RE: Experience Modification Rate (EMR) for Lang Constructor, Inc.

To Whom It May Concern:

Please consider the following when reviewing the Experience Modification Rate (EMR) for Lang Constructor, Inc.

When an EMR is calculated, a review of the past three years, not including the current term, are considered. The current EMR for Lang Constructors, inc. takes into account the periods of 2019, 2020 & 2021 but not 2022. Prior to September of 2020, Lang Constructors, Inc. experienced no workplace injuries and earned a below average EMR of .70. Two unrelated workplace injuries transpired in 2020 with another in 2021. The employees who suffered injuries were trade laborers performing work that is now subcontracted as part of the revised business plan implemented in 2022. While all the injured employees were able to return to work once recovered, the employee injured in 2021 has disputed the physician's position and has entered into litigation over the decision. The litigation has caused a substantial reserve to be allocated by the insurance carrier as a defense fund. Until this litigation is resolved, the anticipated loss amount is artificially high for the injury that occurred in 2021.

Additionally, over the course of the past two years, Lang Constructors, Inc. has made several changes to their business model. Those changes have also negatively impacted the formula used when calculating an EMR. By reducing the number of skilled tradesmen on staff and electing to subcontract rather than self-perform Lang Constructors, Inc. has effectively reduced the potential for accidents to occur in the future. However, due to these changes, the historical information used, and the projections of what is expected, simply do not match up. When coupled with the pending litigation, the EMR that is calculated is higher than it would have been had the business model not changed. Once the historical information properly reflects the current structure, the EMR will provide a more accurate reflection of Lang Constructors, Inc.

In addition to the steps taken to reduce workplace injuries by reducing the number of tradespersons on staff and subcontracting out those trades, Lang Constructors, Inc. has also instituted additional safety protocols as recommended by the insurance company's loss control professionals. Such as establishing a company safety officer who now inspects job sites, holds safety meetings weekly on and off job sites, and conducts regularly scheduled Toolbox Talks with Lang Construction employees. The safety officer also pursues continuing education by attending safety training courses, seminars and reviewing videos routinely.

BID FORM 9: FEDERAL FUNDS CERIFICATION FORM

When a participating agency seeks to procure goods and services using funds under a federal grant or contract, specific federal laws, regulations, and requirements may apply in addition to those under state law. This includes, but is not limited to, the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 CFR 200 (sometimes referred to as the "Uniform Guidance" or "EDGAR" requirements). All Vendors submitting bids must complete this Federal Funds Certification Form regarding Vendor's willingness and ability to comply with certain requirements which may be applicable to specific participating agency purchases using federal grant funds. This completed form will be made available to participating agencies for their use while considering their purchasing options when using federal grant funds. Participating agencies may also require Vendors to enter into ancillary agreements, in addition to the contract's general terms and conditions, to address the member's specific contractual needs, including contract requirements for a procurement using federal grants or contracts.

For each of the items below, Vendor should certify Vendor's agreement and ability to comply, where applicable, by having Vendor's authorized representative complete and initial the applicable lines after each section and sign the acknowledgment at the end of this form. If a vendor fails to complete any item in this form, CCOG and Equalis Group will consider the Vendor's response to be that they are unable or unwilling to comply. A negative response to any of the items may, if applicable, impact the ability of a participating agency to purchase from the Vendor using federal funds.

1. Vendor Violation or Breach of Contract Terms:

Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 USC 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

Any Contract award will be subject to CCOG General Terms and Conditions, as well as any additional terms and conditions in any Purchase Order, participating agency ancillary contract, or Member Construction Contract agreed upon by Vendor and the participating agency which must be consistent with and protect the participating agency at least to the same extent as the CCOG Terms and Conditions.

The remedies under the Contract are in addition to any other remedies that may be available under law or in equity. By submitting a bid, you agree to these Vendor violation and breach of contract terms.

schedules, deadlines, and/or delivery dates within the time specified in the procurement solicitation, contract, and/or a purchase order; (2) make any payments owed; or (3) otherwise perform in accordance with the contract and/or the procurement solicitation. participating agency also reserves the right to terminate the contract immediately, with written notice to offeror, for convenience, if participating agency believes, in its sole discretion that it is in the best interest of participating agency to do so. Offeror will be compensated for work performed and accepted and goods accepted by participating agency as of the termination date if the contract is terminated for convenience of participating agency.
