and Epson wide format printers, Sharp Interactive White Boards, Newline Smart Boards and other Technology Solutions.

Business Solutions Southwest

Historical Information

- XBS Southwest was formed as Dahill Industries in 1987 in Texas. Selling and servicing the Sharp line of products, it quickly developed a strong reputation for knowing their customers, and their customers' needs through strong local management and staff. Dahill continued to expand and operate profitably. In 1999, Dahill was acquired by Global Imaging Systems (GISX), a leading provider of office technology solutions.
- At the time Global Imaging Systems was the fastest growing and most profitable publicly traded company in the office automation industry.
- Dahill was/is the largest Texas headquartered office equipment and solution provider in the state with 16 offices and over 50,000 machines in the field.
- Dahill was the Largest Sharp dealer in the United States and the second largest Konica Minolta dealer in the US. Dahill received the highest honors from both manufacturers for consistent service excellence.
- Dahill was selected to service over 1,500 machines on Texas based military bases.

Acquired by Xerox Corporation in May 2007

- Xerox acquired Global Imaging Systems for \$1.5 billion.
- The acquisition strengthened Xerox's distribution expansion strategy, increasing Xerox's small to mid-size businesses (SMB) by 50%.
- Added 200,000 new customers to Xerox that were currently served by Global Imaging.
- Dahill is a subsidiary of Xerox Corporation, a \$22 billion company.
- Xerox is the world's leading Document Imaging and Document Management technology enterprise.

After 2019, XBS Southwest family grew considerably. Our sister companies in the Arizona, North Texas, Colorado, New Mexico, Wyoming & Oklahoma areas, joined us to become part of Xerox Business Solutions Southwest. Our goal is a collaborative effort by talented, dedicated and driven teams to redefine what is possible in our business today. We have chosen to leverage the heritage, legacy and innovation of Xerox as well as affirm our commitment to our local markets that will continue to be our cornerstone. As a Xerox company, our alignment with the Xerox brand will serve to clarify our core business to our customers, while maintaining our local and community recognition as part of our overall value proposition. Being a Xerox Company, XBS Southwest has the benefit of one service entity (Xerox) that can service the continental United States.

Company Values:

Since our inception, we have operated under the guidance of six core values:

- We behave responsibly as a corporate citizen
- We succeed through satisfied customers
- We deliver quality and excellence in all we do.
- We require premium return on assets.
- We use technology to develop market leadership.
- We value our employees.

XBS Southwest ensures that the above values are the forefront of all business actions by ensuring customer satisfaction, improving processes, committing to our goals and providing innovative ways to achieve them.

Project Framework

Approach Methodology

The Xerox Business Solutions Southwest 360° Assessment serves as a gateway to discovering new and better ways to work with technology and handle the flow of information. Through years of collecting hard evidence and constructing thousands of assessments, we have identified eight core areas that drive the alignment of all technology and business process initiatives.

- » *Understand Your Corporate Culture.* In-depth look at the key factors of corporate culture that can be used to confirm that business strategies align to specific objectives. Define project goals using the voice of the customer.
- » *Inventory Technology.* Measure key aspects of the current process. Snapshot of your current technology environment including the identification of underutilized, obsolete and redundant assets.
- » *Analyze Usage.* Collect relevant data for all technology devices and information workflow assets using our diagnostic application that captures data from both networked and non-networked assets.
- » *Capture Costs.* Understand the total cost of ownership with an in-depth review of both the direct and indirect costs associated with technology device and information workflow asset usage as well as ongoing maintenance.
- » *Review Workflow.* Analyze the data to investigate cause-and-effect relationships. Blueprints how information flows and identifies any bottlenecks or inefficiencies. Seek out root cause of the inefficiencies.
- » *Examine Processes.* A thorough examination of administrative functions including procurement and internal IT processes. Improve or optimize the current process to create a new future state process.
- » *Study Sustainability.*
 - Sustainable working practices help companies become more environmentally friendly by:
 - Lowering energy consumption
 - Lowering CO2 output and emissions for an improved carbon footprint
 - Reducing paper waste
 - Using less consumables
 - Remaining energy conscious
 - Proper disposal of retired technology
- » *Control.* Ensure that any deviations from the future state process are corrected to stay on target. Implement control systems and frequently monitor the process.

The Xerox Business Solutions Southwest 360 Assessment is built on actual data, not estimates or projections. We provide you with a road map for establishing critical metrics - so we can continuously monitor, manage and analyze results for ongoing improvements.

Product Innovation & Technology

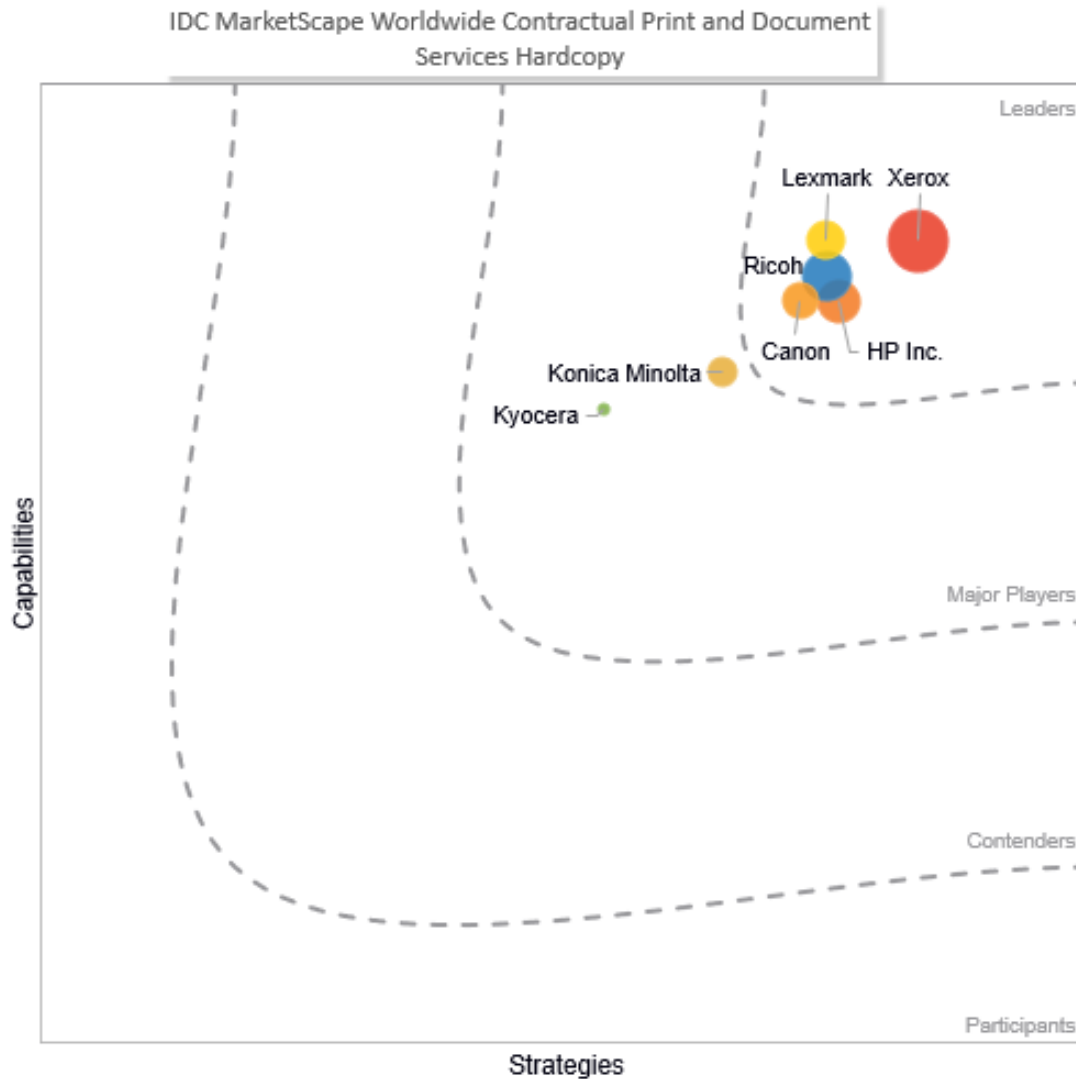

Among the most notable awards:

- BLI 2023-2024 PaceSetter Award in Healthcare
- BLI 2021-2022 PaceSetter in Hybrid Workplace
- BLI 2021 Outstanding Home & Office Hybrid Print Solution
- BLI 2021 Software Line of the Year Award
- BLI 2021 Outstanding Innovation in Production Print
- BLI 2020 Document Imaging Software Line of the Year Award
- BLI 2020 Outstanding MFP App Ecosystem
- BLI 2019 Document Imaging Software Line of the Year Award
- BLI 2019 Outstanding Job Management & Mobile Print Solution
- BLI 2018 Monochrome Printer & MFP Line of the Year
- BLI Best Document Imaging Software Solutions for Xerox App Gallery
- BLI Awards for Exceptional Monochrome Printers and MFPs
- BLI Awards for Exceptional Copier MFPs

This recognition demonstrates the enduring power of Xerox's value proposition as we bring the right mix of hardware, software and services to bear for customers, including best-in-class printers, apps, Xerox Workplace Cloud, DocuShare, Content Hub, Intelligent Workplace Services for the Home Worker, vertical solutions, and more.

IDC MarketScape: Worldwide Contractual Print and Document Services

Xerox is proud to be positioned as a leader in the IDC WW Contractual Print and Document Services Vendor Assessment.

“Xerox’s focus on security and digital transformation have helped set it apart from competitors, and it has built one of the industry’s most robust portfolios of MPS solutions and services.”

“Xerox has established an industry-leading MPS practice designed to empower IT and end users with solutions to maximize value and achieve organizational objectives.”

“Xerox’s strengths lie in its global service delivery model, flexibility and scalability of MPS services and billing options, and close relationships with its customers and partners alike.”

SOURCE: IDC MarketScape: Worldwide Contractual Print and Document Services Hardcopy 2018–2019 Vendor Assessment, by Robert Palmer and Allison Correia, December, 2018, IDC #US44387318

IDC MarketScape vendor analysis model is designed to provide an overview of the competitive fitness of ICT suppliers in a given market. The research methodology utilizes a rigorous scoring methodology based on both qualitative and quantitative criteria that results in a single graphical illustration of each vendor’s position within a given market. The Capabilities score measures vendor product, go-to-market and business execution in the short-term. The Strategy score measures alignment of vendor strategies with customer requirements in a 3-5-year timeframe. Vendor market share is represented by the size of the circles.

Device Monitoring Software

Embedded Device Management Software Provided Free of Charge:

Xerox Device Agent provides automated device meter reads, supplies, and status for effective management of your print devices. Proactive alert monitoring and remote problem resolution optimize your output environment for maximum uptime. This device management interface provides a dashboard view to key printer data and metrics at-a-glance, such as device model, IP address, serial number, device status, and primary toner and ink levels. Used with Xerox Services Manager, this powerful integration provides an industry benchmark service for your enterprise.

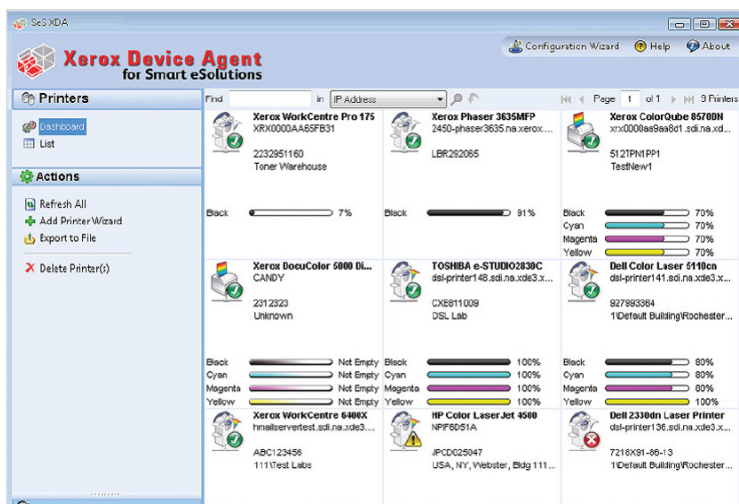

Vendor neutral view of print activity to networked devices enables accurate, timely and informed asset management decisions.

Supply and troubleshooting needs are quickly identified through alert features and dashboard views. Seamless integration into your existing IT environment without additional software or third-party plug-ins.

Remote diagnostics and troubleshooting allow administrators to efficiently perform vital tasks from a remote site.

Key benefits:

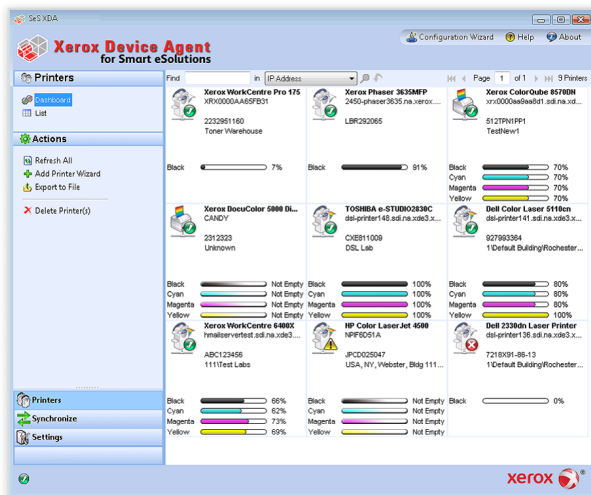

- Single solution available to download on a workstation or server
- Intuitive wizard-based installation and set up takes approximately 15 minutes
- Can detect up to 1,000 Xerox and non-Xerox devices
- Built in auto-reconnection that brings dropped-off devices back online
- Auto-discovery of newly installed devices
- Easy navigation to view and manage all networked devices
- Allows you to configure alert-message pop ups and emails
- Enables you to download device data into a single file extract
- Significantly improved connection reliability
- Works with products already registered via Device Direct method
- Automatic version upgrades available

Xerox® Device Agent for Smart eSolutions

The cutting-edge software that monitors your devices for you.

Introducing a new remote services tool that streamlines automated device monitoring, letting you focus on what really matters: running a successful business.

XDA provides you with easy features to view and monitor every connected device.

Included with your Full Service Maintenance Agreement, Xerox Device Agent (XDA) for Smart eSolutions is new client software that leverages Xerox Managed Print Services technology. This scaled-down version of the full software offering captures and sends precise device data used for accurate automated billing and supplies replenishment. Designed for maximum simplicity, XDA for Smart eSolutions is easy to install and provides the most complete application for automated device monitoring.

Key benefits:

- Single solution available to download on a workstation or server
- Intuitive wizard-based installation and set up takes approximately 15 minutes
- Can detect up to 1,000 Xerox and non-Xerox devices
- Built in auto-reconnection that brings dropped-off devices back online

Fleet Management Portal

For operations managers who are accountable for ongoing fleet operations, the Fleet Management Portal and Dashboard offers critical insight.

Key Attributes:

- Turnkey setup and configuration
- Direct view into printer fleet in real-time
- Powerful printer & incidents grid
- Role segregation and configuration includes segregation by agent, customer and users
- Configurable and built-in panels
- Minimal administrative or management effort required
- Dashboard and the Account Key Metrics on homepage viewed at login (Partner)
- Multi-function drop down navigation bar
- Simplified Content panels
- Improved viewing across whatever devices you might be using to display the portal

Print Security Dashboard:

- Provide simple, easy-to-comprehend compliance results
- Take action on any non-compliant device or setting right from an interactive layer inside the dashboard, allowing for quick adjustments to any fleet
- Export any data so that it can be viewed outside of the application and brought into another format, such as Excel
- Provide a customer view of the dashboard in order to provide “proof” of compliance, without providing the ability to make any device changes; this access/view helps to prove that a fleet is in compliance with supporting real-time data

Fleet Management Dashboard:

- Authorized users can assess the health of the print infrastructure at any point in time
- Enter meter reads
- Request service
- Order supplies
- Quick links to other sites like Reporting and Documents (configurable)

Service Performance Dashboard:

- Drill down to any region in your fleet for a detailed view
- Review device availability, volume, and more
- Use real-time data to analyze uptime and usage, and justify new printer purchases, relocation, or consolidation

Xerox® Standard Accounting

XEROX® STANDARD
ACCOUNTING FEATURE

You're busy—and budget-conscious. Your Xerox® printers and multifunction printers are smart workplace assistants—transforming office workflows so you can spend less time on process while unleashing more productivity. With Xerox® Standard Accounting on board, they'll even help you track costs and usage, ensuring your bottom line isn't impacted by overuse.

Xerox® Standard Accounting is a standard feature available on many Xerox® printers and multifunction printers. Use it to track and limit the number of copy, print, network scanning, email and fax (embedded, server and Internet) jobs for each user.

DOING MORE AND SPENDING LESS

Xerox® Standard Accounting monitors not only the pages your office produces but also who produced them. Network administrators and IT managers can enable Xerox® Standard Accounting through our Embedded Web Server to manage access and gather data for print, copy, scan and fax output—black and white and color.

Once you know where your costs are coming from, you can take control of them:

- Set limits on the number of print, copy, scan and fax jobs that a user can perform. Limits can be reset remotely at any time.
- Account for device activity down to the user or general account level.
- Manage a user's access to color—on color-capable devices—for both copy and print jobs.
- Bill usage to internal departments or external clients.

All Xerox® Standard Accounting components are embedded in the device's controller and print driver. Xerox® devices and print drivers contain everything needed to integrate Xerox® Standard Accounting with network printing, so there is no software to load on your network.

BENEFITS AT A GLANCE

- Minimal IT infrastructure impact
- Embedded accounting feature can account for and limit usage by function
- Cut costs by identifying excess usage
- Accurately recoup costs of printing, copying, scanning and faxing
- Implementation and maintenance require minimal intervention

ConnectKey Intuitive User Experience

A re-engineered user interface that delivers a true mobile device experience

Large capacitive touch screens enable gestures, swipe, scroll - just as you would expect from your smart device

Xerox® ConnectKey® Technology

BRIDGING PHYSICAL AND DIGITAL WORLDS FOR A
SEAMLESS AND PRODUCTIVE WORK EXPERIENCE

xerox™

Your Digital Workplace Assistant, Built on Xerox® ConnectKey® Technology

Today's workforce is mobile and always connected. Digital workplace assistants built on Xerox® ConnectKey Technology help businesses discover new ways to work smarter, more securely, and create the most productive workplace. It's time to stop thinking about printers as standalone, task-specific workhorses, and start demanding more up-to-date, useful — and usable — solutions. Xerox® ConnectKey® Technology delivers.

