OVERVIEW

Gus Almquist Middle School opened as the third middle school and thirteenth stand-alone campus in Hutto, TX. The 160,000 square foot, two-story facility supports 1,200 students and features 38 general classrooms, administrative and lounge areas, counselor breakout spaces, 9 science laboratories, a robotics lab, art classrooms and fine arts studio, a library and digital learning space with arena seating, 8 collaboration areas, a cafeteria and stage, athletics areas with competition and auxiliary gymnasiums.

In preparation for the school's launch, the district turned to Gonzalez, their furniture consultant since 2019, for their expertise in modern furniture design + function along with additional commodities offered under their single source Cooperative contract. Gonzalez acts as a one source solution for all the areas in the campus.

ONE SOURCE. ONE SOLUTION. LIMITLESS POSSIBILITIES.
