

LotusOne

The Digital Platform to Upgrade Your Staffing Program

Staffing can be a complex and time-consuming process, but with LotusOne you get everything you need to manage your supplementary workforce effectively and efficiently. Connecting schools to high-quality educators and therapists at scale, LotusOne streamlines the entire staffing lifecycle to get you high-quality talent while saving you time and money.

Reduce labor costs and gain clear insights into market trends.

Custom Reporting

Get detailed, custom reports to improve your program's performance to stay within budget.

Job Market Insights

Compete on a national level with key insights into average time-to-fill, potential candidate pool size and how your bill rate compares to the market.

Reporting and Analytics

Control utilization and spend with interactive dashboards and visibility into worker headcount, job demand trends, rates and more.

Engagement Metrics

Gain deep insights on how your job is performing in the market to make key adjustments and fill jobs quickly.

Find everything you need, all in one place.

Timecards

Utilize simple-to-manage timesheets integrated with your existing systems to make approvals easier on your managers.

Consolidated Billing

Easily approve and dispute invoices to gain full visibility into spend.

Compliance Management

Introduce machine learning capabilities to streamline document review processes for timely onboarding. Receive proactive alerts for upcoming document expirations to maintain worker compliance.

Custom Development and Integrations

Use custom solutions and integrations to automate processes and save you time, at no additional cost.

Today's dynamic and competitive environment requires an innovative partner that you can rely on. For more information about LotusOne, contact info@lotusone.com.