Each ConnectKey Technology-enabled multifunction printer in our lineup is the center of a productivity ecosystem — delivering an intuitive user experience, mobile and cloud connectivity, comprehensive security, and access to value-extending services and solutions. You'll do more than print, scan, or copy. You'll connect like never before.

XEROX® VERSALINK® PRINTERS

Ideal for distributed workgroups, printers and multifunction printers in the Xerox® VersaLink® family, are full-featured, app-centric digital workplace assistants. They provide an intuitive user experience, comprehensive security, and allow users to work whenever, from wherever.

XEROX® ALTALINK® PRINTERS

Scalable, powerful, and designed for the most demanding teams — the Xerox® AltaLink® Multifunction Printers deliver an intuitive user experience, personalization, mobile and cloud connectivity, and comprehensive security. These digital workplace assistants digitize, automate tasks, and streamline everyday work processes seamlessly to boost productivity.

Intuitive User Experience

Finally — a personalized user experience. 1-Touch Apps take time-saving convenience to the next level. Create and save shortcuts for frequently used workflows while staying in sync with the other devices you depend on to get work done.

KEEPING IT CONSISTENT

With a ConnectKey® Technology-enabled fleet — regardless of model — the user experience is always consistent. Common functions work similarly on every printer so users learn once and apply fleet-wide.

New installation wizards streamline setup to get you started with little or no IT support. Print drivers look and feel the same, while the Xerox® Global Print Driver® can be used on all printers regardless of model.

The Xerox® Embedded Web Server allows system administrators to remotely connect to their MFP via any standard web browser and manage configuration settings, apply cloned files to the fleet, install print drivers, monitor printer status, and troubleshoot using the Remote Control Panel tool — all without leaving their office.

TOUCH, AND GO FAST

The multi-touch experience — the way millions of phone and tablet users interact with today's most advanced devices — now finds its way to the printer or multifunction printer you'll depend on to get work done quickly and easily.

Swipe, tap, and pinch your way through simplified workflows on a large, colorful, tablet-like screen. Preview scans before printing to avoid errors. Download apps directly from the Xerox App Gallery and customize your interface to keep the apps you use most front and center. It's a completely new — and yet entirely familiar — way to power through complex workflows and common tasks.

LET'S PERSONALIZE

With ConnectKey Technology's flexible design, device interfaces can be personalized to provide only the apps you use most, including specific one-touch workflows to or from cloud or network locations.

And because ConnectKey Technology is built on an open systems architecture, Xerox Extensible Interface Platform® (EIP), it's possible to create new apps for highly specialized workflows.

Mobile and Cloud-ready

Your connected workforce — whether at home, on the road, or in the office — relies on a variety of devices to send or retrieve documents and information. Xerox® ConnectKey® Technology brings it all together.

READY FOR THE WAY YOU WORK

All ConnectKey Technology-enabled printers and multifunction printers give you the freedom to work where and how you want. They are mobile and cloud-ready, right out of the box. They provide secure access from your mobile device and direct, seamless connectivity to your preferred cloud systems and services.

MOBILE READY

The ability to connect and print from your mobile device is key for today's hybrid worker, and ConnectKey-enabled multifunction printers are ready to roll with built-in support for Apple® AirPrint®, Mopria® Print Service, and Xerox® Print Service for Android™.

The Xerox® Workplace Mobile App adds a common printing experience across both Android and iOS devices, making it easy for mobile workers to print on the go.

Tap to connect to your printer in seconds using Near Field Communication (NFC) to scan, copy, and print from your mobile device. When used in conjunction with Xerox® Workplace Solutions, it enables authorized users to unlock the MFP and access services securely with a personalized experience.

Optional Wi-Fi Direct is ideal for enabling guest user access – without the need to grant access to your primary network.

CONVENIENT AND CLOUD-CONNECTED

Scan or print directly to or from the cloud, easily share documents with individuals or groups without the hassle of multiple steps, and create editable documents from hard-copy source materials. It's all possible, right from the user interface of your Xerox® AltaLink® and Xerox® VersaLink® Devices.

For ultimate convenience, the easy-to-use Xerox® @PrintByXerox App makes printing as simple as sending an email with an attachment and retrieving it at any ConnectKey-enabled Device worldwide. It's easy, secure, and free.

Xerox® Workplace Cloud, a cloud-hosted Print Management solution, provides easy, flexible, and secure printing from any mobile device – freeing up IT resources to focus on your core business.

SAVE STEPS WITH SINGLE SIGN-ON*

Conveniently authenticate at the printer once with your card badge or mobile device and then securely access all your MFP SSO-enabled without having to perform any additional, time-consuming log-in steps.

*Natively with Xerox® AltaLink® 8100 Series, and via Xerox® Workplace Solutions Print Management

Comprehensive Security

Security is a top priority for every business. Xerox® ConnectKey® Technology exceeds industry standards for security features and technologies. That's why the most security-minded governments and businesses choose Xerox.¹

A HIGHER STANDARD

Although it's integral to our technology, there's nothing standard about the levels of security included with every ConnectKey Technology-enabled Device. Our holistic, proactive four-point approach to security ensures comprehensive and all-encompassing protection for all system components and points of vulnerability.

Prevent

ConnectKey Technology utilizes a comprehensive set of capabilities that prevents malicious attacks, the proliferation of malware and misuse of, or unauthorized access to the printer, whether from transmitted data or direct interaction at the device.

All possible access points are secure, including the user interface and input ports accessible to walkup users as well as PC, server, mobile devices, or cloud connections.

Detect

Xerox® ConnectKey Technology runs a comprehensive Firmware Verification test, either at start-up² or when activated by authorized users. This provides alerts if any harmful changes to the printer have been detected. Trellix Whitelisting/Allowlisting³ technology constantly monitors for and automatically prevents any malicious malware from running.

Protect

Our comprehensive security measures don't stop at preventing unauthorized access to your printer and securing your information from the inside. ConnectKey Technology provides capabilities to prevent intentional or unintentional transmission of critical data to unauthorized parties.

From protecting printed materials by not releasing documents until the right user is at the device to preventing scanned information reaching beyond its intended recipient, ConnectKey Technology offers the safeguards you need to keep your most critical data assets safe and secure.

Xerox also protects all your stored information using the highest levels of encryption. You can delete any processed or stored data that is no longer required using the National Institute of Standards and Technology (NIST) and U.S. Department of Defense approved data clearing and sanitization algorithms³.

External Partnerships

ConnectKey Technology provides extra security standards through our partnership with Trellix⁵ and Cisco. Communication with SIEM tools from Trellix⁵, LogRhythm, and Splunk dramatically reduces the threat of security breaches. We measure our performance against international standards with certifications like Common Criteria and FIPS 140-2/140-3 to ensure our devices are trusted in even the most secure environments.

Enables Managed Print Services

Combining Xerox® ConnectKey® Technology with Xerox® Managed Print Services creates an optimized infrastructure customized to your organization — whether it's large or small. Our state-of-the-art assessment tools and three-stage approach make sure you have the right mix of technology, apps, and solutions.

EFFICIENT HYBRID WORKPLACE

With Xerox® Managed Print Services (MPS), we can assess the print infrastructure to understand who is printing – where, and when. With the analytics from the assessment, we can create an optimized print infrastructure with ConnectKey-enabled Devices. The range of ConnectKey-enabled Devices enables us to put the right technology and the right applications in the right places. No need to invest in a more expensive MFP just because an app is necessary.

ConnectKey-enabled Devices are designed to work with the remote, cloud device monitoring toolset, making it easy to implement and manage the print infrastructure, including home offices.

PRODUCTIVE EMPLOYEES

User interfaces on ConnectKey Printers are easy to use, consistent, and adaptable to the user or organizational preferences. MPS Analytics helps identify laborious paper-based document processes that might benefit from digital transformation.

Utilize ConnectKey Apps to transform documents to digital formats, enable mobile printing, connect to cloud repositories, or provide an onramp to existing business processes.

Xerox® Support Assistant App saves people time by displaying the status or enabling the submission of supply orders and service requests.

Together, these features make employees more productive and happier with technology.

SUSTAINABLE PRINTING

Our Managed Print Services has the tools and expertise to make your business more sustainable and efficient. It starts with Sustainability analytics and "what if" analysis that provide you with actionable alternatives and device management to optimize your print infrastructure with eco-friendly devices. The Xerox® Green World Alliance® program simplifies collection, reuse, and recycling of spent imaging supplies.

Finally, our reforestation and carbon offset programs are a way to return trees to the forests and offset the carbon emitted from paper production.

SECURE ENVIRONMENT

Xerox® ConnectKey® Technology Devices are enabled with security features right out of the box. ConnectKey-enabled Devices provide data to our MPS Device Management Tools so we can monitor the system to be sure the infrastructure is always secure. And confidential documents and content do not print until the user is authenticated as the job submitter.

Xerox MPS ensures your company security policies are enabled with Whitelisting/Allowlisting, risk mitigation and automatic remediation, security analytics, and audit trail report for compliance.

SUPPORT RIGHT FROM YOUR MOBILE PHONE

The Xerox® Easy Assist App simplifies installation, monitoring, and management of your MFP – all from your mobile phone. It assists with the installation of the latest driver software for your MFP on your computer, provides real-time monitoring of printer status, and delivers easy access to self-support services.

Gateway to New Possibilities

Multifunction printers built on Xerox® ConnectKey® Technology are more than machines — they're agile digital workplace assistants that go beyond ordinary functions to completely transform the way you work.

EASY, APP-BASED FUNCTIONALITY

ConnectKey Technology brings an entirely new level of flexibility, efficiency, and possibilities to your workforce with a growing collection of Apps available through the Xerox App Gallery.

Simplify time-consuming, repetitive, or complex processes by extending your printer's capabilities in unexpected ways. With these easy-to-use apps, your Xerox® ConnectKey® Technology-enabled printer or MFP becomes a well-connected digital workplace assistant. It can connect you to cloud content repositories and business critical systems, help you with industry specific workflows in healthcare, finance, legal and education, or order consumables and get support – right from the printer's user interface.

With Xerox App Gallery and Xerox® Personalized Application Builder (PAB)*, Xerox partners can offer sophisticated levels of customization to automate your unique workflow requirements.

SINGLE PLATFORM CONVENIENCE

Remote and flexible work models demand one-platform convenience and seamless productivity. Xerox Workflow Central, our technology agnostic cloud-based solution, takes the guesswork out of converting physical and digital files into usable formats. Ideal for on-the-go employees, Xerox Workflow Central can be used from any device, including PCs, tablets, mobile devices, and multifunction printers.

Solve Everyday Workflow Challenges with Xerox® Workflow Central Platform

Change documents into audio files for easy listening whenever, wherever.

Convert PDF or image files to popular Microsoft formats for shareability with a wider audience.

Turn handwriting into legible, editable, and shareable text.

Translate to/from over 40 different languages.

Automatically redact Personal Identifiable Information using set words or phrases.

Create a smaller, summarized file that's easier to digest.

Merge up to 5 different files together to create a new, single master file.

* For Xerox channel partner customers. Xerox Direct sales customers should contact their sales executive for information on the Xerox® MFP Workflow App Customization Program.

Xerox® Devices Built on Xerox® ConnectKey® Technology

You'll work better, faster, and smarter with a consistent user experience, mobile and cloud connectivity, easy automation, comprehensive security, and access to a growing library of apps to expand functionality and boost productivity.

GETTING RESULTS WITHOUT GETTING BOGGED DOWN

After enabling Xerox® Standard Accounting, users easily and conveniently interact with the solution right from the device's user interface or from the print driver. The administrative tools are clear and straightforward:

- Enable and disable Xerox® Standard Accounting using Xerox® CentreWare® Internet Services (AltaLink® devices), Embedded Web Server (VersaLink® devices)
- Add, delete and manage accounts
- Export reports
- Create and manage user, group* and general accounts
- Set user limits for device features (copy, print, fax and scan), including color limits
- Simplify enterprise deployment by cloning Xerox® Standard Accounting settings and user accounts to other Xerox® devices

Xerox® Standard Accounting on Xerox® AltaLink® Devices

Xerox® Standard Accounting on Xerox® VersaLink® Devices

*Group accounts only supported on AltaLink devices.

XEROX® ACCOUNTING SOLUTIONS AND OPTIONS

Xerox® Standard Accounting: Tracks the number of prints, copies, faxes and network images sent at the device. Usage limits can be applied to users to restrict the total number of copy, print, fax and scan jobs that a user can perform. Administrators can print a report that contains Xerox® Standard Accounting data.

Network Accounting: Accounting solutions ideal for larger enterprises that provide extensive accounting information at the network level for copies, prints and scans using integrated solutions available from Xerox Alliance Partners.

Foreign Interface Device: Uses separate accounting hardware (such as swipe card terminals) and software connected to a Xerox® device to control user access and collect and report accounting data.

XEROX® STANDARD ACCOUNTING IS AVAILABLE WITH THESE DEVICES:

Xerox® AltaLink® B8045/B8055/B8065/

Comprehensive Security

Prevent. Detect. Protect.

Our comprehensive approach to security helps you keep your devices, documents, data and content safe from cyberthreats.

Ensure compliance of every device on the network with automated monitoring and remediation.

Restrict access to printed documents to only authorized users.

Alert administrators to unauthorized disclosure of data and content.

McAfee and Cisco integration for **automatic response to cyberthreats.**

Print Security

Weak or nonexistent cybersecurity programs represent a massive organizational risk for state, local and municipal government agencies in the United States. Most government data breaches are an inside job, coming from employees improperly using information, data, and documents.

As your trusted provider of secure printing solutions, we offer many standard secure print features.

- **Xerox Secure Print.** Secure Print allows you to control the print timing of your documents. Enter a passcode to send a job to print. The printer holds the job until you enter the same passcode at the device, releasing it to print.
- **Image Overwrite.** Electronically “shred” information stored on a printer’s or MFD’s hard disk as part of routine job processing. Electronic deletion may be performed automatically, on-demand or, on some devices, scheduled. The Xerox® Image Overwrite print security process uses a three-pass algorithm originally specified by the U.S. Department of Defense.
- **Data Encryption.** As data moves in and out of a printer or MFD, or is stored within the device, we secure it with several different protocols for encryption, such as Secure Sockets Layer (SSL)/Transport Layer Security (TLS) and Internet Protocol Security (IPSec).
- **Access Control/User Authorization.** Specific functions (such as scanning or accessing customer data) can be restricted by user and by function according to access control limits set by a system administrator. Authorized users may be granted appropriate levels of access once they are logged on or authenticated.
- **Network Security.** To ensure the device behaves like a good network citizen, many Xerox printers and MFDs include features that protect them from unauthorized remote access. These secure print features protect the confidentiality of data as it moves across your network, to and from the printer. These print security features include IP Filtering, IPSec and SSL/TLS data encryption, digital certificates, network authentication and 802.1x device authentication.

Advanced Security

Common Criteria Certification

Xerox currently has the broadest portfolio of Common Criteria Certified multifunction print devices in the industry. Our latest products offer the most comprehensive set of security functionality in the industry. Xerox is the only vendor to certify the complete device, not just the kits or subsets of functionality. We engineer our MFDs with built-in security features, providing a wide array of the latest security options for secure documents, devices and networks that seamlessly integrate with our client’s infrastructure. When it comes to security certification, Xerox believes that a complete system certification provides a better assessment of security than one limited to only a component or kit such as the case with some other vendors.

McAfee and Cisco TrustSec Identity Services Engine integration

- **McAfee** technology is embedded on our ConnectKey® devices, resulting in the industry’s first lineup of multifunction printers that protect themselves from outside threats. McAfee’s white-listing technology ensures that devices print only safe, preapproved files or perform approved functions, minimizing the need to manually update software against new security threats.
- **Cisco TrustSec® Identity Services Engine** integration provides comprehensive visibility of all ConnectKey multifunction printer endpoints to enforce IT-centric security policies and compliance.

Document Security

Data Security and Copier Hard Drives	
X	All Multifunction [photocopier based] units installed by Xerox Business Solutions Southwest at Region 10 ESC will be equipped with data encryption measures, disk overwrite measures and operating features that will allow Region 10 ESC to comply with HIPAA required compliancy standards.
X	All devices containing hard disk drives installed by Xerox Business Solutions Southwest at Region 10 ESC locations will be set at the level of encryption and overwrite such that all data will not be able to be recovered, viewed or otherwise usable in any manner after such units are removed from Region 10 ESC. All units quoted have the above stated requirements included in the bid pricing and on-going pricing.
X	All print/copy/fax/scan jobs will be encrypted and overwritten on a per job basis from the time of install, providing full time compliance from the time of install to time of removal.
X	Xerox Business Solutions Southwest will provide a Proof of Concept to Region 10 ESC before removal of units to the satisfactory level of Region 10 ESC that no breach of security of the data occurred during the chain of custody of the removal process and that all hard drives are properly and sufficiently accounted for and determined secure to Region 10 ESC.
X	The manner in which the hard drives are encrypted and subsequently overwritten complies with the GLB Act and HIPAA mandates for hard drive disposal.
X	No data from copy, print, scan and fax usage or address book information will remain on any of the photocopiers prior to removal from Region 10 ESC.
X	That the methodology used to prevent the loss or potential breach of any data from the usage of the removed photocopier fleet is in keeping with all Federal/State and Local compliancy laws.
X	The Xerox Business Solutions Southwest copier fleet will comply with IEEE STD. 2600 Security Standard for Hardcopy devices.
X	Xerox Business Solutions Southwest certifies all data stored on copiers will be maintained as confidential to outside future users and that all data that is sent as a print job, walk up copy job, scan or fax job is secured by the internal security measures of the multi-function devices.

