Videos

[Parallel Demo Video](#)

Curious about how Parallel's easy-to-use platform helps students with learning differences thrive? [Check out our demo video for a firsthand look!](#) You'll see how easy it is for providers, students, and schools to navigate our tech-enabled platform, and how it supports everything from assessments to speech-language pathology, and behavioral and mental health services. Watch how we're helping students overcome challenges in a way that's both supportive and innovative.

[Customer Testimonial Video](#)

Hear directly from Jennifer Freeman, Special Education Director, and Kelsey Breen, Special Education Coordinator, at Illinois Valley Central Dist. #321 about how partnering with Parallel has enhanced their special education team. Their story highlights the impact we're making, alongside 80+ districts, by providing speech-language pathology services, assessments, and specialized support. [Watch the video today!](#)

White Papers

[Tele-Practice in Speech-Language Pathology in Schools](#)

We know there's often some skepticism around tele-practice in speech-language pathology, but research shows it's just as effective as in-person services. Our latest white paper, 'Tele-Practice in Speech-Language Pathology in Schools,' outlines the benefits and how it can help schools and districts improve access to services and meet IEP requirements. There's no one-size-fits-all solution for how students learn, and teletherapy could be a great option for your district. Download [Tele-Practice in Speech-Language Pathology in Schools](#) to learn more!

[Psychoeducational Tele-Assessments for Schools](#)

Psychoeducational tele-assessments are proven to be just as valid as in-person evaluations, and they can help schools stay compliant by providing timely support while reducing the caseloads for in-person

assessments help districts reduce caseloads while ensuring your students receive the support they deserve.

Specialized Instruction

Parallel's certified special education teachers deliver fully online, evidence-based teaching tailored to each student's unique needs. Our individualized approach includes research-based curriculum, IEP support, and outcome tracking tools that help districts provide targeted support. [Read more about our specialized instruction services here.](#)

Behavioral & Mental Health Counseling

Parallel's licensed school psychologists and clinical social workers provide evidence-based therapeutic interventions for student mental health and well-being. Our approach includes individual and group counseling, behavior intervention planning, and family consultation services that help districts address critical mental health needs while reducing stigma through virtual delivery. [Read more about our Behavioral & Mental Health Counseling services here.](#)

Speech-Language Pathology

Case studies

Porterville Case Study

Snippet: Porterville faced staffing shortages for SLP positions and had previous negative experience with virtual services which led them to Parallel.

Canton Case Study

Snippet: Canton faced challenges finding school psychologists and their on-the-ground team was skeptical of virtual services.

Edenton Case Study

Marketing Library

Updated 7/15 BN

Snippet: When Edenton-Chowan couldn't find a certified special education teacher for an entire year, Parallel stepped in with a virtual solution that didn't just fill the gap, it helped students thrive.
