

Staffing to Help Students Thrive

Hire qualified educators and healthcare professionals faster.

Staffing vacancies can put your school district at unnecessary risk and limits your ability to serve your student body. To ensure your schools can operate at their best, Aya Education offers tech-enabled staffing services designed to streamline your hiring processes and attract the talent you need, so you can focus on your students' success.

Powered by Aya Healthcare, the largest healthcare staffing and talent software company in the U.S., Aya Education has over two decades of experience working exclusively with school administrators to meet their fulfillment needs without compromising their budgets. In addition to providing services within pre-K, elementary, middle and high schools, our school-based professionals have experience supporting the needs of students with a broad spectrum of impairments or disabilities, including speech, autism, behavioral, deaf and hard of hearing, intellectually disabled, early intervention and medically fragile children.

Partnership with Aya Education includes a dedicated team to address your staffing needs, relieving the administrative burden of hiring and reducing staff burnout. We'll work directly with you to:

- ☒ Identify and overcome hiring challenges
- ☒ Interview, evaluate and select candidates to interview for open jobs
- ☒ Facilitate and streamline the interview and hiring processes
- ☒ Oversee the credentialing process
- ☒ Conduct performance evaluations
- ☒ Provide ongoing customer support

We are committed to providing an array of staffing solutions, including but not limited to, the following areas:

- Special Education Teacher
- Speech-Language Pathologist
- Occupational Therapist
- School Psychologist
- School Nurse
- Physical Therapist
- School Counselor
- School Social Worker