Service Call Escalation

Proactive Action Plan

All units that require 3 service calls in 30 days are flagged in our system and escalated to the Service Manager and reviewed on a weekly basis. Additional resources such as team-leads, network technicians, and/ or manufacturer support are dispatched to resolve reoccurring issues. Problematic units are identified, along with each unit(s) service history during the Business Review by the Service Manager.

Project Fulfillment Guarantee

Our Full Service Maintenance Agreement is backed by our customer driven “Common Sense” Total Satisfaction Program. During the Business Reviews (QBR’s), the Project Managers, Major Account Customer Care Representative, Service Manager and Account Manager review the performance of the fleet and measure our results against the response time for the fleet.

Xerox Business Solutions Southwest Full Service Maintenance

Xerox Business Solutions Southwest Full Service Maintenance Agreement is a comprehensive program for all your document printing, supplies, maintenance and service for all your Production, MFP and Printer devices. At Xerox Business Solutions Southwest, we manage over 329 million impressions per month including over 44 million prints from our customer's printer fleets.

From comprehensive network and software support, to 24/7 online assistance, online training videos and quick, responsive on-site coverage, you can count on us for a variety of service options to meet your needs. Every option is backed by a team of experienced support personnel who are equipped with the latest skills, tools and technology. Once implemented, Xerox Business Solutions Southwest Managed Print Services provides an optimized print environment, reducing your total cost of ownership and increasing faculty and staff productivity.

Comprehensive Maintenance

Our maintenance includes:

- All supplies (excluding paper)
- All replacement parts
- All labor associated with break/fix of MFPs
- All preventative maintenance, device cleaning etc.
- Guaranteed 4 - 6 hours service response time
- Remote service for "I can't print" issues for quicker resolution, driver configurations and training.
- Proactive monitoring of fleet devices
- Helpdesk integration
- Xerox Business Solutions Southwest eXpress Services including supply monitoring and replenishment
- In-service and on-going on-site training of MFP features by Xerox Business Solutions Southwest trainer(s).
- Business Reviews of performance metrics

Predictive Fleet Maintenance

We have the capability to monitor toner levels remotely and proactively order and send supplies when levels are low. All networked MFP devices will be set up on the Xerox Business Solutions Southwest Direct Link App. The Panel Level integrated application triggers sales orders based on predefined replenishment levels directly from the device and generates an email to you and places an order with Xerox Business Solutions Southwest to send out toner. Xerox Business Solutions Southwest uses a Predictive Service approach to other consumable parts and supplies in order to minimize downtime.

Meter Reading

We have the capability to collect meters automatically through all Networked devices using Xerox Device Agent. This can be viewed by Region 10 ESC in the vendor portal.

Invoicing

XBS Southwest will provide a monthly invoice for all equipment and shall include items specified by Region 10 ESC:

- Invoice date and number
- Purchase order number
- Separate Location, make, model and serial number for each copier billing
- Current and previous reading
- Date of meter reading

Preventative Maintenance Plan

The Total Call Commitment “TCC” is the service methodology Xerox Business Solutions Southwest performs to provide its clients superior service. The “TCC” program treats every call as a preventative and proactive call.

This means going systematically over the entire machine, not just the obvious problem area, or a subassembly (finisher, duplexing unit, paper feed units or document feeder), rather all aspects of the system are evaluated; from the paper input section of the machine through the entire system and all subassemblies. This proactive way of servicing has drastically increased our MCBC’s (mean copies between service calls) and lowered overall customer downtime which results in higher customer satisfaction and maximum ROI.

The PM cycle (call initiation) is a “reactive” way of conducting service that forces the technician to respond to the machine breaking down in between PM’s, otherwise known as the Band-Aid fix. Since technicians generally do not replace parts normally associated with the PM replacement schedule, repairs are only focused on the area of concern (specific to the problem), which initiated the call and nothing more. This “keep the machine running” until the PM light comes on approach over time dramatically reduces the total life expectancy of a machine, degrades the machine’s overall performance, and lowers the copy quality standards achieved by the “TCC” program.

LifeCycle Management

Typical machine life is based on usage, and is estimated at 60 months, and between 1.2 - 9 million copies for each model. This varies based on usage, operating environment and maintenance. The number of copies or prints between service calls on a digital color copier / printer is highly dependent on customer expectations of quality and the use of applications and throughput materials. At an average usage of 10,000 copies or prints per month, it is expected that service will be required about once every 24 weeks. Volumes higher than this could result in more frequent service. For B8000 series, an estimated 3-4 calls per year with approximately 20,000-50,000 pages between calls.

Value Beyond Cost Savings

Xerox Business Solutions Southwest Managed Print Services delivers benefits in many areas:

- We address environmental sustainability, finding innovative ways to eliminate unnecessary printing and reduce your carbon footprint, usage and waste. We enhance information security to protect your most valuable information and avoid the costs of lost intellectual property and PI.
- Through our Smart eSolutions, we monitor, maintain and manage your print environment.
- On-site technician feedback to summarize completed work & identify escalation if needed.

Technical Support

Technical Support Department Overview

Xerox Business Solutions Southwest will provide remote support with a certified Helpdesk/Copier Analyst with remote access software during normal business hours, Monday through Friday 7:00 am to 6:00 pm CST.

Requests for break/ fix service may be made through the following channel categories:

- Panel Level Integrated Direct Link App to place service calls directly from the device
- Region 10 ESC ePortal provided and setup by Xerox Business Solutions Southwest
- Xerox Business Solutions Southwest Webpage
- Xerox Business Solutions Southwest Technical Support Hotline: 1(800)413-3526

The Xerox Business Solutions Southwest Call Center Representative act as a single point of contact for all IT and Copier service related issues and provide support for:

- Reconfiguration of required network protocols (TCP/IP, DNS, etc.).
- Reconfiguration or installation of any additional print drivers needed for any new computers or print servers added after the initial install.
- Reconfiguration or setup of scan to folder options (SMB or FTP).
- Reconfiguration or setup of scan to SMTP/Exchange services. Scan to email requires an on-site email server that is customer owned/maintained or any email services provided by the customer and must be setup and activated prior to service. "Free" email servers and POP3 email accounts are not supported.
- Provide basic image quality recalibration for all print and copied documents.
- Provide fax service troubleshooting.
- Remote diagnostic of system fault codes.

Xerox Business Solutions Southwest can even assist your helpdesk with all necessary information or resources needed to resolve any issue. If our Helpdesk analyst cannot resolve any issue within a timely manner or determines that a Network Analyst is required on-site, one will be dispatched to the location. Physical network connections, cabling and network administration is provided by the client.

Value Added Service

Normal business hours are Monday through Friday 8 am to 5 pm CST. A Xerox knowledge base of FAQs and resolution instructions are available online 24/7. A link will be provided through Region 10 ESC portal. Xerox Business Solutions Southwest can provide after hour, weekend and holiday on-call service with advance notice for an additional fee. Xerox Business Solutions Southwest will always try to resolve an after hour customer issue by contacting its staff member(s) and communicating back to our customers. Service level metrics including number of helpdesk calls, service calls, turnaround times and fleet uptime will be presented at Business Meetings.

Holiday and after hours service is provided at the following rates:

Monday– Friday after 5pm	\$180/ hr
Saturday & Sunday until 5pm	\$180/ hr
Sunday after 5pm	\$240/ hr
All Holidays (all day)	\$240/ hr

Holiday and after hours service requires 48 hours advance notice in order to schedule a technician to be on-call. If service is not required during the on-call period, a minimum charge of \$50/ day will apply for the on call service.

Technical Support

At Xerox Business Solutions Southwest, we understand that reliability is crucial to productivity, and reaching your company's goals. When an issue arises, the below steps will be taken to ensure devices are operational as soon as possible.

The XBS Southwest Helpdesk/Copier Analyst team will accept incoming requests from clients, and quickly help confirm the problem and attempt to solve the issue remotely. Most service requests that come in can be solved by our Helpdesk/Copier Analysts. If needed, an XBS Southwest team member will dispatch an on-site technician and provide an ETA.

The certified technician will arrive and re-confirm the issue with the machine, and go through the below steps:

- Have the customer demonstrate the problem, if possible
- Ask for defect samples
- Confirm if there are other issues with machine
- Attempt to replicate the problem with machine firsthand
- Check overall operation of machine and identify any other issues

The technician will then obtain and document Meter Reads and Fault Codes, and print out a Configuration Report if available. They will also review the Service Log and fault history, and check High Frequency Service Items (HFSI) status.

After the initial review and diagnostics, our service technicians will give Region 10 ESC an estimated service time, and begin repairing the device.

Once the device is operational, the technician will thoroughly test to confirm the machine is repaired and all components are in good working order.

Next, the technician will fill out the service log with all applicable information about the service visit, which will be available to Region 10 ESC on the vendor portal. They will also ensure the machine and work area are clean, gather any parts for return, and verify all supplies are at appropriate levels.

Last, Region 10 ESC will be able to test the machine to ensure the issue has been resolved. Our service technicians will then explain the solution(s) and provide training where possible to prevent future calls.

If the device cannot be fixed within the first on-site service call, the below escalation will be used:

- The XBS Southwest service technician will suggest any possible workaround for the interim, and perform as much of the call as possible to uncover and resolve any other issues
- The next steps, such as timeframe, parts, and escalation will be communicated clearly to Region 10 ESC
- If a device is down for more than 72 hours, XBS Southwest will provide a loaner free of charge, through our Common Sense Total Satisfaction Guarantee.

Service Technician Training

All of the service technicians are trained by our 3 Xerox certified trainers representing 65 years of industry experience and have a combined 40 years of training experience.

All training is conducted in a classroom, with a hands-on format. This gives each technician the opportunity to learn both the theories of how the equipment in each device works, and also how to properly troubleshoot the equipment. This gives our service technicians the hands-on experience necessary to address any issues they might encounter in the field.

All of our technicians are trained and evaluated throughout their career to ensure they have the latest, most comprehensive information about the equipment and devices they work on.

In order to service XBS Southwest devices, each technician must successfully complete:

- The Service Academy Course—This course teaches all of the basics of our service and devices.
- IT Instructional Course—This course keeps service technicians up to date on the latest technologies they may encounter in the field. This is required upon employment, but is an ongoing class as our devices and technologies update.
- Xerox Certification Program—Upon completion of all the above training, service technicians must also successfully complete the Xerox Certification on each device they will be servicing.

All of the above courses and certifications are required to provide each technician with the knowledge and skills to provide efficient and quick resolutions to any customer challenges.

We have a stringent support process in place should our technicians face any unusual problem in the field. Technicians have a team of subject matter experts to consult with and bring on-site if necessary in order to resolve these issues quickly and completely.

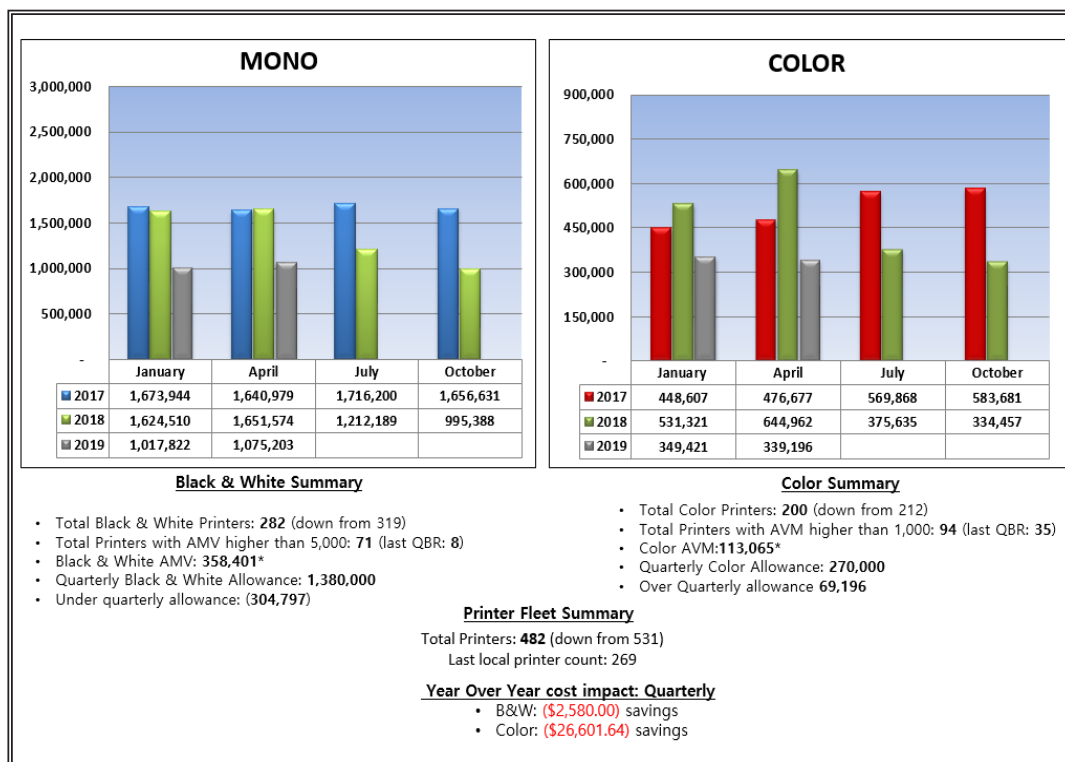

Business Reviews

At Xerox Business Solutions Southwest, we strive to develop long term business relationships with our customers. Our Business Review meetings with our clients ensure that we are performing at the highest possible level of support and are meeting your objectives.

How it works: volume usage data is gathered using an automated data collection tool or manually. We collect service call information from our service databases. Your Major Account Customer Care representative compiles this data into an executive style presentation.

The following are among items are discussed regularly during our Business Reviews:

- Review service guarantees, response times, guaranteed up-time, security patches etc.
- Discuss changes in volumes and implement necessary changes in hardware or supply levels
- Discuss any changes in applications, business models, and best practices for end-user needs
- Present any new technologies, ideas for cost savings or workflow solutions
- Both parties sign off to verify "Commitment to Action Items"
- A consolidated meter reading report will be provided for each location including service performance uptime and calls.
- Detail quarter over quarter total cost of ownership (varies based on how often reviews are conducted).

Sustainability Programs

At Xerox Business Solutions Southwest, sustainability is our way of doing business. We align our goals for the environment, health and safety in five key areas to make an impact across our value chain worldwide.

In fact, with Xerox's new Evolve Recycling program, Region 10 ESC will receive payment for shipping empty inkjet and laser printer cartridges. This means that while working to meet your sustainability goals, the district can turn their old network printer toner cartridges into cash to help fund other projects-- all while keeping millions of pounds of waste out of landfills each year.

Environmental Sustainability: As a charter partner of the International ENERGY STAR program, we have long invested in product designs and technologies that conserve energy and reduce associated greenhouse gas emissions. All devices are U.L approved energy star compliant.

Xerox Business Solutions Southwest will provide a means and method for Region 10 ESC to allow the collections and recycling of Xerox toners and other CRUs. Xerox Business Solutions Southwest will maintain a parts management process that ensures used parts are returned to Xerox for appropriate processing or responsible disposal via eco-friendly boxes to support Region 10 ESC's green and sustainability initiatives.

Together with our suppliers, customers and stakeholders, we strive to maintain the highest standards for preserving our environment and protecting and enhancing the health and safety of our employees and communities.

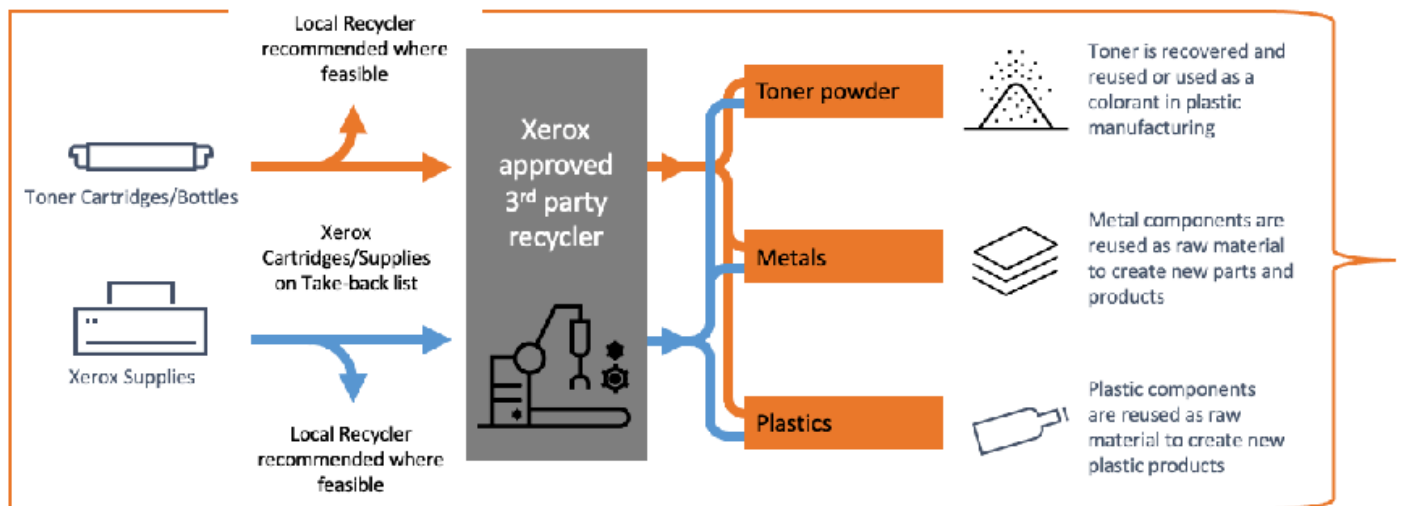

- **Our Goal: Zero Waste to Landfills** - In 2016, we managed 94 percent of nonhazardous solid waste beneficially which remained unchanged from 2015. We've established a new aspirational goal to drive our reuse/recycle rate to 100% by 2020 at our technology facilities compared to a baseline year of 2009.
- **Conserving Water:** As part of our commitment to conserve resources, we monitor water consumption across our manufacturing, distribution and R&D facilities worldwide. Having met our corporate goal to reduce water consumption by 21 percent by 2014 (against a 2009 baseline), we established a new goal to reduce water consumption by 35% by 2020 (against a 2010 baseline). Water consumption in 2016 was down 43% against the 2020 target.
- **Reducing Greenhouse Gas Emissions:** Since 2012, Scope 1 (direct) and 2 (indirect) greenhouse gas emissions are down 28 percent*. The reductions are the result of improved energy efficiency, new technologies and improved energy management practices.

Ecobox Collection Our Contribution to Enable a Circular Economy

- Xerox Green World Alliance - Recycle used toner cartridges and supplies - FREE
- Developed by Xerox in the 1990's in anticipation of customer expectations, regulations and our long-standing environmental commitment.
- Managed by Xerox Supply Chain
- Key to earning EPEAT registration for our devices
- A critical component of achieving our corporate goal of Net Zero GHGs by 2040

Minimizing Paper Use

- Cloud-based printing services
- Print on demand and print redirection
 - CareAR to eliminate service trips
- Print Awareness Tool to gamify printing efficiency

Reducing Carbon Footprint

- Electrifying Xerox Service fleets
- Xerox Reforestation Service to offset paper consumption
- Ecobox to recycle consumables for reuse

Improving Electricity Efficiency

- Optimizing device configuration for sleep and standby modes

Installation/Implementation

The Xerox Business Solutions Southwest support team has coordinated and implemented several similar size and scope awards, including National Commercial Accounts, Independent School Districts, Government Agencies and secure Military Bases across Texas.

Upon award and receipt of signed documents, orders will be placed with Xerox for any additional machines not available in our local warehouses. Xerox Business Solutions Southwest will receive systems from Xerox within approximately 5-7 days. Once Xerox Business Solutions Southwest receives the systems, they will be assembled, tested and prepared for delivery. Set up will also include any IP, security settings, etc as provided by IT support to minimize installation time. Deliveries should occur within time frame indicated in the RFP.

Installations can be accomplished within a few days depending upon preferences and installation conditions. This estimate is based on similar size installations in the past. The installation team would be comprised of drivers/technicians and network support staff. On site coordination will be through the Account Manager, IT and Field Service Technicians as well as designated representative(s) from Region 10 ESC. The planning tools co-authored with Region 10 ESC prior to delivery will also help facilitate installation , equipment badges, IP addresses, security settings, LDAP, etc.

All Xerox Business Solutions Southwest Installation Specialists are adequately prepared and trained on the expectations required for a seamless delivery. Our Service Trainer, conducts the following training courses:

PRINTING

1. Determine correct IP address, Subnet and Gateway
2. Identify correct print driver for the environment
3. Install print drive in Windows or MAC with Standard TCP/ IP port
4. Set proper default in print driver
5. Proper configuration of ports

SCAN TO SMTP

1. Determine SMTP server, port, DNS and Domain
2. Configure all setting in webpage
3. Test configuration in web page
4. Send an email from the copier
5. Setup address book or import from old copier

XEROX APP GALLERY

1. Log in and update app gallery
2. Select and install applicable apps
3. Set up DirectLink for placing service/supply requests from MFP panel
4. Test all installed apps

NETWORK

1. Install and configure Xerox CentreWare Web
2. Set default security settings and clone to all devices
3. Administrative lock down of settings

Site Preparation

- You must make sure electrical and space requirements are satisfied before the equipment is delivered.
- One network drop per device is required for installation.

Plug-N-Play Installation

- Our Installation Specialist will pre-install device drivers, configure scanning and implement Xerox Business Solutions Southwest active alert meter collection.
- You will need to have an IT/Alternate Point of Contact available 24-48hrs from time of submitted order to provide a Xerox Business Solutions Southwest Installation Specialist the information required to place the new system on your network.
- If your IT is not available, Xerox Business Solutions Southwest offers On-Site installation at an additional cost.

Equipment Installation

- Device(s) will typically be delivered within 5-10 business days from the day of submitted order.
- Xerox Business Solutions Southwest Logistics Coordinator will contact your company within 5 business days to coordinate the delivery and installation.
- Xerox Business Solutions Southwest will provide scheduled initial key operator training, available within 24hrs of completed installation or at your convenience.

Lease Returns/Trade-Ins

(If Applicable)

- The Xerox Business Solutions Southwest delivery team will pickup your lease return at the time of delivery of your new, preconfigured equipment.
- You must provide the lease return instructions for your replaced device(s).
- Upon receipt of return instructions, Xerox Business Solutions Southwest will facilitate the shipment of your replaced device/s to the leasing company.

Preparation

ACTION	CLIENT	XBS Southwest
Ensure adequate space and power to configure your new Device	X	X
Ensure available network port	X	
Facilitate communication between your IT and Xerox Business Solutions Southwest Installation Specialist within 48hrs	X	X
Provide additional Professional Services for on-site installation if required*		X
Select & enable Xerox Business Solutions Southwest Active Alert/ APP meter collection solution	X	X
Arrange delivery and installation logistics		X
Provide Category 5 Ethernet cable for network connection (if needed)	X	
HDD replacement and destruction**		X
Install system hardware		X

**Optional HDD destruction and replacement available for lease return/trade-in devices at an additional cost

***Included with Xerox Business Solutions Southwest Maintenance Agreement at NO additional cost

Planned Approach

Schedule of Installation

Final dates to be determined in negotiation.

EVENT	DATE	NOTES
Award Date	10/16/2024	Region 10 ESC Committee or Board of Trustees
Verify Equipment to Order	TBD	Confirmation of configurations with Region 10 ESC Committee or Board of Trustees
Contract Execution	11/1/2024	
Implementation Meeting	TBD	Space and electrical verifications
Receive Equipment into Inventory	TBD	5-7 days from order date
In-house Make-ready	TBD	Includes: testing, set-up IT and Security Settings pre-configuration
Checkpoint		
Commence Installation hardware	TBD	1-2 days estimate based on location Availability. 48 hour notice to be provided.
Complete Installation & Training	TBD	All equipment in place and operational
Commence In Service/ Staff Training	TBD	Schedule will be customized to Region 10 ESC (1st wave for staff present)
Checkpoint		
Follow-up Survey	TBD	Identify areas for retouch/ retrain
On-Going/Refresher Training	On-going	Available throughout term of agreement
Launch online Account	TBD	Populate portal with asset data and contracts
Business Review	TBD	Review Performance Levels and response times

Upon award, a further customized implementation schedule will be negotiated with Region 10 ESC.

All copiers to be delivered and fully operational by the required dates established by Region 10 ESC.

Training

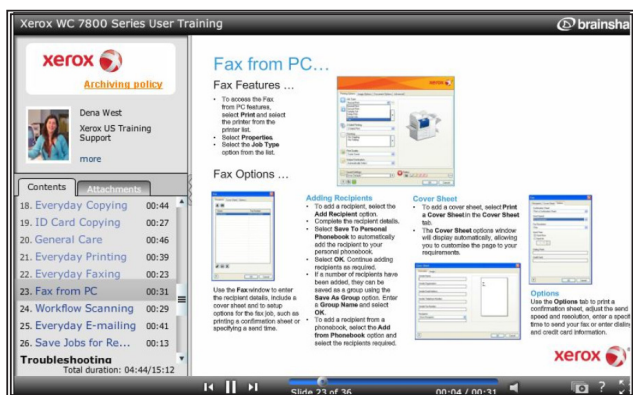

At Xerox Business Solutions Southwest, we understand the difference between having the latest technology and making the full use of that technology to realize your company's goals. Xerox Business Solutions Southwest has the most complete multi-tiered training program available to maximize your return on investment while offering on demand training for added convenience and flexibility.

Training and Education will be directed to all levels of the organization to enable effective device usage and full awareness of device capabilities. XBS Southwest will provide trainers for Region 10 ESC during implementation. This will vary based on Region 10 ESC's needs and schedule. Upon award, a more detailed plan will be coauthored between Region 10 ESC and XBS Southwest

Our training plan is provided free of charge and includes:

- Notifications to end-users of upcoming training
- "In-service" classroom style training (locations within Xerox Business Solutions Southwest geography) that shadow the installation team to provide on-site immediate hand-on demonstrations of new devices and procedures for contacting service/ supplies
- Follow-up training on-site for all users including advance features. This may be applied to new hires, refresher training or other needs-based trainings.
- 24-7 training videos, step-by-step user instructions and FAQ's for contracted products via online portal (see below)
- Custom training manuals or posters as needed for high volume and/ or large user areas
- Workflow application training
- On-site and webinar training for Managers and Accounts Payable department on usage report generation
- Helpdesk training on call escalation procedures and online portal usage
- Administration training online portal usage

Xerox Business Solutions Southwest also has a comprehensive training program that can be accessed at your convenience 24 hours/ day. The training may be taken all at once which is recommended if the machine is new, or you may simply look for information on a specific feature. Additional information and instruction are also available through Xerox.com on the support, documentation and video tab: <https://www.xerox.com/en-us/about/online-training>.

Roles and Responsibilities for Implementation

VP, Strategic Accounts— Point of authority for central administration, contract, finance and project management. Responsible for ensuring RFP objectives are met, Service Level Agreement is upheld and long-term initiatives are implemented.

Senior Technology Specialist—Acts as Primary Account Manager. On-site to ensure implementation benchmarks are being met. Main on-going point of contact that will work with all internal resources to meet needs. Ensures Business Reviews are set and that all parties are present.

Transition Manager—Project Coordinator responsible for transition, change management, overseeing implementation of future state process, account management and performance reviews. Responsibilities include executive level feedback including ETA's and milestones during implementation. Also, coordination of service and delivery teams for Region 10 ESC locations.

Director, Ecommerce & Social Media—Customization, implementation and maintenance of Region 10 ESC online portal and end-user surveys post implementation.

Director, Technology Sales—Responsible for scope of work of enterprise software integration, developing reporting model and cost reduction initiatives. Responsible for coordinating strategic software provider partners.

Director, Service—Will coordinate delivery teams with timeline expectations, on-site technical staff and inform trainers.

Call Center Supervisor—Ensures integration of Region 10 ESC helpdesk with Xerox Business Solutions Southwest call center. Initiates remote support for end-users through defined escalation procedures.

Express Meters Team—Installation of Auto Toner Replenishment software in addition to existing Express Meters software.

Region 10 ESC IT and MIS—Will be responsible for working with Xerox Business Solutions Southwest for IP addresses, LDAP information etc or new MFD devices. Also responsible for working with Xerox Business Solutions Southwest on print server consolidation, software installation and co-authoring SOWs.

Deployment Plan

Our ability to continuously meet and exceed our customers' expectations rests in our care in defining measurable objectives each step of the way. An incredible level of detail goes into dimensioning our approach—and our goals—for each project.

Key elements include:

- Develop service level expectations
- Set clear expectations through written implementation plan
- Involve key stakeholders in process development
- Provide timely updates and change notices
- Define escalation procedures
- Measure and communicate compliance to objectives
- Seek feedback to develop best practices

Section Two:

- **Proposal Questionnaire**
- **Signed Required Forms**

Proposal Form Checklist

The following documents must be submitted with the Proposal

The below documents can be found in Section 2; Proposal Submission and Required Bid Forms and must be submitted with the proposal. Please note Proposal Form 1 is a separate attachment (attachment B)

PROPOSAL PRICING: Attachment B is provided separately in a Microsoft Excel file and is required to complete your price proposal.

PROPOSAL FORM 1: ATTACHMENT B - PRICING

QUESTIONNAIRE & EVALUATION CRITERIA :

PROPOSAL FORM 2: QUESTIONNAIRE & EVALUATION CRITERIA

OTHER REQUIRED PROPOSAL FORMS:

PROPOSAL FORM 3: CERTIFICATIONS AND LICENSES

PROPOSAL FORM 4: CLEAN AIR AND WATER ACT

PROPOSAL FORM 5: DEBARMENT NOTICE

PROPOSAL FORM 6: LOBBYING CERTIFICATION

PROPOSAL FORM 7: CONTRACTOR CERTIFICATION REQUIREMENTS

PROPOSAL FORM 8: ANTITRUST CERTIFICATION STATEMENTS

PROPOSAL FORM 9: IMPLEMENTATION OF HOUSE BILL 1295

PROPOSAL FORM 10: BOYCOTT CERTIFICATION AND TERRORIST STATE CERTIFICATION

PROPOSAL FORM 11: RESIDENT CERTIFICATION

PROPOSAL FORM 19: GENERAL TERMS AND CONDITIONS ACCEPTANCE FORM

PROPOSAL FORM 20: EQUALIS GROUP ADMINISTRATION AGREEMENT

PROPOSAL FORM 21: OPEN RECORDS POLICY ACKNOWLEDGEMENT AND ACCEPTANCE

PROPOSAL FORM 22: VENDOR CONTRACT AND SIGNATURE FORM

(The rest of this page is intentionally left blank)

PROPOSAL FORM 2: QUESTIONNAIRE & EVALUATION CRITERIA

Instructions:

Respondents should incorporate their questionnaire responses directly into the green cells below. Failure to provide responses in this format may result in the proposal being deemed as non-responsive at the sole discretion of Region 10.

Respondents may incorporate additional documents as part of their response which may be utilized by Region 10 as part of the evaluation. Additional documents must be consolidated as part of this Section 2 at the end of your response.

Region 10 has associated the evaluation criteria with the question that most closely aligns with that respective evaluation criteria. Region 10 reserves the right at its sole discretion to base its evaluation and specific evaluation criteria on any part of the respondent’s proposal.

Evaluation Criteria	Question	Answer
Basic Information		
Required information for notification of RFP results	<i>What is your company's official registered name?</i>	Dahill Office Technology Corporation dba Xerox Business Solutions Southwest
	<i>What is the mailing address of your company's headquarters?</i>	8200 IH-10 West, Suite 400, San Antonio, TX 78230
	<i>Who is the main contact for any questions and notifications concerning this RFP response, including notification of award? Provide name, title, email address, and phone number.</i>	Jane Johnson, Director of Strategic Accounts, jane.johnson@xerox.com, P: 814-360-7895
Products/Pricing (30 Points)		
Coverage of products and services	No answer is required. Region 10 will utilize your overall response and the products/services provided in Attachment B to make this determination	
Ability of offered products and services to meet the needs requested in the scope	No answer is required. Region 10 will utilize your overall response and the products/services provided in Attachment B to make this determination	
Competitive pricing for all available products and services, including warranties if applicable	<i>Does pricing submitted include the required administrative fee?</i>	The pricing submitted does include everything required for this proposal response.
	<i>Do you offer any other promotions or incentives for customers? If yes, please describe.</i>	We offer financial incentives such as leasing options and trade-in programs depending on the customer’s existing fleet. Another incentive we offer is free installation, training and maintenance packages. In addition, we also offer consultancy services to streamline and optimize document workflows as well as tailored solutions to meet specific business needs and improve overall operational efficiency for our customers.

Ability of Customers to verify that they received contract pricing	<i>Were all products/lines/services and pricing being made available under this contract provided in the attachment B and/or Appendix B, pricing sections, including shipping, installation, and other peripheral costs/fees?</i>	Yes, attachment B includes pricing being made available on this contract.
Payment methods	<i>Define your invoicing process and methods of payments you will accept. Please include the overall process for agencies to make payments</i>	XBSSW uses an ERP accounting system that seamlessly integrates with our meter collection software for Xerox devices. This ERP ensures efficient and accurate processing of invoices. XBSSW accepts Credit Cards, Debit Cards, Checks and ACH methods of payment.
Other factors relevant to this section as submitted by the Respondent	No answer is required. Region 10 will utilize your overall response and the products/services provided in Attachment B to make this determination	
Performance Capability (25 Points)		
Product and service features and capabilities	<i>Please provide a high-level overview of the products and services being offered and how they address the scope being requested herein.</i>	XBSSW is proposing a catalog of products and services we offer. We offer comprehensive managed print services solutions that includes MFD integration, Managed Print Services, Production Printing, Document Management, Business Process Automation and Professional Services. From design to implementation to after sales support, our innovative approach provides process improvements that will keep you aligned with your business strategies. In addition to being a Xerox Company, we also partner with companies such as HP, Panasonic, Brother, PaperCut, DocuShare, Nuance, eCopy, Faxcore, and PrinterLogic to bring you the very best selection of products at a competitive price point.
	<i>Outline how your products and services compare to those of your competitors.</i>	We distinguish ourselves from our competitors through our innovative technology such as DirectLink, free of charge embedded tracking software – XDA, AI and Automation, and cutting-edge products; our comprehensive service and support such as MPS and support; our customized solutions; our strong global presence; our sustainability initiatives with our eco-friendly products and sustainability goals; our partnerships and alliances; our comprehensive document management throughout document security and workflow automation; our proven track record with our experience and testimonials; and our focus on innovation through our research and development and product evolution.
	<i>Outline any managed print services offered and any featured components such as device monitoring and consumables management.</i>	Xerox's Managed Print Services (MPS) deliver a holistic approach to managing and optimizing printing needs. Their MPS solutions encompass device management, proactive maintenance, and real-time monitoring to enhance operational efficiency and reduce costs. By analyzing print usage and implementing tailored strategies, Xerox MPS streamlines document workflows, improves print security, and minimizes waste. Their services include automated supplies replenishment, support for both hardware and software, and detailed reporting, all aimed at maximizing productivity and ensuring a cost-effective, environmentally friendly printing environment. It uses advanced monitoring tools to track device performance and print usage in real-time. This system automatically collects data on device status, print volume, and supply levels, allowing for proactive management. When consumables like toner or paper are running low, the system triggers automatic reordering, ensuring uninterrupted operation and minimizing downtime.
	<i>Outline any software solutions offered and applicable features such as document</i>	Xerox offers a range of software solutions designed to enhance document management, streamline workflows, and integrate with mobile and cloud platforms. Their solutions include Xerox Workplace Suite, which provides secure print management, user authentication, and

	<p><i>management, workflow optimization, and mobile and cloud integration.</i></p>	<p>detailed usage tracking. Xerox DocuShare facilitates efficient document management by enabling secure storage, sharing, and collaboration on documents. For workflow optimization, Xerox ConnectKey Technology offers customizable apps that automate processes and integrate with cloud services. These features enable seamless access from mobile devices, support cloud printing, and enhance overall productivity by simplifying document handling and improving workflow efficiency.</p>
	<p><i>Describe environmental and energy efficiency practices your organization follows such as end-of-life device removal and sustainability initiatives.</i></p>	<p>Xerox is committed to environmental and energy efficiency through various sustainability initiatives. Their practices include responsible end-of-life device removal, where old equipment is either recycled or refurbished to minimize electronic waste. Xerox also focuses on reducing energy consumption with ENERGY STAR®-certified devices and implementing energy-efficient technologies. Additionally, they promote the use of eco-friendly materials and offer programs to help clients reduce paper waste and enhance recycling efforts. These measures align with Xerox's broader goal of minimizing their environmental footprint and supporting sustainable business practices.</p>
	<p><i>List the number and location of offices or service centers for all states being proposed in solicitation. Additionally, if your company does not offer all products and services in all 50 states, please describe any geographical limitations on any product or service offered.</i></p>	<p>Please refer to XBSSW Eligible Entities for all locations of offices.</p>
	<p><i>Outline any value-added capabilities not already addressed.</i></p>	<p>XBSSW will provide Region 10 with the following value-added offers upon award and a purchase order:</p> <ul style="list-style-type: none"> - Xerox Device Agent (XDA) provides automated device meter reads, supplies, and status for effective management of your print devices. Proactive alert monitoring and remote problem resolution optimize your output environment for maximum uptime. - Online Customer Portal makes getting support for copying and printing devices simple and convenient, from placing copier service requests, fixing paper jams to ordering toner and supplies, you'll always be in touch with someone local when you need service and support. - Holiday/After-Hours Value-Added Service: rates included below Normal business hours are Monday through Friday 8 am to 5 pm CST. A Xerox knowledge base of FAQs and resolution instructions are available online 24/7. A link will be provided through Region 10 portal. XBSSW can provide after hour, weekend and holiday on-call service with advance notice for an additional fee. XBSSW will always try to resolve an after hour customer issue by contacting its staff member(s) and communicating back to our customers. Service level metrics including number of helpdesk calls, service calls, turnaround times and fleet uptime will be presented at Business Meetings. Holiday and after-hours service is provided at the following rates: Monday– Friday after 5pm \$180/ hr

		<p>Saturday & Sunday until 5pm \$180/ hr Sunday after 5pm \$240/ hr All Holidays (all day) \$240/ hr Holiday and after-hours service requires 48 hours advance notice to schedule a technician to be on call. If service is not required during the on-call period, a minimum charge of \$50/ day will apply for the on-call service.</p>
<p>Solution customization and scalability</p>	<p><i>Identify any customizable solutions for the multi-function devices and/or managed print services offered in this response.</i></p> <p><i>Outline the scalability of the solutions offered for varying organizational sizes and growth trajectories.</i></p>	<p>XBSSW did not include pricing for software solution offerings, however, we offer a range of solutions to manage any company with greater efficiency and create smarter workflow. If Region 10 should need solutions, XBSSW can provide pricing upon request.</p> <p>XBSSW offers a range of solutions designed to scale with organizations of different sizes and growth trajectories. Here’s an outline of how their solutions cater to various organizational needs:</p> <p>Small and Medium-Sized Enterprises (SMEs): Products: XBSSW provides compact and cost-effective multifunction printers (MFPs) and desktop printers. Services: Managed Print Services (MPS) tailored to smaller volumes, with scalable options for document management and workflow solutions. Support: Easy-to-deploy solutions with customer support geared toward less complex needs.</p> <p>Large Enterprises: Products: High-capacity printers, multifunction devices, and advanced digital presses designed for high-volume and high-quality printing needs. Services: Comprehensive MPS, including advanced analytics, automation, and customized document management solutions. Support: Dedicated account management, enterprise-level support, and integration with existing IT infrastructure.</p> <p>Growth Trajectories: Scalability: XBSSW solutions are modular and can be scaled up or down based on the organization’s needs. This includes adding more devices, increasing capacity, or integrating advanced software as the business grows. Cloud Integration: XBSSW offers cloud-based solutions that support scalability by allowing organizations to manage print and document processes from anywhere, accommodating growth and remote work setups. Customization: Solutions can be tailored to fit specific industry requirements, enabling organizations to adapt their systems as they expand into new markets or modify their business models.</p> <p>XBSSW’s ability to scale solutions ensures that they can meet the evolving needs of organizations from small businesses to large enterprises, supporting both immediate and long-term growth. Please see Value-Added Information for details on additional products offered.</p>

Customer implementation and support plan	<p><i>Describe your company's implementation and training plan for new customers, including a general timeline for implementation services.</i></p>	<p>Upon award and receipt of signed documents, orders will be placed with Xerox for any additional machines not available in our local warehouses. Xerox Business Solutions Southwest will receive systems from Xerox within approximately 5-7 days. Once Xerox Business Solutions Southwest receives the systems, they will be assembled, tested and prepared for delivery. Set up will also include any IP, security settings, etc as provided by IT support to minimize installation time. Deliveries should occur within time frame indicated in the RFP. Installations can be accomplished within a few days depending upon preferences and installation conditions. This estimate is based on similar size installations in the past. The installation team would be comprised of drivers/technicians and network support staff. On site coordination will be through the Account Manager, IT and Field Service Technicians as well as designated representative(s) from Region 10 ESC. The planning tools co-authored with Region 10 ESC prior to delivery will also help facilitate installation , equipment badges, IP addresses, security settings, LDAP, etc. All Xerox Business Solutions Southwest Installation Specialists are adequately prepared and trained on the expectations required for a seamless delivery. Training and Education will be directed to all levels of the organization to enable effective device usage and full awareness of device capabilities. Xerox Business Solutions Southwest will provide trainers for Region 10 ESC during implementation. This will vary based on Region 10 ESC's needs and schedule. Upon award, a more detailed plan will be coauthored between Region 10 ESC and Xerox Business Solutions Southwest. Our training plan is provided free of charge and includes in-service classroom style training. This may be applied to new hires, refresher training or other needs-basis trainings. This also includes 24-7 training videos, custom training manuals or posters, workflow application training, on-site and webinar training, helpdesk training and administration training on portal usage. Please see below for a sample of a timeline that we can provide to you upon award.</p> <p>Award Date: 10/16/2024 (Region 10 ECS Committee or Board of Trustees) Verify Equipment to Order: TBD Contract Execution Date: 11/1/2024 Implementation Meeting: TBD (Space and electrical verifications) Receive Equipment into Inventory: TBD (5-7 days from order date) In-house Make-ready: TBD (Includes testing, set up and Security Settings pre-configuration) Commence Installation Hardware: TBD Complete Installation & Training: TBD Commence In Service/Staff Training: TBD On-Going Refresher Training: TBD Business Review: TBD</p>
	<p><i>Outline what ongoing training and consulting support is available to customers.</i></p>	<p>Follow-up training on-site for all users including advance features. This may be applied to new hires, refresher training or other needs-based trainings.</p>
Technical support and maintenance services	<p><i>Outline what levels of technical support are available to customers, including standard response and resolution timelines.</i></p>	<p>From comprehensive network and software support, to 24/7 online assistance, online training videos and quick, responsive on-site coverage, you can count on us for a variety of service options to meet your needs. Every option is backed by a team of experienced support personnel who are equipped with the latest skills, tools and technology. Once implemented, Xerox Business Solutions Southwest Managed Print Services provides an</p>

		<p>optimized print environment, reducing your total cost of ownership and increasing faculty and staff productivity. It includes supplies, all replacement parts, all labor associated with break/fix for MFPs, all preventative maintenance, device cleaning, a guaranteed 4-6 hour service response time and 95% uptime, remote services, proactive monitoring of fleet devices, helpdesk integration, in-service and ongoing on-site training of MFP features and business reviews of performance metrics.</p>
	<p><i>Outline any maintenance solutions for devices and/or software such as preventative maintenance, service level agreements, and remote diagnostics.</i></p>	<p>The Total Call Commitment “TCC” is the service methodology Xerox Business Solutions Southwest performs to provide its clients superior service. The “TCC” program treats every call as a preventative and proactive call.</p> <p>This means going systematically over the entire machine, not just the obvious problem area, or a subassembly (finisher, duplexing unit, paper feed units or document feeder), rather all aspects of the system are evaluated; from the paper input section of the machine through the entire system and all subassemblies. This proactive way of servicing has drastically increased our MCBC’s (mean copies between service calls) and lowered overall customer downtime which results in higher customer satisfaction and maximum ROI.</p> <p>The PM cycle (call initiation) is a “reactive” way of conducting service that forces the technician to respond to the machine breaking down in between PM’s, otherwise known as the Band-Aid fix. Since technicians generally do not replace parts normally associated with the PM replacement schedule, repairs are only focused on the area of concern (specific to the problem), which initiated the call and nothing more. This “keep the machine running” until the PM light comes on approach over time dramatically reduces the total life expectancy of a machine, degrades the machine’s overall performance, and lowers the copy quality standards achieved by the “TCC” program.</p>
<p>Integration with other platforms</p>	<p><i>Describe integration capabilities your software solutions can provide with existing IT infrastructure or other platforms/systems.</i></p>	<p>Xerox’s software solutions offer extensive integration capabilities with existing IT infrastructures and various platforms, enhancing operational efficiency. Their solutions seamlessly connect with cloud services like Microsoft Azure and Google Cloud, as well as ERP systems such as SAP and Oracle, enabling smooth document management and workflow automation. Additionally, Xerox software integrates with CRM systems like Salesforce and document management systems such as SharePoint, facilitating streamlined processes and improved data handling. With support for mobile and remote access, Xerox ensures that users can manage and interact with documents from any device, while robust security features safeguard data and ensure compliance.</p>
<p>Security protocols and privacy protection</p>	<p><i>Please describe protocols taken to ensure the protection of privacy and data, particularly personal identifiable information of both internal and external stakeholders.</i></p>	<p>Xerox employs comprehensive protocols to safeguard privacy and data, including advanced encryption for data both in transit and at rest. Their devices feature secure access controls and user authentication to prevent unauthorized access. Xerox also implements regular security updates and patches to address vulnerabilities. Additionally, they adhere to strict data handling and disposal practices, ensuring that sensitive information is securely erased or destroyed during device decommissioning. These measures collectively enhance data security and protect against potential breaches.</p>

	<i>Outline how your software and security solutions meet necessary compliance and regulatory requirements.</i>	Xerox's software and security solutions are designed to meet stringent compliance and regulatory requirements by adhering to industry standards such as GDPR, HIPAA, and ISO 27001. Their solutions incorporate robust security features, including data encryption, secure access controls, and regular audits to ensure compliance with data protection laws. Xerox also provides comprehensive documentation and support to help organizations align their practices with relevant regulations, ensuring that their print and document management processes are secure and legally compliant.
Customer service/problem resolution	<i>Describe your company's Customer Service Department (hours of operation, how you resolve issues, number of service centers, etc.).</i>	Our customer service program is designed to provide comprehensive support through a dedicated team that handles inquiries, resolves issues, and ensures customer satisfaction. The program includes user-friendly customer portal for managing accounts and service requests, regular follow-ups to address concerns, and a commitment to timely and effective problem resolution. They also leverage feedback mechanisms to continuously improve service and support offerings.
Financial condition of vendor	<i>Demonstrate your financial strength and stability with meaningful data. This could include, but is not limited to, such items as financial statements, SEC filings, credit & bond ratings, letters of credit, and detailed reference letters</i>	Xerox's financial statements reveal consistent revenue and profitability, reflecting strong financial health. For instance, Xerox reported revenues of approximately \$7.05 billion in 2021 and \$6.85 billion in 2022, showcasing stable revenue streams. We are a publicly traded company. Please visit the following link to access our financial statements. https://www.annualreports.com/Company/xerox-corp
	<i>What was your annual sales volume over last three (3) years?</i>	Xerox's annual sales figures can be found in their financial statements or annual reports. For the most recent data, you would need to check their latest reports or filings. Here are the annual sales volumes for Xerox over the last few years based on available reports: 2021: Xerox reported revenues of approximately \$7.05 billion. 2022: Xerox's revenues were around \$6.85 billion. 2023: Xerox reported revenues of about \$6.79 billion.

Other factors relevant to this section as submitted by the Respondent	<i>Describe the capacity of your company to provide management reports, i.e. consolidated billing by location, time and attendance reports, etc. for each eligible agency</i>	Xerox offers robust capabilities to provide detailed management reports tailored to various operational needs. Their solutions can generate consolidated billing reports by location, allowing organizations to track and manage printing costs across multiple sites efficiently. Additionally, Xerox's software can produce time and attendance reports, integrating with existing time-tracking systems to provide insights into employee usage and productivity. Their reporting tools are designed to offer comprehensive visibility into print volumes, device performance, and operational efficiency, enabling agencies to make data-driven decisions.

		<p>Customizable dashboards and detailed analytics are also available to meet specific reporting requirements and ensure that each eligible agency receives accurate and actionable information tailored to their unique needs.</p>
	<p><i>Provide your safety record, safety rating, EMR and worker's compensation rate where available.</i></p>	<p>Xerox, as a major multinational corporation, places a significant emphasis on workplace safety. While specific safety records can vary and are subject to change, Xerox has historically maintained a strong focus on health and safety through various programs and initiatives.</p> <p>Here's a general overview of how Xerox approaches safety:</p> <ul style="list-style-type: none"> - Safety Programs: Xerox implements comprehensive safety programs to ensure a safe working environment for its employees. These programs typically include regular safety training, risk assessments, and emergency response plans. - Compliance: Xerox complies with various health and safety regulations, including Occupational Safety and Health Administration (OSHA) standards in the U.S. and similar regulations in other countries where it operates. - Incident Reporting: Xerox encourages reporting and analyzing workplace incidents to improve safety practices continuously. This can involve tracking and reviewing accidents or near-misses to prevent future occurrences. - Environmental Health and Safety (EHS) Policies: The company usually has EHS policies that cover not just worker safety but also environmental impact and sustainability. <p>For the most current and specific safety record, please see Xerox Annual Reports: https://investors.xerox.com/investor-materials/annual-reports</p> <p>Workers' compensation rates can vary significantly based on several factors, including the industry, location, and specific job roles within a company. For Xerox, like any other large organization, the rates would depend on the classification of the work performed, the company's claims history, and other risk factors.</p>
<p>Qualification and Experience (25 Points)</p>		
<p>Respondent reputation in the marketplace</p>	<p><i>Provide a link to your company's website Please provide a brief history of your company, including the year it was established.</i></p>	<p>https://www.southwest.xeroxbusinesssolutions.com/</p> <p>XBS Southwest was formed as Dahill Industries in 1987 in Texas. Selling and servicing the Sharp line of products, it quickly developed a strong reputation for knowing their customers, and their customers' needs through strong local management and staff. Dahill continued to expand and operate profitably. In 1999, Dahill was acquired by Global Imaging Systems (GISX), a leading provider of office technology solutions.</p> <p>At the time Global Imaging Systems was the fastest growing and most profitable publicly traded company in the office automation industry.</p> <p>Dahill was/is the largest Texas headquartered office equipment and solution provider in the state with 16 offices and over 50,000 machines in the field.</p> <p>Acquired by Xerox Corporation in May 2007</p> <p>Xerox acquired Global Imaging Systems for \$1.5 billion.</p> <p>The acquisition strengthened Xerox's distribution expansion strategy, increasing Xerox's small to mid-size businesses (SMB) by 50%.</p>

		<p>Added 200,000 new customers to Xerox that were currently served by Global Imaging. Dahill is a subsidiary of Xerox Corporation, a \$22 billion company. Xerox is the world's leading Document Imaging and Document Management technology enterprise.</p> <p>After 2019, XBS Southwest family grew considerably. Our sister companies in the Arizona, North Texas, Colorado, New Mexico, Wyoming & Oklahoma areas, joined us to become part of Xerox Business Solutions Southwest. Our goal is a collaborative effort by talented, dedicated and driven teams to redefine what is possible in our business today. We have chosen to leverage the heritage, legacy and innovation of Xerox as well as affirm our commitment to our local markets that will continue to be our cornerstone. As a Xerox company, our alignment with the Xerox brand will serve to clarify our core business to our customers, while maintaining our local and community recognition as part of our overall value proposition. Being a Xerox Company, XBS Southwest has the benefit of one service entity (Xerox) that can service the continental United States.</p> <p>Dahill was the Largest Sharp dealer in the United States and the second largest Konica Minolta dealer in the US. Dahill received the highest honors from both manufacturers for consistent service excellence.</p> <p>Dahill was selected to service over 1,500 machines on Texas based military bases.</p>
<p>Past relationship with Region 10 ESC and/or Region 10 ESC members</p>	<p><i>Have you worked with Region 10 in the past? If so, provide the timeframe and main contact for that work?</i></p>	<p>XBSSW has not worked with Region 10 in the past.</p>
<p>Experience and qualification of key employees</p>	<p><i>Please provide contact information and resumes for the person(s) who will be responsible for the following areas. Region 10 requests contacts to cover the following:</i></p> <ul style="list-style-type: none"> <i>* Executive Support</i> <i>* Account Manager</i> <i>* Contract Manager</i> <i>* Marketing</i> <i>* Billing, reporting & Accounts Payable</i> 	<p>Jane Johnson, Director of Strategic Accounts Phone: 814-360-7895 Email: jane.johnson@xerox.com Length of time employed: 7+ years Jane Johnson has 20+ years of sales experience, 10 of which are in the Document Management industry as a Director of Strategic Accounts and a Major Account Manager. She began her career at XBSSW in 2017 and is currently our Strategic Accounts Team Manager, where she oversees a team specializing in supporting major accounts. Jane responds to all RFPs and large proposals for XBSSW including bids for MFP fleets, Print Management and Document Software. Jane has over 24 years of experience with building relationships and providing value to clients so they can achieve their goals.</p> <p>Project Responsibilities:</p> <ul style="list-style-type: none"> • Point of authority for contract • Ensures RFP objectives are met • Ensures Service Level Agreement is upheld <p>Charlie Sinnen, Senior Vice President Sales Phone: 858-663-3054 Email: Charlie.Sinnen@xerox.com Responsible for the overall productivity and effectiveness of the State and Local / Education Sales Organization. Tasked with fostering closer working relationships with internal and external stakeholders to ensure the sale's organization efficient operation and success.</p>

		Prior to taking on his current role, Sinnen was most recently Vice President of Sales Operations for the Western Sinnen has been in the industry for 20+ years and held numerous sales leadership positions of increasing responsibility. His experiences are included oversight of product marketing organizations, Integrated Sales Teams, and Alternate Channel sales groups.
Past experience working with the public sector	<i>What are your overall public sector sales, excluding Federal Government, for last three (3) years?</i>	Please refer to Xerox Annual Report for details on public sector sales: https://investors.xerox.com/investor-materials/annual-reports
	<i>What is your strategy to increase market share in the public sector?</i>	Xerox's strategy to increase market share in the public sector focuses on delivering tailored solutions that address the unique needs of government and educational organizations. They emphasize digital transformation through advanced document management and workflow automation, while ensuring compliance with stringent data security and privacy regulations. By leveraging strategic partnerships, pursuing government contracts, and investing in innovative technologies, Xerox aims to modernize public sector operations. Additionally, their commitment to exceptional customer support helps build strong, long-term relationships with public sector clients.
Past litigation, bankruptcy, reorganization, state investigations of entity or current officers and directors	<i>Provide information regarding whether your firm, either presently or in the past, has been involved in any litigation, bankruptcy, or reorganization.</i>	Xerox is not presently, nor in the last 5 years, been involved in any litigation, bankruptcy or reorganizations.
Minimum of 5 public sector customer references relating to the products and services within this RFP	<i>Provide a minimum of five (5) customer references for product and/or services of similar scope dating within the past 3 years. Please try to provide references for K12, Higher Education, City/County and State entities. Provide the entity; contact name & title; city & state; phone number; years serviced; description of services; and annual volume</i>	<p>Dallas ISD 2525 S. Company profile and capabilities	<i>Do you plan to sell to customers directly, use resellers or subcontractors, or a combination of both? If you intend to use resellers and/or subcontractors, describe your process for ensuring that resellers and subcontractors comply with the pricing and terms of the contract.</i>	We intend to sell directly to customers.
Exhibited understanding of cooperative purchasing	No answer is required. Region 10 will utilize your overall response to this questionnaire to make this determination. Previous experience with cooperatives is not necessary to score well for this criterion.	
Other factors relevant to this section as submitted by the Respondent	<i>If your company is a privately held organization, please indicate if the company is owned or operated by anyone who has been convicted of a felony. If yes, a detailed explanation of the names and conviction is required.</i>	We are a publicly traded corporation.
	Provide a copy of all current licenses, registrations and certifications issued by federal, state and local agencies, and any other licenses, registrations or certifications from any other governmental entity with jurisdiction, allowing Respondent to perform the covered services. These will be provided in the space provided in Form 3. No answer is required here.	
MWBE Status and/or Program Capabilities (10 Points)		
MWBE status, subcontractor plan, and/or joint venture program	<i>Please indicate whether you hold any diversity certifications, including, but not limited to MWBE, SBE, DBE, DVBE, HUB, or HUBZone</i>	We do not hold any diversity certifications, however, Xerox Business Solutions Southwest partners with third party SMWBE Certified Contractors for deliveries, installations as needed, etc. ensuring diversity, inclusion and belonging are an essential part of our culture. Xerox has always been at the forefront of innovation in document technology. We form strong and lasting partnerships with like-minded companies to create solutions and to take them to market. Working together, we help our joint customers of all sizes meet their document challenges.
	<i>Do you currently have a diversity program in place, such as a Mentor Protégé Program or subcontractor program? If you have a diversity program, please describe it and indicate whether you plan to offer your program or partnership through Equalis Group?</i>	Diversity, inclusion and belonging are not just words on paper; they are part of our core values and the way we do business. Through teamwork, professionalism, respect and inclusiveness, we create an environment where our people can achieve their goals and make our clients more successful. We recognize that diversity and inclusion gains will not be sustained unless our workplace promotes and encourages new ways of problem-solving and diversity of thought. To that end, we promote understanding and inclusion through a comprehensive set of diversity initiatives and strategies: <ul style="list-style-type: none"> - Our balanced workforce strategy drives equitable people representation in all areas of our company, all around the world. - Our work-life programs assist our people in the many aspects of their personal lives. We are pleased that Xerox has been selected as a 2020 Best Companies for Multicultural Women by Working Mother magazine—an honor recognizing companies that create and use best practices in hiring, retaining, and promoting multicultural women in the United States.

		<ul style="list-style-type: none"> - We educate all of our people on diversity programs, policies and achievements. And, we ensure diversity, inclusion and belonging principles are communicated to all of our people. - We continually develop and evolve strategies that leverage diversity to gain a competitive global advantage and to drive market excellence. - Our supplier diversity program ensures we are actively committed to purchasing supplies and products from small and diverse enterprises. - We address diversity disparities by being transparent, identifying shortfalls and closing those gaps. Read our CSR Progress Summary. - We have multiple employee resource groups (ERGs) that focus on member development, engagement, belonging, support and community. These voluntary, employee-led, underrepresented groups foster a diverse, inclusive workplace and play a tremendous role in creating our company culture.
Please attach any certifications you have as part of your response to Form 3.		
Good faith efforts to involve MWBE subcontractors in response	<i>Did your company contact MWBEs or minority chambers of commerce by telephone, written correspondence, or trade associations at least one week before the due date of this RFP to provide information relevant to this opportunity and to determine whether any MWBEs were interested in subcontracting and/or joint ventures?</i>	No MWBE or minority chambers of commerce had interest at this time. XBSSW currently holds awarded contracts of similar size and scope for Copier and Document Management Services in a variety of vertical markets. To ensure we provide the highest level of talent, support and security throughout the contract for the RFP, XBSSW will fully manage staff and operate all necessary services set forth in the Scope of Work.
Demonstrated ongoing MWBE program	<i>Outline your subcontractor strategy and efforts your organization takes to include MWBE subcontractors in future work, including but not limited to efforts to reach out to individual MWBE businesses, minority chambers of commerce, and other minority business and trade associations.</i>	XBSSW regularly engages MWBEs through various channels and initiatives including Supplier Diversity Programs, Vendor Registration, Partnerships and Networking Events, Certification Organizations, Outreach and Communication.
Commitment to Service Equalis Group Members (10 Points)		
Marketing plan, capability, and commitment	<i>Detail how your organization plans to market and promote this contract upon award, including how this contract will fit into your organization's current go-to-market strategy in the public sector.</i>	XBS Southwest will actively market this contract to all of the members in the regions that we have chosen to support. We look forward to further developing these existing relationships with the positive award of this contract. XBS Southwest's geographical reach allows for additional customer relationship to be built, many of which will utilize this contract.
	<i>Detail how your organization will train your sales force and customer service representatives on this contract to ensure that they can competently and consistently present the contract to public agency</i>	Xerox invests in comprehensive training programs for their sales force and customer service representatives to ensure they are well-equipped to meet client needs. Sales teams undergo rigorous training in product knowledge, solution selling, and market dynamics, while customer service representatives receive instruction in technical support, problem-solving, and effective communication. Training includes a mix of in-person workshops, online courses, and hands-on experience with Xerox's solutions. This approach ensures that both

	<i>customers and answer any questions they might have concerning it.</i>	sales and service teams are knowledgeable, responsive, and capable of delivering exceptional customer experiences.
	<i>Acknowledge that your organization agrees to provide its company logo(s) to Region 10 ESC and Equalis Group and agrees to provide permission for reproduction of such logo in marketing communications and promotions</i>	XBSSW confirms we will provide our company logo to Region 10 and Equalis Group.
Ability to manage a cooperative contract	<i>Describe the capacity of your company to report monthly sales through this agreement to Equalis Group.</i>	XBSSW confirms we will report monthly sales through this agreement to Region 10.
	<i>Identify any contracts with other cooperative or government group purchasing organizations of which your company is currently a part of:</i>	NASPO, OMNIA, GSA, PACE, Choice Partners HCDE, E&I, and CES
Commitment to supporting agencies to utilize the contract	<i>If awarded a contract, how would you approach agencies in regards to this contract? Please indicate how this would work for both new customers to your organization, as well as existing.</i>	<p>XBSSW has 12 full time dedicated government sales representatives and an additional 120 sales representatives across the United States. XBSSW will provide printed material listing the items available through this contract, in addition provide meeting with sales representatives to continue this contract.</p> <p>XBSSW will mail all state agencies a copy of the contract. We will follow up with a phone call and attempt to set appointments with each agency. We will also let members know that the XBSSW website will have a link for them to request an order to be placed as well as order service and supplies. Members will have an assigned sales representative. The customers can have onsite help for ordering equipment or software from trained sales and IT representatives.</p> <p>XBSSW will continue to be involved in tradeshow. We will be able to run current specials at some of the tradeshow. The contract would be a great way to get current customers to connect their copiers to the network and allow them to begin tracking usage and saving money.</p>
Other factors relevant to this section as submitted by the Respondent	<i>Provide the number of sales representatives which will work on this contract and where the sales representatives are located.</i>	XBSSW has 12 full time dedicated sales representatives in our local sales office and an additional 120 sales representatives across Texas as well as a multitude of sales representatives across the United States.

Please identify certifications or accreditations held for your products and services.

RESPONSE

Security Certifications

Common Criteria Certification	<p>Common Criteria Certification provides independent, objective validation of the reliability, quality, and trustworthiness of IT products. It is a standard that customers can rely on to help them make informed decisions about their IT purchases. Common Criteria (aka ISO 15408) sets specific information assurance goals, including strict levels of integrity, confidentiality, and availability for systems and data, accountability at the individual level, and assurance that all goals are met. Common Criteria Certification is a requirement for hardware and software devices used by the federal government on national security systems.</p> <p>To view the Xerox products that have achieved Common Criteria Certification, visit Common Criteria Certification Reports.</p>
FIPS 140-2	<p>All hardware and software components that are used by government and other key industries for the purpose of collecting, storing, transferring, sharing, and disseminating sensitive but unclassified information are required to be FIPS 140-2 certified. FIPS 140 is a series of coordinated requirements issued by the National Institute of Standards and Technology (NIST) to validate the product's level of security depending on its intended use.</p>
Trellix Security	<p>Built-in Trellix security provides protection against intrusion from within Xerox MFPs built on Xerox ConnectKey® Technology. Two levels of protection are offered.</p> <p>Trellix Enhanced Security is standard and allows only an approved, predefined list of applications, code, and software files to run on the device. This Trellix agent is Xerox factory installed and it monitors in the background for any changes to Xerox factory default system applications used to operate the device.</p> <p>Trellix Integrity Control is an optional, commercial application that supports a higher level of whitelisting and change control or dynamic whitelisting. This protects the device's executable files from tampering and identifies trusted sources, controls what can change, who can change and when it can change.</p>

Environmental Certifications

Energy Star®	<p>The U.S. Environmental Protection Agency has recognized Xerox as a 2024 ENERGY STAR® Partner of the Year for Sustained Excellence, the highest honor given by the program. This award reflects Xerox's consistent commitment to energy efficiency and environmental leadership.</p> <p>To learn more about the ENERGY STAR awards, Click here.</p>
Blue Angel	<p>Based in Germany, Blue Angel was the world's first certification for environmental friendliness. Its purposes are to promote ecological awareness</p>

	and to guide environmentally conscious consumers to the most ecologically sound products.
EPEAT®	EPEAT (multiple countries) is a global registry for environmentally friendly electronics for purchasers, manufacturers, resellers, and others wanting to find and promote environmentally preferable products. EPEAT uses a self-declaration and rigorous verification system to ensure the products conform to the established criteria. Once products are added to the registry, EPEAT uses independent experts to verify that the products meet the selected criteria as claimed. All Xerox® products listed in this document are EPEAT-certified in the U.S. Various products are also certified in additional countries. For more information, go to www.epeat.net .

FSC and PEFC Certification	<p>As part of its long-standing commitment to preserve biodiversity through responsible forest management and to provide customers with 'greener' paper choices, Xerox earned 'chain of custody' certification from both the Forest Stewardship Council (FSC) and the Program for the Endorsement of Forest Certification (PEFC).</p> <p>These certifications confirm that Xerox paper products carrying the FSC or PEFC logo have been manufactured using raw materials harvested from certified sources, controlled wood sources or post-consumer reclaimed sources. FSC- and PEFC-certified products can be tracked from harvest through distribution.</p> <p>Xerox's FSC certification was awarded by the Rainforest Alliance, an international non-profit conservation organization that is the world's leading FSC certifier of forestlands. FSC certification ensures responsible use of forest resources and is the Global Benchmark for Responsible Forest Management. PEFC certification was awarded by certifiers NEPCo and BMG Trada Certifying. For additional information please refer Efficient Use of Paper at Xerox.</p>
-----------------------------------	---

Eco-label Programs	Many Xerox products meet or exceed the requirements of the world's most widely recognized certifications for product environmental performance - the international ENERGY STAR and Canada's Environmental Choice EcoLogo eco labels. Xerox's eco label products provide environmental benefits without compromising performance, quality, or reliability. And the energy- and paper-saving features of these machines bring value, efficiency, and flexibility to your work environment.
---------------------------	--

ISO Certifications

ISO 9001/14001/27001	ISO Certifications are site specific. Xerox has achieved and maintained certifications in ISO 9001, ISO 14001 and ISO 27001 at many Xerox facilities and locations throughout the world. We can expand on our certifications for various facilities upon request, if necessary, based on your scope of work and business requirements.
-----------------------------	--

RESTATED CERTIFICATE OF INCORPORATION
OF
XEROX CORPORATION

Under Section 807 of the Business
Corporation Law of the State of New York

1. The name of the Corporation is Xerox Corporation. The name under which it was formed is “THE HALOID COMPANY”.
2. The Certificate of Incorporation was filed in the Office of the Secretary of State of the State of New York on April 18, 1906.
3. This restatement of the Certificate of Incorporation was authorized by a resolution adopted by the Board of Directors of the Corporation at a meeting thereof duly called and held on [], 2019. The text of the Certificate of Incorporation is hereby restated without amendment or change to read as herein set forth in full:

FIRST: The name of the corporation is Xerox Corporation.

SECOND: The corporation is formed for the following purpose or purposes:

To engage in any lawful act or activity for which corporations may be organized under the Business Corporation Law, provided that the corporation is not formed to engage in any act or activity requiring the consent or approval of any state official, department, board, agency, or other body without such consent or approval first being obtained; and

To have, in furtherance of the corporate purposes, all of the powers conferred upon corporations organized under the Business Corporation Law subject to any limitations thereof contained in this certificate of incorporation or in the laws of the State of New York.

THIRD: The office of the corporation is to be located in the City of Webster, County of Monroe, State of New York.

FOURTH: The aggregate number of shares which the corporation shall have authority to issue is 1,000, all of which are of a par value of \$1.00 each, and all of which are of the same class.

FIFTH: The Secretary of State is designated as the agent of the corporation upon whom process against the corporation may be served. The post office address to which the Secretary of State shall mail a copy of any process against the corporation served upon the Secretary of State is: Xerox Corporation, 201 Merritt 7, Norwalk, Connecticut 06851, Attention: General Counsel.

SIXTH: The personal liability of the directors of the corporation is eliminated to the fullest extent permitted by the provisions of paragraph (b) of Section 402 of the Business Corporation Law, as the same may be amended and supplemented.

Signed on [], 2019

Name:

Title:

IN WITNESS WHEREOF, I hereunto sign my name and affirm that the statements made herein are true under penalties of perjury this __ day of _____, 2019.

Douglas H. Marshall
Sole Incorporator

Address:

PRINT DRIVER/DEVICE/SERVER ENVIRONMENT CERTIFICATIONS

Microsoft® WHQL Certification

Windows Hardware Quality Labs testing involves running a series of tests on third-party hardware or software and then submitting the log files from these tests to Microsoft for review. Xerox® Products are Windows Hardware Quality Labs (WHQL) certified to comply with Microsoft standards and ensure seamless compatibility with Microsoft Windows environments.

Citrix® Certification

Citrix Systems is an American multinational software and services company specializing in virtualization and remote access software for delivering applications over a network and the internet. Xerox is part of the Citrix-ready program, which allows vendors to perform a self-evaluation of their products against a set of metrics outlined by Citrix. Once the product passes certification, Xerox pays an annual fee for having its certified products listed on the Citrix website, as well as the right to use its logo. This certification ensures that a product using Citrix software will function as expected in a remote environment.

IPv6 Ready

Internet Protocol version 6 (IPv6) is a protocol for routing network traffic and identifying network-connected devices. IPv6 will be phased in over many years as the next-generation replacement for the global IPv4 standard. Because printers and multifunction printers comprise a sizable percentage of the world's networked devices, Xerox is transitioning its products' capabilities to be IPv6-compatible.

Bonjour®

Bonjour is Apple Inc.'s trade name for its implementation of zero-configuration networking, a service discovery protocol. Bonjour enables the automatic discovery of devices such as printers, other computers, and the services that those devices offer on IP networks using industry-standard IP protocols.

Mopria® Print Service

Mopria is an acronym derived from the Mobile Print Alliance. The charter of this alliance of printer manufacturers is to enable simple wireless printing from smartphones, tablets, and other mobile devices. Mopria printing does not require any driver installation or software download on these devices. Mopria Print functionality will be embedded in phones, tablets, or other mobile devices and there is no set-up required. When mobile device users have access to a Mopria-certified printer, they can effortlessly discover and print to this printer.

Wi-Fi Direct Certification

This certification lets you print from your mobile device without having to connect to a network. Adding the optional wireless USB adapter enables this connection and allows for both an Ethernet connection and Wi-Fi Direct connection to be enabled at the same time.

Apple® AirPrint®

Apple® AirPrint® is a driverless printing technology that enables Apple iOS devices including the iPhone®, iPad®, iPod Touch®, and even macOS computers to print without installing drivers or downloading software. AirPrint uses well-established, familiar technologies already in use today, such as Bonjour, IPP, PDF, and JPEG. AirPrint will continue to evolve to add new features and functionality. However, the basic operation of AirPrint will remain constant, where it requires only a few steps to work as it was designed to do.

APPLICATION CERTIFICATIONS

Cerner Certification

Cerner is the leading U.S. supplier of healthcare information technology solutions that optimize clinical and financial outcomes. Around the world, health organizations, ranging from single-doctor practices to large health networks, turn to Cerner for their powerful and intuitive solutions. Cerner offers clients a dedicated focus on healthcare, an end-to-end solution and service portfolio, and proven market leadership. Xerox pays Cerner for product certification, which is a 6-8 week process after the product is received in Kansas City. Once certified, Cerner lists the product on its internal customer website and sends Xerox a certificate. This certification allows Xerox to participate in customer bids where Cerner Certification is a requirement. Xerox also provides a product, including all supplies and services, to Cerner, until that product is at the end of its life. Cerner Certification is important to a customer's IT staff as this allows them the comfort of having 24/7 support 365 days a year through the Cerner help desk. Cerner provides this support as part of their HIS package. For example, a hospital can call and report a downed printer in the Emergency Room at 3 a.m. to receive remote support.

On June 20, 2012, Medical Information Technology, Inc. (MEDITECH) published a statement concerning changes to its printer testing program. This statement read in part, "Going forward, MEDITECH will no longer be testing laser printers. If a laser printer uses the PCL 5, 5c, or 5e language, it will work with MEDITECH and will therefore be supported. All other types of printers (dot matrix, barcode) will still be tested by MEDITECH."

MEDITECH Certification

Medical Information Technology, Inc. (MEDITECH) is a leading provider of integrated software solutions for healthcare organizations worldwide. This certification validates that Xerox® Devices are fully compatible with MEDITECH's MAGIC operating system, a health information system that provides a structured and easy-to-use programming language to more than 1,500 healthcare organizations globally. With this certification, Xerox continues to achieve noteworthy healthcare industry praise for its award-winning line of devices and it allows Xerox to participate in customer bids where MEDITECH Certification is a requirement. These certified devices are then fully supported by MEDITECH help desk technicians 24/7 and 365 days a year, giving their clients and ours the assurance that support will be available at all times.

SAP Certification

Together with SAP through our Gold-level membership in the SAP Printer Vendor Program, we provide seamless connectivity between SAP systems and your Xerox® Printers and MFPs. And as an SAP customer, you benefit from having SAP-certified Xerox® Device types available right from SAP's online delivery model. Whether you are using an existing Xerox® Product or plan to upgrade, we can assure you that you will have printing continuity within your SAP environment. You also have peace of mind knowing that you can contact SAP for support regarding any issues. And we have a direct link to SAP that allows us to keep our devices current and in line with SAP release updates. SAP-certified devices are available for the legacy R/3 system and newer ERP releases up to current SAP offerings.

SECURITY CERTIFICATIONS

Common Criteria Certification

The Common Criteria Certification provides independent, objective validation of IT products' reliability, quality, and trustworthiness. It is a standard that customers can rely on to make informed decisions about their IT purchases. Common Criteria (aka ISO/IEC 15408-1:2009) sets specific information assurance goals, including strict levels of integrity, confidentiality, and availability for systems and data, accountability at the individual level, and assurance that all goals are met. Common Criteria Certification is a requirement for hardware and software devices used by the federal government on national security systems.

FIPS 140-2/140-3

FIPS 140 is a series of coordinated requirements issued by the National Institute of Standards and Technology (NIST) to validate a product's level of security depending on its intended use. All hardware and software components used by the government and other key industries to collect, store, transfer, share, and disseminate sensitive but unclassified information must be FIPS 140-2 or 140-3 certified.

Trellix¹ Security

Built-in Trellix security protects against intrusion from within Xerox® MFPs built on Xerox® ConnectKey® Technology. Two levels of protection are offered.

Trellix Enhanced Security is standard and allows only an approved, predefined list of applications, code, and software files to run on the device. This Trellix agent is Xerox factory-installed and proactively monitors and prevents any changes made to the Xerox factory default system applications.

Trellix Integrity Control is an optional, commercial application that supports a higher level of whitelisting/allowlisting and change control or dynamic whitelisting/allowlisting. This protects the device's executable files from being tampered with and identifies trusted sources, controls what can change, who can change it, and when it can change.

ENVIRONMENTAL COMPLIANCE

ENERGY STAR®

With the goals of reducing energy consumption and greenhouse gas emission, ENERGY STAR is a voluntary program sponsored by the United States Environment Protection Agency. Products carrying the label are certified for matching or beating federal energy conservation standards.

Blue Angel

Based in Germany, Blue Angel is the world's first certification for environmental friendliness. It aims to promote ecological awareness and to guide environmentally conscious consumers to the most ecologically sound products.

EPEAT®

EPEAT (multiple countries) is a global registry for environment-friendly electronics for purchasers, manufacturers, resellers, and others wanting to find and promote environmentally preferable products. EPEAT uses a self-declaration and rigorous verification system to ensure the products conform to the established criteria. Once products are added to the registry, EPEAT uses independent experts to verify that the products meet the selected criteria as claimed. All Xerox® Products listed in this document are EPEAT-certified in the U.S. Various products are also certified in additional countries. For more information, go to www.epeat.net.

¹ Trellix was formerly known as McAfee® Enterprise Business.

PROPOSAL FORM 4: CLEAN AIR WATER ACT

I, the Vendor, am in compliance with all applicable standards, orders or regulations issued pursuant to the Clean Air Act of 1970, as Amended (42 U.S. C. 1857 (h)), Section 508 of the Clean Water Act, as amended (33 U.S.C. 1368), Executive Order 117389 and Environmental Protection Agency Regulation, 40 CFR Part 15 as required under OMB Circular A-102, Attachment O, Paragraph 14 (1) regarding reporting violations to the grantor agency and to the United States Environment Protection Agency Assistant Administrator for the Enforcement.

PROPOSAL FORM 6: LOBBYING CERTIFICATION

Submission of this certification is a prerequisite for making or entering into this transaction and is imposed by Section 1352, Title 31, U.S. Code. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Any person who fails to file the required certification shall be subject to civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The undersigned certifies, to the best of his/her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of a Federal contract, the making of a Federal grant, the making of a Federal loan, the entering into a cooperative agreement, and the extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement.
2. If any funds other than Federal appropriated funds have been or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract or cooperative agreement, the undersigned shall complete and submit Standard Form LLL, "Disclosure of Lobbying Activities," in accordance with its instructions.
3. The undersigned shall require that the language of this certification be included in the award documents for all covered sub-awards exceeding \$100,000 in Federal funds at all appropriate tiers and that all sub-recipients shall certify and disclose accordingly.

PROPOSAL FORM 7: CONTRACTOR CERTIFICATION REQUIREMENTS

Contractor’s Employment Eligibility

By entering the contract, Contractor warrants compliance with the Federal Immigration and Nationality Act (FINA), and all other federal and state immigration laws and regulations. The Contractor further warrants that it is in compliance with the various state statutes of the states it will operate this contract in.

Participating Government Entities including School Districts may request verification of compliance from any Contractor or subcontractor performing work under this Contract. These Entities reserve the right to confirm compliance in accordance with applicable laws.

Should the Participating Entities suspect or find that the Contractor or any of its subcontractors are not in compliance, they may pursue any and all remedies allowed by law, including, but not limited to: suspension of work, termination of the Contract for default, and suspension and/or debarment of the Contractor. All costs necessary to verify compliance are the responsibility of the Contractor.

The Respondent complies and maintains compliance with the appropriate statutes which requires compliance with federal immigration laws by State employers, State contractors and State subcontractors in accordance with the E-Verify Employee Eligibility Verification Program.

Contractor shall comply with governing board policy of the Region 10 ESC Participating entities in which work is being performed.

Fingerprint & Criminal Background Checks

If required to provide services on school district property at least five (5) times during a month, contractor shall submit a full set of fingerprints to the school district if requested of each person or employee who may provide such service. Alternately, the school district may fingerprint those persons or employees. An exception to this requirement may be made as authorized in Governing Board policy. The district shall conduct a fingerprint check in accordance with the appropriate state and federal laws of all contractors, subcontractors or vendors and their employees for which fingerprints are submitted to the district. Contractor, subcontractors, vendors and their employees shall not provide services on school district properties until authorized by the District.

The Respondent shall comply with fingerprinting requirements in accordance with appropriate statutes in the state in which the work is being performed unless otherwise exempted.

Contractor shall comply with governing board policy in the school district or Participating Entity in which work is being performed.

PROPOSAL FORM 10: BOYCOTT CERTIFICATION AND TERRORIST STATE CERTIFICATION

BOYCOTT CERTIFICATION

Respondent must certify that during the term of any Agreement, it does not boycott Israel and will not boycott Israel. "Boycott" means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes.

Does vendor agree? DM
DM

(Initials of Authorized Representative)

Respondent must certify that it does not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association; and will not discriminate during the term of the contract against a firearm entity or firearm trade association. Respondent must also certify that it does not boycott energy companies; and will not boycott energy companies during the term of the contract.

Does vendor agree? DM
DM

(Initials of Authorized Representative)

TERRORIST STATE CERTIFICATION

In accordance with Texas Government Code, Chapter 2252, Subchapter F, REGION 10 ESC is prohibited from entering into a contract with a company that is identified on a list prepared and maintained by the Texas Comptroller or the State Pension Review Board under Texas Government Code Sections 806.051, 807.051, or 2252.153. By execution of any agreement, the respondent certifies to REGION 10 ESC that it is not a listed company under any of those Texas Government Code provisions. Responders must voluntarily and knowingly acknowledge and agree that any agreement shall be null and void should facts arise leading the REGION 10 ESC to believe that the respondent was a listed company at the time of this procurement.

PROPOSAL FORM 11: RESIDENT CERTIFICATION

This Certification Section must be completed and submitted before a proposal can be awarded to your company. This information may be placed in an envelope labeled "Proprietary" and is not subject to public view. In order for a proposal to be considered, the following information must be provided. Failure to complete may result in rejection of the proposal:

As defined by Texas House Bill 602, a "nonresident Bidder" means a Bidder whose principal place of business is not in Texas, but excludes a contractor whose ultimate parent company or majority owner has its principal place of business in Texas.

Texas or Non-Texas Resident

- I certify that my company is a "**resident Bidder**"
- I certify that my company qualifies as a "**nonresident Bidder**"

If you qualify as a "nonresident Bidder," you must furnish the following information:

What is your resident state? (The state your principal place of business is located.)

PROPOSAL FORM 1 2: FEDERAL FUNDS CERTIFICATION FORM

When a participating agency seeks to procure goods and services using funds under a federal grant or contract, specific federal laws, regulations, and requirements may apply in addition to those under state law. This includes, but is not limited to, the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 CFR 200 (sometimes referred to as the "Uniform Guidance" or "EDGAR" requirements). All Vendors submitting proposals must complete this Federal Funds Certification Form regarding Vendor's willingness and ability to comply with certain requirements which may be applicable to specific participating agency purchases using federal grant funds. This completed form will be made available to participating agencies for their use while considering their purchasing options when using federal grant funds. Participating agencies may also require Vendors to enter into ancillary agreements, in addition to the contract's general terms and conditions, to address the member's specific contractual needs, including contract requirements for a procurement using federal grants or contracts.

For each of the items below, Vendor should certify Vendor's agreement and ability to comply, where applicable, by having Vendor's authorized representative complete and initial the applicable lines after each section and sign the acknowledgment at the end of this form. If a vendor fails to complete any item in this form, Region 10 ESC will consider the Vendor's response to be that they are unable or unwilling to comply. A negative response to any of the items may, if applicable, impact the ability of a participating agency to purchase from the Vendor using federal funds.

1. Vendor Violation or Breach of Contract Terms:

Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 USC 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

Any Contract award will be subject to Region 10 ESC General Terms and Conditions, as well as any additional terms and conditions in any Purchase Order, participating agency ancillary contract, or Member Construction Contract agreed upon by Vendor and the participating agency which must be consistent with and protect the participating agency at least to the same extent as the Region 10 ESC Terms and Conditions.

The remedies under the Contract are in addition to any other remedies that may be available under law or in equity. By submitting a Proposal, you agree to these Vendor violation and breach of contract terms.

Does vendor agree? DM

(Initials of Authorized Representative)

2. Termination for Cause or Convenience:

When a participating agency expends federal funds, the participating agency reserves the right to immediately terminate any agreement in excess of \$10,000 resulting from this procurement process in the event of a breach or default of the agreement by Offeror in the event Offeror fails to: (1) meet schedules, deadlines, and/or delivery dates within the time specified in the procurement solicitation, contract, and/or a purchase order; (2) make any payments owed; or (3) otherwise perform in accordance with the contract and/or the procurement solicitation. participating agency also reserves the right to terminate the contract immediately, with written notice to offeror, for convenience, if participating agency believes, in its sole discretion that it is in the best

interest of participating agency to do so. Offeror will be compensated for work performed and accepted and goods accepted by participating agency as of the termination date if the contract is terminated for convenience of participating agency. Any award under this procurement process is not exclusive and participating agency reserves the right to purchase goods and services from other offerors when it is in participating agency's best interest.

Does vendor agree? DM

(Initials of Authorized Representative)

3. Equal Employment Opportunity:

Except as otherwise provided under 41 CFR Part 60, all participating agency purchases or contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 shall be deemed to include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR Part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

The equal opportunity clause provided under 41 CFR 60-1.4(b) is hereby incorporated by reference. Vendor agrees that such provision applies to any participating agency purchase or contract that meets the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 and Vendor agrees that it shall comply with such provision.

(Initials of Authorized Representative)

4. Davis-Bacon Act:

When required by Federal program legislation, Vendor agrees that, for all participating agency prime construction contracts/purchases in excess of \$2,000, Vendor shall comply with the Davis-Bacon Act (40 USC 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, Vendor is required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determinate made by the Secretary of Labor. In addition, Vendor shall pay wages not less than once a week.

Current prevailing wage determinations issued by the Department of Labor are available at www.wdol.gov. Vendor agrees that, for any purchase to which this requirement applies, the award of the purchase to the Vendor is conditioned upon Vendor's acceptance of the wage determination.

Vendor further agrees that it shall also comply with the Copeland "Anti-Kickback" Act (40 USC 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled.

Does vendor agree? DM

(Initials of Authorized Representative)

5. Contract Work Hours and Safety Standards Act:

Where applicable, for all participating agency contracts or purchases in excess of \$100,000 that involve the employment of mechanics or laborers, Vendor agrees to comply with 40 USC 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 USC 3702 of the Act, Vendor is required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 USC 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

Does vendor agree? _____

(Initials of Authorized Representative)

6. Right to Inventions Made Under a Contract or Agreement:

If the participating agency’s Federal award meets the definition of “funding agreement” under 37 CFR 401.2(a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance or experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency.

Vendor agrees to comply with the above requirements when applicable.

Does vendor agree? DM

(Initials of Authorized Representative)

7. Clean Air Act and Federal Water Pollution Control Act:

Clean Air Act (42 USC 7401-7671q.) and the Federal Water Pollution Control Act (33 USC 1251-1387), as amended –Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 USC 7401-7671q.) and the Federal Water Pollution Control Act, as amended (33 USC 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

When required, Vendor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act and the Federal Water Pollution Control Act.

Does vendor agree? DM

(Initials of Authorized Representative)

8. Debarment and Suspension:

Debarment and Suspension (Executive Orders 12549 and 12689) – A contract award (see 2 CFR 180.220) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR Part 1966 Comp. p. 189) and 12689 (3CFR Part 1989 Comp. p. 235), “Debarment and Suspension.” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Vendor certifies that Vendor is not currently listed on the government-wide exclusions in SAM, is not debarred, suspended, or otherwise excluded by agencies or declared ineligible under statutory or regulatory authority other than Executive Order 12549. Vendor further agrees to immediately notify the Cooperative and all participating agencies with pending purchases or seeking to purchase from Vendor if Vendor is later listed on the government-wide exclusions in SAM, or is debarred, suspended, or otherwise excluded by agencies or declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Does vendor agree? DM

(Initials of Authorized Representative)

9. Byrd Anti-Lobbying Amendment:

Byrd Anti-Lobbying Amendment (31 USC 1352) -- Vendors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 USC 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award. As applicable, Vendor agrees to file all certifications and disclosures required by, and otherwise comply with, the Byrd Anti-Lobbying Amendment (31 USC 1352).

Does vendor agree? DM

(Initials of Authorized Representative)

10. Procurement of Recovered Materials:

For participating agency purchases utilizing Federal funds, Vendor agrees to comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act where applicable and provide such information and certifications as a participating agency may require to confirm estimates and otherwise comply. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery,

and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

Does vendor agree? DM

(Initials of Authorized Representative)

11. Profit as a Separate Element of Price:

For purchases using federal funds in excess of \$150,000, a participating agency may be required to negotiate profit as a separate element of the price. See, 2 CFR 200.323(b). When required by a participating agency, Vendor agrees to provide information and negotiate with the participating agency regarding profit as a separate element of the price for a particular purchase. However, Vendor agrees that the total price, including profit, charged by Vendor to the participating agency shall not exceed the awarded pricing, including any applicable discount, under Vendor’s Cooperative Contract.

Does vendor agree? DM

(Initials of Authorized Representative)

12. Domestic Preference

Vendor must be prepared to provide a comprehensive list of the number of goods, products, and/or materials (including but not limited to iron, aluminum, steel, cement, and other manufactured products) being used for specific purchase orders under the contract award which were produced in the United States upon request to Region 10 ESC or any Equalis member who intends to use this contract with federal funds.

Does vendor agree? DM

(Initials of Authorized Representative)

13. Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment

Vendor agrees that recipients and subrecipients are prohibited from obligating or expending loan or grant funds to procure or obtain, extend or renew a contract to procure or obtain, or enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system from companies described in Public Law 115-232, section 889. Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country are also prohibited.

Does vendor agree? DM

(Initials of Authorized Representative)

14. General Compliance and Cooperation with Participating Agencies:

In addition to the foregoing specific requirements, Vendor agrees, in accepting any Purchase Order from a participating agency, it shall make a good faith effort to work with participating agencies to provide such information and to satisfy such requirements as may apply to a particular participating agency purchase or purchases including, but not limited to, applicable recordkeeping and record retention requirements.

Does vendor agree? DM

(Initials of Authorized Representative)

15. Applicability to Subcontractors

Offeror agrees that all contracts it awards pursuant to the Contract shall be bound by the foregoing terms and conditions.

PROPOSAL FORM 13: FEMA REQUIREMENTS

When a participating agency seeks to procure goods and services using funds under a federal grant or contract, specific federal laws, regulations, and requirements may apply in addition to those under state law. This includes, but is not limited to, the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 CFR 200 (sometimes referred to as the “Uniform Guidance” or “EDGAR” requirements). Additionally, Appendix II to Part 200 authorizes FEMA to require or recommend additional provisions for contracts.

All respondents submitting proposals must complete this FEMA Recommended Contract Provisions Form regarding respondent’s willingness and ability to comply with certain requirements which may be applicable to specific participating agency purchases using FEMA funds. This completed form will be made available to Members for their use while considering their purchasing options when using FEMA grant funds. Members may also require Supplier Partners to enter into ancillary agreements, in addition to the contract’s general terms and conditions, to address the member’s specific contractual needs, including contract requirements for a procurement using federal grants or contracts.

For each of the items below, Respondent should certify Respondent’s agreement and ability to comply, where applicable, by having respondents authorized representative complete and initial the applicable lines after each section and sign the acknowledgment at the end of this form. If a Respondent fails to complete any item in this form, Region 10 ESC will consider the respondent’s response to be that they are unable or unwilling to comply. A negative response to any of the items may, if applicable, impact the ability of a participating agency to purchase from the Supplier Partner using federal funds.

1. Access to Records

For All Procurements

The Winning Supplier agrees to provide the participating agency, the pass-through entity (if applicable), the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions.

The Winning Supplier agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

The Winning Supplier agrees to provide the FEMA Administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.

Does Respondent agree? DM

(Initials of Authorized Representative)

For Contracts Entered into After August 1, 2017 Under a Major Disaster or Emergency Declaration

In compliance with section 1225 of the Disaster Recovery Reform Act of 2018, the participating agency, and the Winning Supplier acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.”

Does Respondent agree? DM

(Initials of Authorized Representative)

2. Changes

FEMA recommends that all contracts include a changes clause that describes how, if at all, changes can be made by either party to alter the method, price, or schedule of the work without breaching the contract. The language of the clause may depend on the nature of the contract and the procured item(s) or service(s). The participating agency should also consult their servicing legal counsel to determine whether and how contract changes are permissible under applicable state, local, or tribal laws or regulations.

Does Respondent agree? DM
(Initials of Authorized Representative)

3. Use of DHS Seal, Logo, and Flags

The Winning Supplier shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval. The contractor shall include this provision in any subcontracts.

Does Respondent agree? DM
(Initials of Authorized Representative)

4. Compliance with Federal Law, Regulations, And Executive Orders and Acknowledgement of Federal Funding

This is an acknowledgement that when FEMA financial assistance is used to fund all or a portion of the participating agency's contract with the Winning Supplier, the Winning Supplier will comply with all applicable federal law, regulations, executive orders, FEMA policies, procedures, and directives.

Does Respondent agree? DM
(Initials of Authorized Representative)

5. No Obligation by Federal Government

The federal government is not a party to this or any contract resulting from this or future procurements with the participating agencies and is not subject to any obligations or liabilities to the non-federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

Does Respondent agree? DM
(Initials of Authorized Representative)

6. Program Fraud and False or Fraudulent Statements or Related Acts

The Winning Supplier acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the contractor's actions pertaining to this contract.

Does Respondent agree? DM
(Initials of Authorized Representative)

7. Affirmative Socioeconomic Steps

If subcontracts are to be let, the Winning Supplier is required to take all necessary steps identified in 2 C.F.R. § 200.321(b)(1)-(5) to ensure that small and minority businesses, women's business enterprises, and labor surplus area firms are used when possible.

Does Respondent agree? DM
(Initials of Authorized Representative)

8. License and Delivery of Works Subject to Copyright and Data Rights

The Winning Supplier grants to the participating agency, a paid-up, royalty-free, nonexclusive, irrevocable, worldwide license in data first produced in the performance of this contract to reproduce, publish, or otherwise use, including prepare derivative works, distribute copies to the public, and perform publicly and display publicly such data. For data required by the contract but not first produced in the performance of this contract, the Winning Supplier will identify such data and grant to the participating agency or acquires on its behalf a license of the same scope as for data first produced in the performance of this contract. Data, as used herein, shall include any work subject to copyright under 17 U.S.C. § 102, for example, any written reports or literary works, software and/or source code, music, choreography, pictures or images, graphics, sculptures, videos, motion pictures or other audiovisual works, sound and/or video recordings, and architectural works. Upon or before the completion of this contract, the Winning Supplier will deliver to the participating agency data first produced in the performance of this contract and data required by the contract but not first produced in the performance of this contract in formats acceptable by the (insert name of the non-federal entity).

Does Respondent agree? DM

PROPOSAL FORM 1 4: ADDITIONAL ARIZONA CONTRACTOR REQUIREMENTS

AZ Compliance with Federal and state requirements: Contractor agrees when working on any federally assisted projects with more than \$2,000.00 in labor costs, to comply with all federal and state requirements, as well as Equal Opportunity Employment requirements and all other federal and state laws, statutes, etc. Contractor agrees to post wage rates at the work site and submit a copy of their payroll to the member for their files. Contractor must retain records for three years to allow the federal grantor agency access to these records, upon demand. Contractor also agrees to comply with the Arizona Executive Order 75-5, as amended by Executive Order 99-4.

When working on contracts funded with Federal Grant monies, contractor additionally agrees to comply with the administrative requirements for grants, and cooperative agreements to state, local and federally recognized Indian Tribal Governments.

AZ Compliance with workforce requirements: Pursuant to ARS 41-4401, Contractor and subcontractor(s) warrant their compliance with all federal and state immigration laws and regulations that relate to their employees, and compliance with ARS 23-214 subsection A, which states, ..."every employer, after hiring an employee, shall verify the employment eligibility of the employee through the E-Verify program" Region 10 ESC reserves the right to cancel or suspend the use of any contract for violations of immigration laws and regulations. Region 10 ESC and its members reserve the right to inspect the papers of any contractor or subcontract employee who works under this contract to ensure compliance with the warranty above.

AZ Contractor Employee Work Eligibility: By entering into this contract, contractor agrees and warrants compliance with A.R.S. 41-4401, A.R.S. 23-214, the Federal Immigration and Nationality Act (FINA), and all other Federal immigration laws and regulations. Region 10 ESC and/or Region 10 ESC members may request verification of compliance from any contractor or sub contractor performing work under this contract. Region 10 ESC and Region 10 ESC members reserve the right to confirm compliance. In the event that Region 10 ESC or Region 10 ESC members suspect or find that any contractor or subcontractor is not in compliance, Region 10 ESC may pursue any and all remedies allowed by law, including but not limited to suspension of work, termination of contract, suspension and/or debarment of the contractor. All cost associated with any legal action will be the responsibility of the contractor.

AZ Non-Compliance: All federally assisted contracts to members that exceed \$10,000.00 may be terminated by the federal grantee for noncompliance by contractor. In projects that are not federally funded, Respondent must agree to meet any federal, state or local requirements as necessary. In addition, if compliance with the federal regulations increases the contract costs beyond the agreed on costs in this solicitation, the additional costs may only apply to the portion of the work paid by the federal grantee.

Registered Sex Offender Restrictions (Arizona): For work to be performed at an Arizona school, contractor agrees that no employee or employee of a subcontractor who has been adjudicated to be a registered sex offender will perform work at any time when students are present, or reasonably expected to be present. Contractor agrees that a violation of this condition shall be considered a material breach and may result in the cancellation of the purchase order at the Region 10 ESC member's discretion. Contractor must identify any additional costs associated with compliance to this term. If no costs are specified, compliance with this term will be provided at no additional charge.

Offshore Performance of Work Prohibited: Due to security and identity protection concerns, direct services under this contract shall be performed within the borders of the United States.

Terrorism Country Divestments: In accordance with A.R.S. 35-392, Region 10 ESC and Region 10 ESC members are prohibited from purchasing from a company that is in violation of the Export Administration Act. By entering into the contract, contractor warrants compliance with the Export Administration Act.

The undersigned hereby accepts and agrees to comply with all statutory compliance and notice requirements listed in this document.

We take no exceptions/deviations to the general terms and conditions

(Note: If none are listed below, it is understood that no exceptions/deviations are taken.)

We take the following exceptions/deviations to the general terms and conditions. All exceptions/deviations must be clearly explained. Reference the corresponding general terms and conditions that you are taking exceptions/deviations to. Clearly state if you are adding additions terms and conditions to the general terms and conditions. Provide details on your exceptions/deviations below:

(Note: Unacceptable exceptions shall remove your proposal from consideration for award. Region 10 ESC shall be the sole judge on the acceptance of exceptions/deviations and the decision shall be final.)

PROPOSAL FORM 21: EQUALIS GROUP ADMINISTRATION AGREEMENT

Requirements for Master Agreement To be administered by Equalis Group

Attachment A, Equalis Group Administrative Agreement is used in administering Master Agreements with Region 10 and is preferred by Equalis Group. Redlined copies of this agreement should not be submitted with the response. Should a respondent be recommended for award, this agreement will be negotiated and executed between Equalis Group and the respondent. **Respondents must select one of the following options for submitting their response.**

- Respondent agrees to all terms and conditions outlined in each of the Administration Agreement.
- Respondent wishes to negotiate directly with Equalis Group on terms and conditions outlined in the Administration Agreement. Negotiations will commence after sealed Proposals are opened and Region 10 has determined the respondent met all requirements in their response and may be eligible for award.

PROPOSAL FORM 22: OPEN RECORDS POLICY ACKNOWLEDGEMENT AND ACCEPTANCE
OPEN RECORDS POLICY ACKNOWLEDGMENT AND ACCEPTANCE

Be advised that all information and documents submitted will be subject to the Public Information Act requirements governed by Chapter 552 of the Texas Government Code.

Because contracts are awarded by a Texas governmental entity, all responses submitted are subject to release as public information after contracts are executed. If a Respondent believes that its response, or parts of its response, may be exempted from disclosure to the public, the Respondent must specify page-by-page and line-by-line the parts of the response, which it believes, are exempted from disclosure. In addition, the Respondent must specify which exception(s) are applicable and provide detailed reasons to substantiate the exception(s). Respondent must provide this information on the "Acknowledgement and Acceptance to Region 10 ESC's Public Information Act Policy" form found on the next page of this solicitation. Any information that is unmarked will be considered public information and released, if requested under the Public Information Act.

The determination of whether information is confidential and not subject to disclosure is the duty of the Office of Attorney General (OAG). Region 10 ESC must provide the OAG with the information requested in order for the OAG to render an opinion. In such circumstances, Respondent will be notified in writing that the material has been requested and delivered to the OAG. Respondent will have an opportunity to make arguments to the OAG in writing regarding the exception(s) to the TPIA that permit the information to be withheld from public disclosure. Respondents are advised that such arguments to the OAG must be specific and well-reasoned--vague and general claims to confidentiality by the Respondent are generally not acceptable to the OAG. Once the OAG opinion is received by Region 10 ESC, Region 10 ESC must comply with the opinions of the OAG. Region 10 ESC assumes no responsibility for asserting legal arguments on behalf of any Respondent. Respondents are advised to consult with their legal counsel concerning disclosure issues resulting from this procurement process and to take precautions to safeguard trade secrets and other proprietary information.

After completion of award, these documents will be available for public inspection.

Signature below certifies complete acceptance of Region 10 ESC's Open Records Policy, except as noted below (additional pages may be attached, if necessary). Check one of the following responses to the Acknowledgment and Acceptance of Region 10 ESC's Open Records Policy below:

We acknowledge Region 10 ESC's Public Information Act policy and declare that no information submitted with this proposal, or any part of our proposal, is exempt from disclosure under the Public Information Act.

(Note: All information believed to be a trade secret or proprietary must be listed below. It is further understood that failure to identify such information, in strict accordance with the instructions below, will result in that information being considered public information and released, if requested under the Public Information Act.)

We declare the following information to be a trade secret or proprietary and exempt from disclosure under the Public Information Act.

(Note: Respondent must specify page-by-page and line-by-line the parts of the response, which it believes, are exempt. In addition, Respondent must specify which exception(s) are applicable and provide detailed reasons to substantiate the exception(s).)

Value Added Services

The following section represents additional value-add offerings that are out of the scope of this project. Please note that the inclusion of any of these tasks in the project scope will require a written approval by the client sponsor and additional cost and schedule changes will be assessed and added to the project budget and timeline.

Xerox App Gallery

Get connected. Streamline business processes and automate repetitive tasks with easy apps for your Xerox® ConnectKey® Technology-enabled printer or multifunction printer (MFP).

Xerox App Gallery

The Xerox App Gallery is your gateway to a growing collection of easily downloadable and installable apps designed to transform the way you handle documents and data. Simplify those time-consuming, repetitive or complex processes by extending your printer's capabilities in unexpected ways. With these easy-to-use apps, your Xerox® ConnectKey® Technology-enabled printer or MFP becomes a well-connected, simple-to-use, smart workplace assistant.

LEVERAGE YOUR INVESTMENT

Your printer or multifunction printer no longer needs to sit in the corner of your office but instead be front and center of everyday business operations. Paper-based processes still exist for many of us. Using your workplace assistant driven by app technology to simplify, automate or even remove some of these processes helps to reduce costs, improve productivity and leverage your investment in Xerox® ConnectKey® Technology.

GET CONNECTED

Through the Xerox App Gallery, you have immediate visibility to apps that allow you to scan, print, convert, compare, share and communicate in ways you never thought possible from your printing device.*

Once your account is set up, you'll be able to install** any app at the touch of a few buttons.

ADD SMART BUSINESS FUNCTIONS AND CAPABILITIES

Just like your smartphone or tablet, apps instantly add new capabilities for your business needs, such as the ability to transform hard copy documents into editable formats, translate them into any one of over 50 languages or even convert them into audible files.

Apps can be your interactive help desk, allowing you to order supplies, request service and even update you on progress. Apps can help you route and process business-critical documents such as forms, invoices and expense receipts automatically and effortlessly.

**XEROX APP
GALLERY**

KEY BENEFITS OF STREAMLINING BUSINESS PROCESSES BY USING CONNECTKEY® APPS

- Fewer steps for the same process — improves overall business productivity, reduces potential errors and lowers costs
- Minimal-to-no-training-required means employees embrace and use the technology from day one
- Increased security of business-critical information thanks to direct connections, so fewer mistakes are made

EASY TO INSTALL

The Xerox App Gallery app comes pre-installed on every Xerox® device built on Xerox® ConnectKey® Technology, allowing for simple browsing and installation of apps right from the User Interface without the need for IT staff. Just select the app you want, then tap to install — it's as simple as installing apps on your phone.**

INSTALL VIA PC

If you have more than one ConnectKey® Technology-enabled printer on your network and wish to install apps on multiple devices at the same time, the Xerox App Gallery can also be accessed from your PC, allowing you to add all your devices so you can deploy apps in one go. Access the Xerox App Gallery at www.xerox.com/AppGallery.

SECURITY AT THE HEART OF XEROX® CONNECTKEY® TECHNOLOGY

Whether you choose to connect your workplace assistant to in-house or cloud-based solutions via an app, Xerox® ConnectKey® Technology uses the highest levels of security, ensuring your device and data are kept completely safe and secure.

Cloud-connected printers and multifunction printers make it easier to share documents and data, and present endless possibilities for businesses to create or benefit from process shortcuts.

Work your way using:

- Paper
- Mobile devices
- PC
- Apps

Streamline processes with:

- Direct connectors to in-house or cloud-based solutions
- Simplified and automated steps

Find new ways to work:

- Document conversion
- Document storage
- Serverless printing
- Digital collaboration

Start streamlining your business processes with apps available right now in the Xerox App Gallery.

AND THERE'S MORE

These apps and many more are available from your local Xerox Reseller. Contact them to find out how apps can work for you.

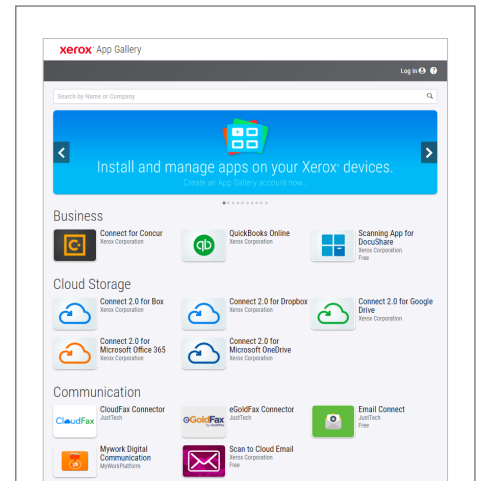

Support Apps Security Apps Annotation and Signing Apps Collaboration Apps

SINGLE SIGN-ON

A growing number of apps support single sign-on when paired with an authentication solution* allowing you to conveniently and securely access the backend systems behind your app without the need to log in separately. It only takes one swipe of your ID card or tap of your phone to unlock your printer and automatically log into your MFP and backend solution.

*Xerox Workplace Solutions (www.xerox.com/WorkplaceSolutions).

There's an app for you. If not, let's build one.

Looking for something a little more specific to your needs? Contact your local Xerox Reseller to see how we can work with a Xerox Partner to personalize, customize or tailor existing apps — or create new ones — to your exact specifications.

Ready to buy?

Once happy with the app of your choice, our new e-Commerce platform allows you to purchase directly from the Xerox App Gallery. Simply log in to your App Gallery Account*, select the app of your choice, use the subscription option where available and buy. Within seconds, your app will be licensed and ready to use.

*Purchases only available via a PC web browser and require a valid credit or debit card.

Xerox® printers and MFPs with ConnectKey® Technology are more than machines. They're smart workplace assistants that help you share documents and data more efficiently. Spend less time on process, and more time on progress.

Visit www.xerox.com for more information or go directly to the Xerox App Gallery at www.xerox.com/AppGallery.
